The Only Blue Zone in the United States

Blue Zones are areas where people live longer and healthier lives compared to the global average. In Loma Linda, residents have a significantly higher life expectancy due to their healthy lifestyle choices. This includes a predominantly plant-based diet, engaging in regular physical activity, strong social connections, and a sense of purpose in life. The community's emphasis on health and well-being, along with access to quality healthcare, contributes to the longevity and vitality of its residents.
