Confidentiality Agreement & Disclaimer

This is a confidential Memorandum intended solely for your limited use and benefit in determining whether you desire to express further interest in the acquisition of the Property. By receipt of this Memorandum, you agree that this Memorandum and its contents are of a confidential nature, that you will hold and treat it in the strictest confidence and that you will not disclose this Memorandum or any of its contents to any other entity without the prior written authorization of the Owner or McWhirter Realty Partners, LLC ("MRP"). You also agree that you will not use this Memorandum or any of its contents in any manner detrimental to the interest of the Owner or MRP.

This Memorandum contains selected information pertaining to the Property and does not purport to be a representation of the state of affairs of the Property or the owner of the Property (the "Owner"), to be all-inclusive or to contain all or part of the information which prospective investors may require to evaluate a purchase of real property. All financial projections and information are provided for general reference purposes only and are based on assumptions relating to the general economy, market conditions, competition and other factors beyond the control of the Owner or MRP. Therefore, all projections, assumptions, estimates, and other information provided and made herein are subject to material variation. All references to acreages, square footages, and other measurements are approximate. Additional information and an opportunity to inspect the Property will be made available to interested and qualified prospective purchasers. Certain documents within this Memorandum are described in summary form. These summaries do not purport to be complete nor necessarily accurate descriptions of the full agreements referenced. Interested parties are expected to review all such summaries and other documents of whatever nature independently and not rely on the contents of this Memorandum.

Neither the Owner or MRP, nor any of their respective directors, officers, affiliates, or representatives make any representation or warranty, express or implied, as to the accuracy or completeness of this Memorandum or any of its contents, and no legal commitment or obligation shall arise by reason of your receipt of this Memorandum or use of its contents, and you are to rely solely on your investigations and inspection of the Property in evaluating a possible purchase of the real property.

The Owner expressly reserves the right, at its sole discretion, to reject any or all expressions of interest or offers to purchase the Property, and/or to terminate discussions with any entity at any time with or without notice which may arise as a result of review of this Memorandum. The Owner nor MRP shall have no legal commitment or obligation to any entity reviewing this Memorandum or making an offer to purchase the Property unless and until written agreement(s) for the purchase of the Property have been fully executed, delivered and approved by the Owner and any conditions to the Owner's obligations therein have been satisfied or waived.

The information within this Memorandum has been obtained from sources believed reliable. While we do not doubt its accuracy, we have not verified it and make no guarantee, warranty, or representation about it. Any assumptions, estimates, projections, or opinions used are for example only and do not represent the current or future performance of the property. You and your advisors should conduct a careful, independent investigation of the property to determine to your satisfaction the suitability of the property for your needs.

Aerial Overview

Property Summary

We are offering for sale a pristine 113.98± acre tract of primarily wooded land. The property is comprised of seven separate parcels of raw, undeveloped land and features two creeks traversing the site along with an existing lake. The topography is gently sloping, making it well-suited for residential development. The property is zoned for 150 single-family detached residential lots, with an approved lot configuration of approximately 70' x 145'.

Location

Located in unincorporated Rockdale County, the property is surrounded by established single-family developments and is in close proximity to the three public schools serving the area: Sims Elementary School, Edwards Middle School, and Heritage High School.

The site is approximately 3.5 miles south of Interstate 20 and roughly 2.5 miles from a major retail corridor, providing convenient access to shopping, dining, and regional transportation.

Utilities

Rockdale Water Resources is currently constructing a 3 million gallon-per-day water treatment plant to the southeast, ensuring ample future capacity for the development.

