PROPERTY OVERVIEW

330 Bob Heath Drive offers a rare leasing opportunity in the dynamic Cummings Research Park (CRP) – the second-largest research park in the U.S. and fourth-largest globally. Spanning a substantial 97,136 SF across two stories, this versatile facility features a smart mix of office space, high bay areas, and laboratories to accommodate diverse tenant needs.

The property includes 11,070 sq ft of fenced yard space and is supported by a large generator servicing the rear (west) section—an especially compelling feature for operations requiring dependable power backup.
