STEWART ROAD/8TH STREET WHITE RIVER BRIDGE REPLACEMENT

COMPLETION SLATED FOR 2026

COMPLETION SLATED FOR 2026

BENEFITS: SIGNIFICANT IMPROVED TRAFFIC
PEDESTRIAN MOVEMENT ACCROSS BRIDGE

The Stewart Road / 8th Street White River Bridge Project, located just east of the property is slated for completion in 2026. This project will replace the existing 2-lane bridge with a new 74-foot wide bridge. The new structure will accommodate four vehicle lanes, a sidewalk, and a trail crossing. Additionally, the new bridge will alleviate the current bottleneck in the corridor, allow better traffic flow, and will also support safe pedestrian movement across the bridge to existing pedestrian facilities.