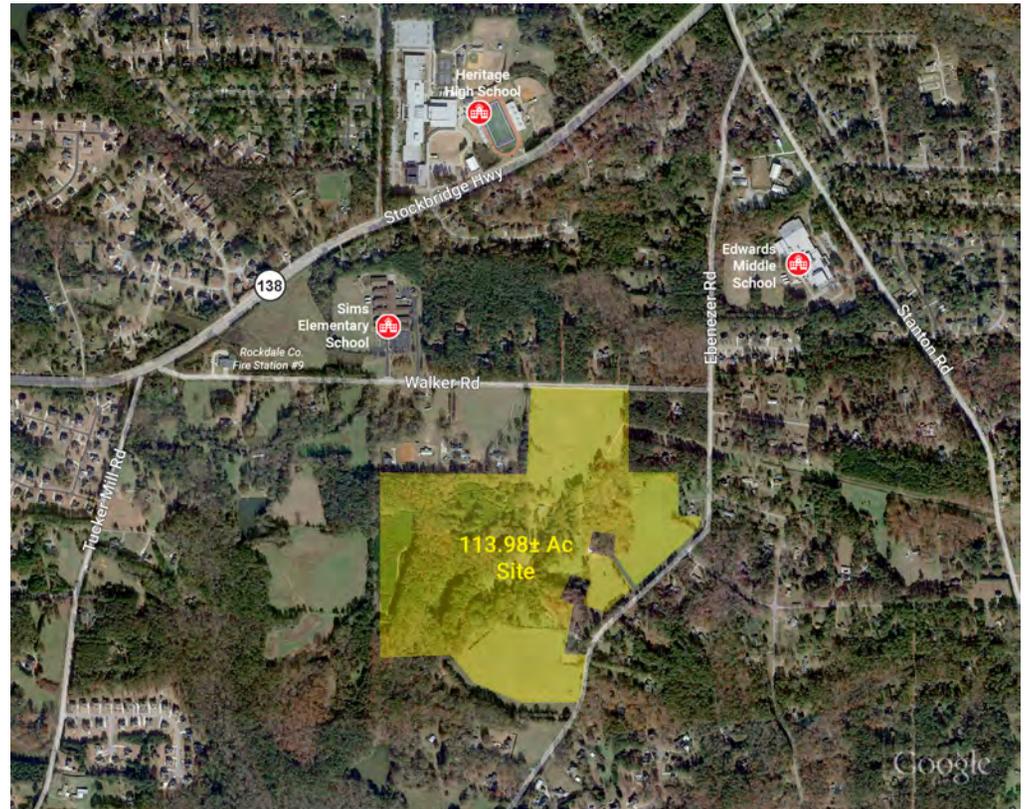

A sewer lift station will be required to convey flow east along the Potts Road right-of-way to a gravity manhole east of Stanton Road. Additional details are available on page 11.

