

THE CAMP

COSTA MESA, CALIFORNIA

Starting with a vacant weeded lot, The CAMP design took form with new structures utilizing certified redwood, featuring a grass roof, yurt structure, on-site capture of runoff and drought-tolerant landscaping including herb gardens – A “GREEN” CAMPUS.

Travel and hiking seminars, Earth Day celebrations, craft fairs, farmers markets, seasonal harvest celebrations and outdoor yoga demonstrations activate The CAMP community.

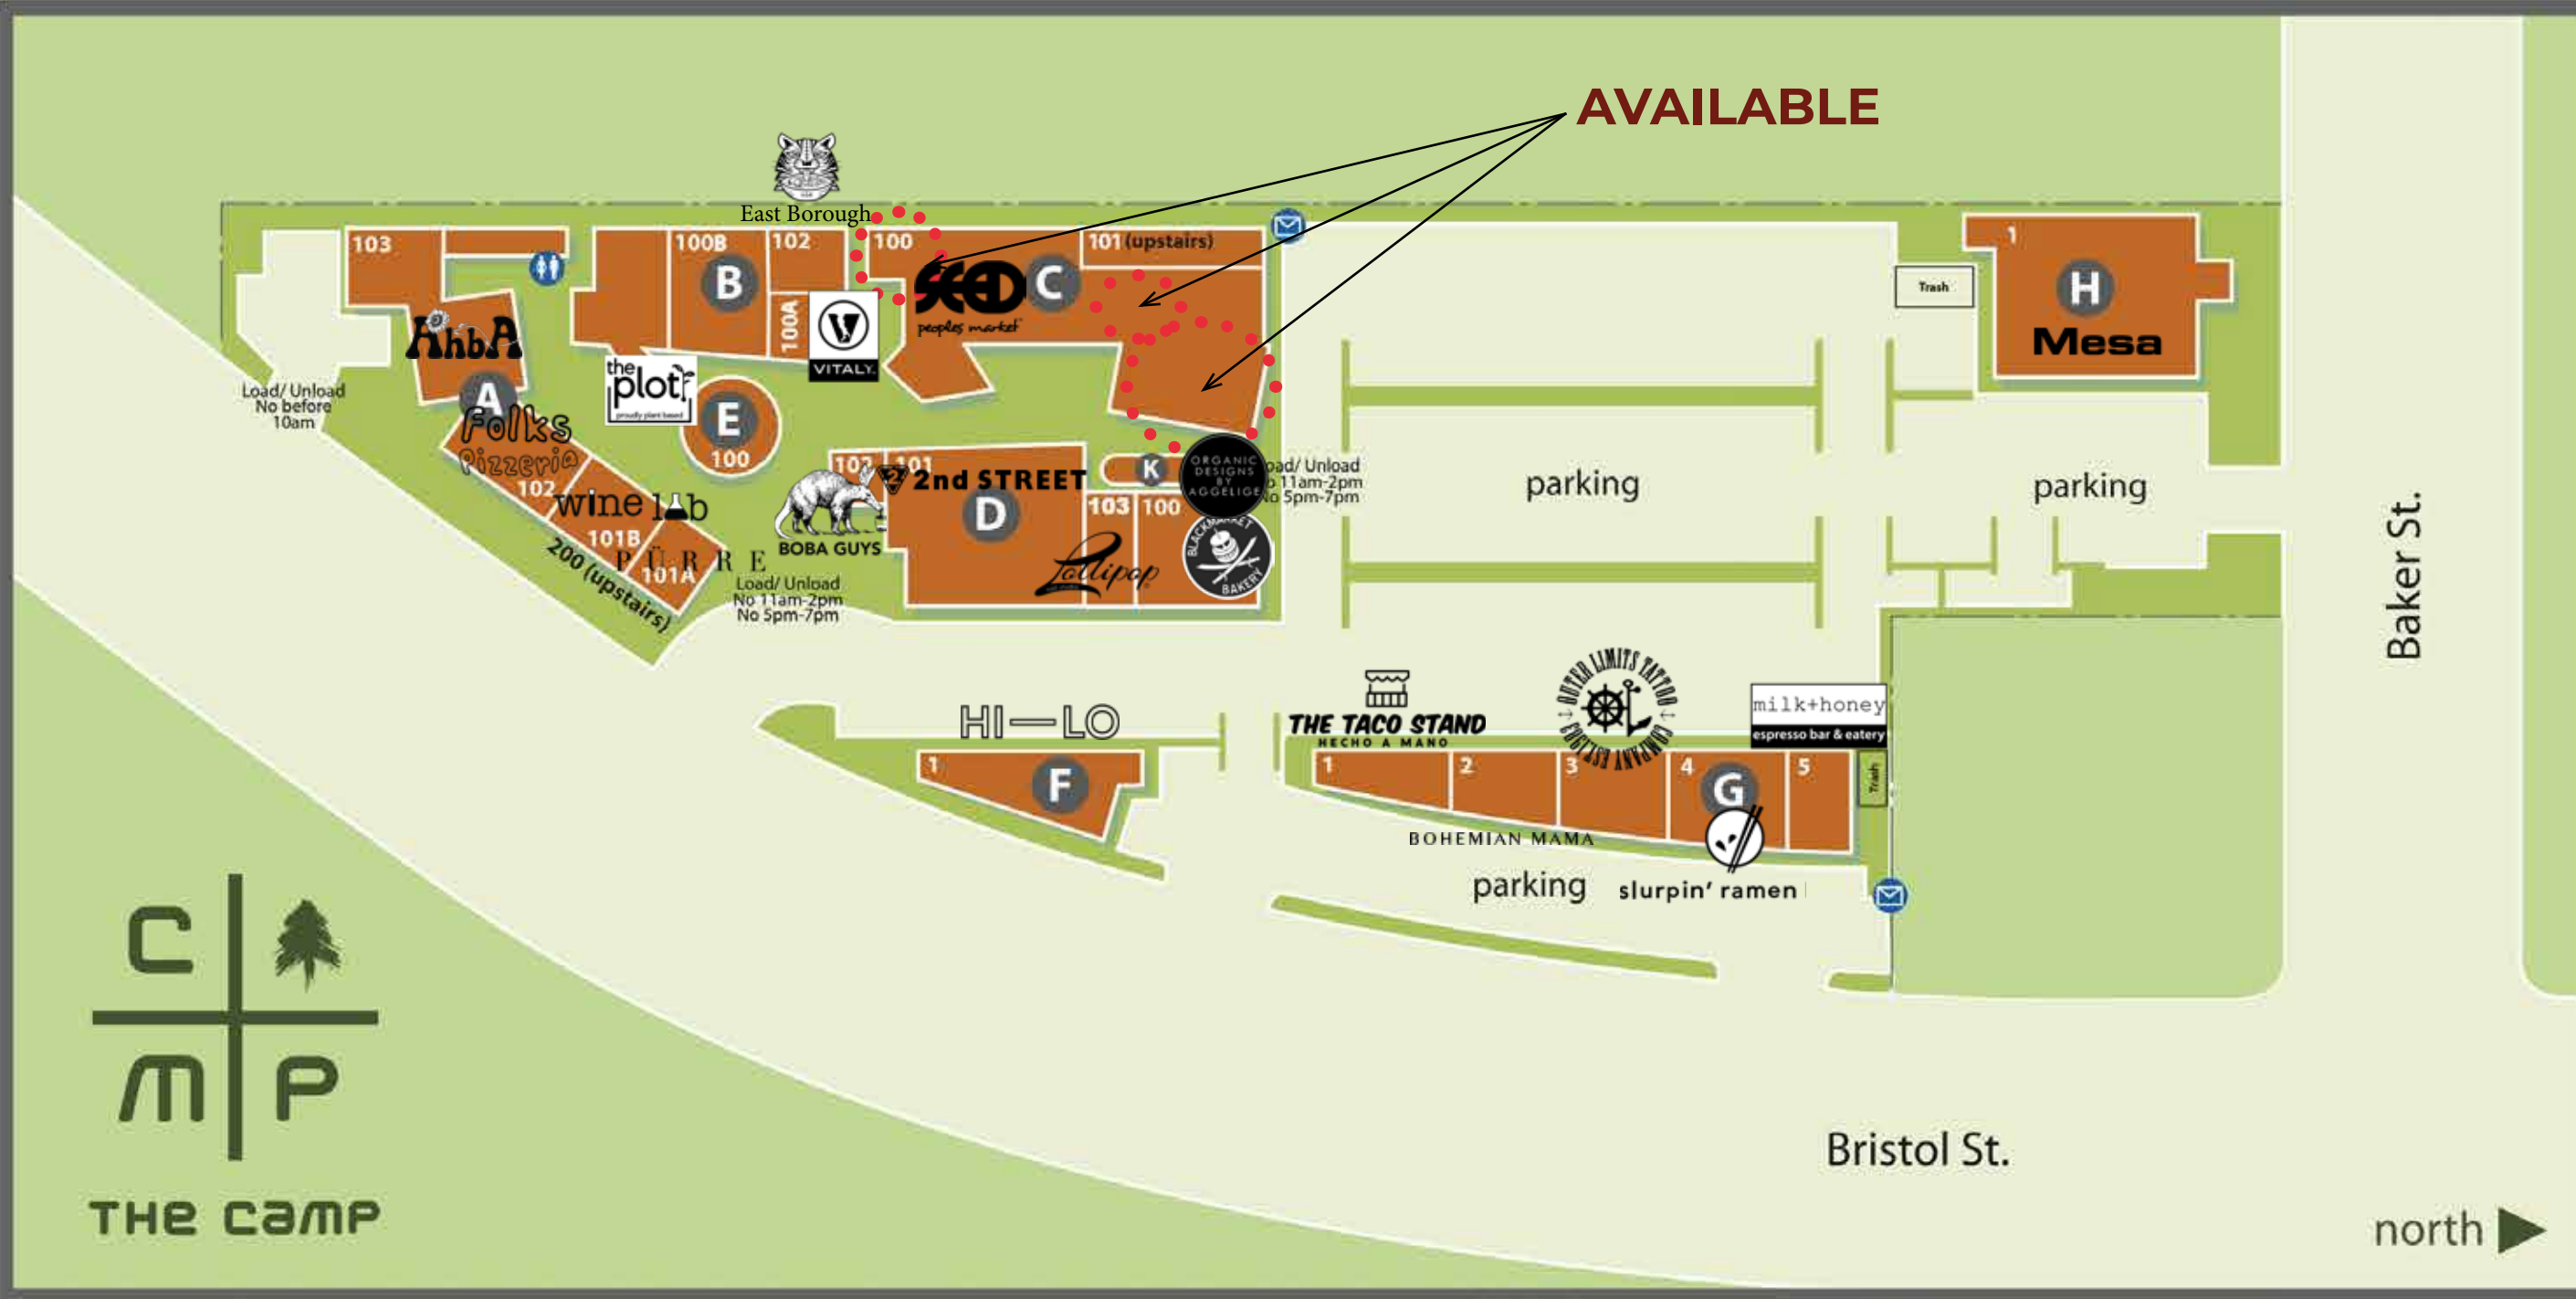

Our mission at THE CAMP is to combine health, nature and retail to enrich the body, mind and soul.