Zoning

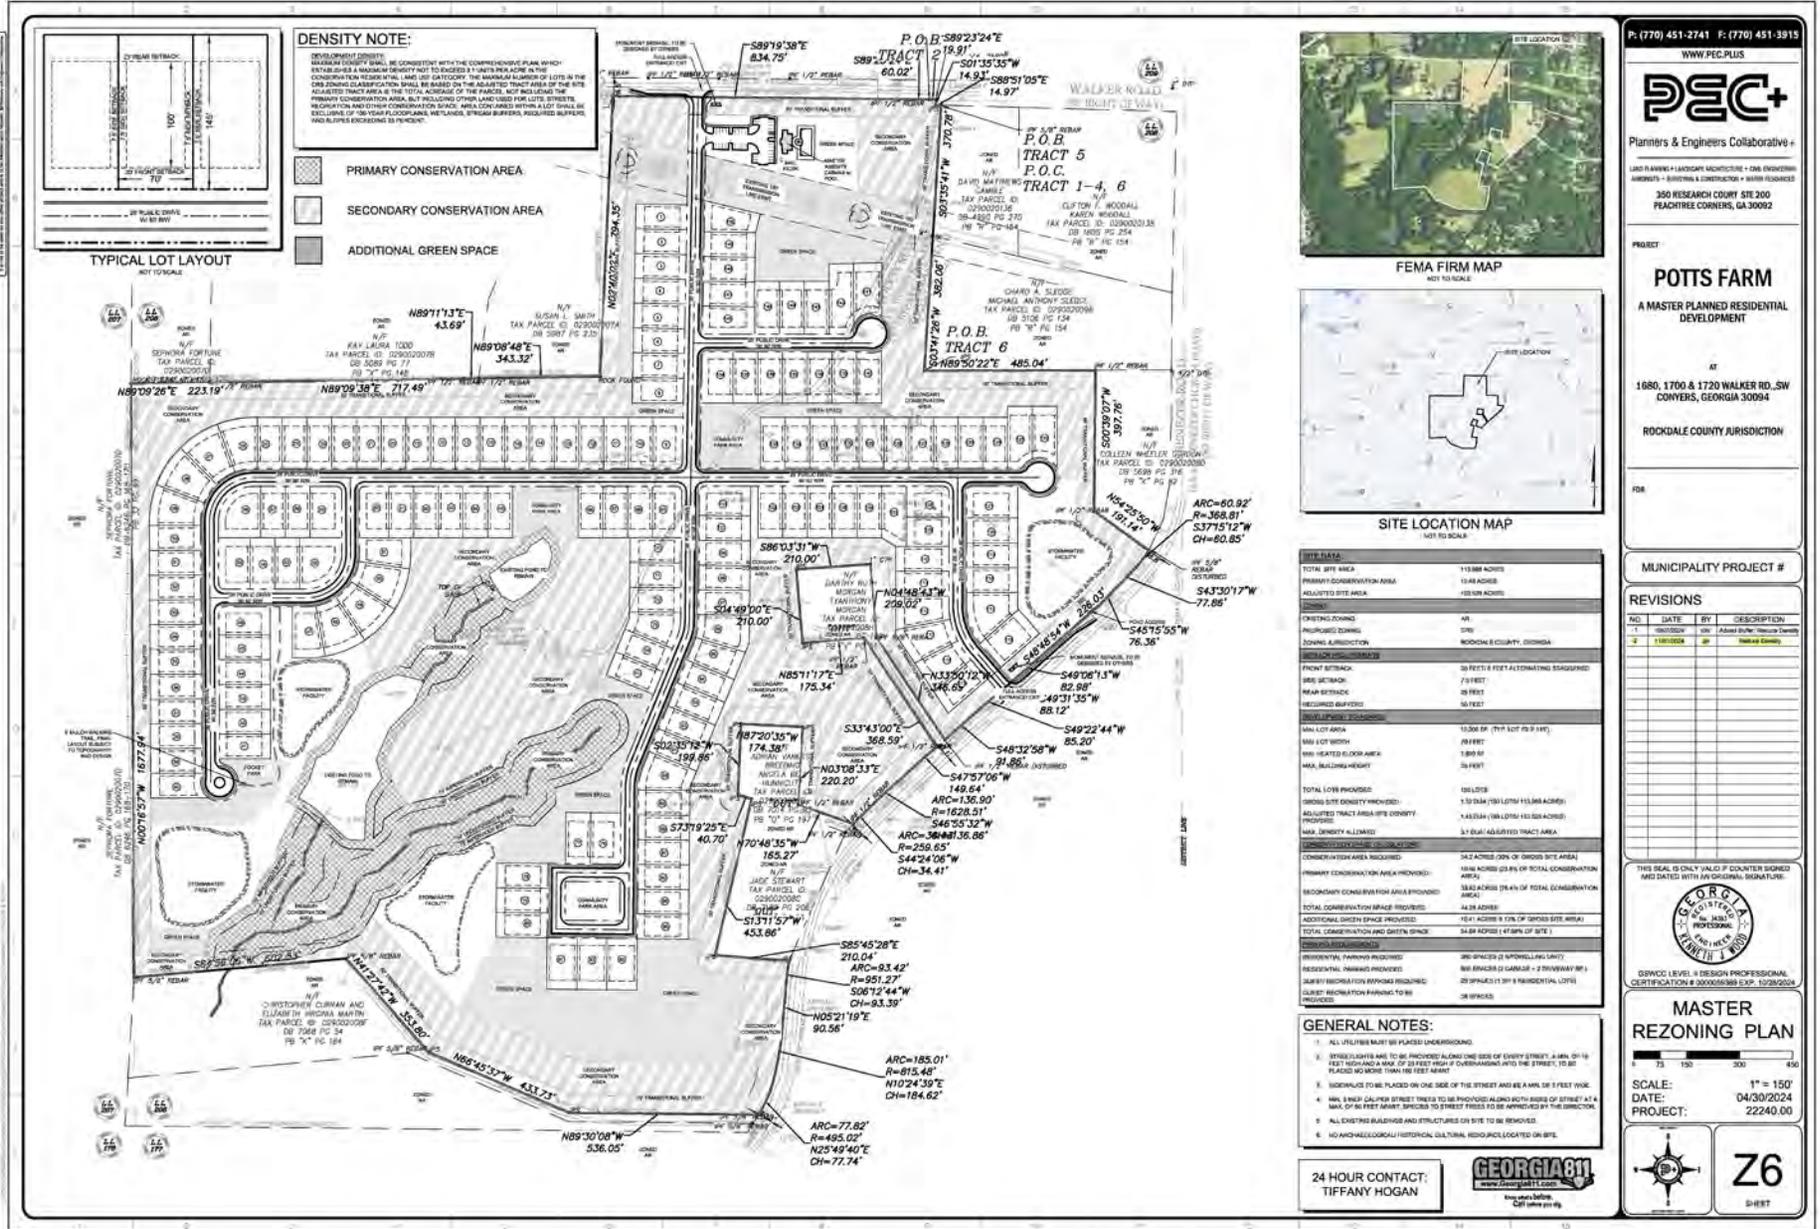

The property was rezoned in December 2024 to CRS, allowing for a 150-lot single-family detached subdivision, with lots planned at approximately 70' x 145'. The final rezoning resolution is available on page 7.

Price

The property is offered without an asking price.

EXHIBIT "C" CONDITIONS OF ZONING

1. The site shall be developed in general conformance with the submitted site plan and comply with the Collaborative Residential Subdivision (CRS) Zoning District, if adopted.
2. The applicant shall provide the Traffic Impact Study with the Preliminary Plat. Any recommendations for improvements shall be required to be shown on the Land Disturbance Permit (LDP). Additionally, as determined by the Rockdale County Department of Transportation, a new study may be required for the development. Any recommendations for improvements from any new studies shall be required to be shown on the LDP.
3. Applicant must provide proof of sewer capacity before proceeding to preliminary plat phase.
4. The site shall be restricted not to exceed 150 lots.
5. A mandatory Homeowners' Association shall be established and shall be responsible for the maintenance of all common areas and facilities.
6. The Homeowners' Association covenants shall include a rental restriction of five percent (5%) of all single-family residential dwelling units.
7. All single-family residential dwelling units shall have a two-car garage.
8. Provide a five-foot-wide sidewalk along at least one side of the proposed internal streets and along the front lines of all CRS-zoned lots. Sidewalks shall be separated from street curbs by a "tree lawn" not less than five feet wide, planted with shade trees in accordance with the Rockdale County plant palette.
9. Provide a five-foot-wide concrete sidewalk along the Walker Road SW and Ebenezer Road SE rights-of-way. A strip of grass or other approved landscape material at least four feet in width shall separate sidewalks from adjacent curbs on public streets.
10. All grassed areas shall be sodded.
11. All utilities shall be placed underground.
12. Natural vegetation shall remain on the property until the issuance of a development permit.
13. All sides of proposed buildings shall consist of brick, stone, cementitious siding, or real (lath and Portland) stucco from ground to eaves, with brick, stone, cedar shake, real stucco, painted wood siding or cementitious siding to be used as accents. Metal siding, vinyl siding, metal canopies, and exposed standard concrete blocks are prohibited. Soffits may be constructed of vinyl.
14. Streetlights are to be provided along one side of every street, a minimum of 16 feet high and a maximum of 20 feet high if overhanging into the street and placed no more than 160 feet apart.
15. Stormwater detention ponds shall be screened from view from adjoining residential properties. Screening plans shall be subject to review and approval by the Director of Planning and Development.
16. The development shall include a cabana, pool, and pocket parks within the interior of the property. Any structures in the amenity areas shall be constructed using exterior building materials that complement the adjacent residential structures. The amenity areas may be in a single area or in multiple areas. Amenity areas shall be accessible by five-foot-wide concrete sidewalks.
17. The applicant shall request and seek approval from the Rockdale Department of Transportation for deceleration lanes where applicable.
18. The minimum alternating staggered setback requirement shall be 2.5 feet.
19. The builder shall offer both ranch and two-story homes within the proposed subdivision. The minimum square footage for the ranch homes shall be 1,700 sq. ft., and the minimum square footage for the two-story homes shall be 2,100 sq. ft.
20. The total number of ranch homes built within the subdivision shall not exceed 20% of the total number of platted lots.
21. There shall be a total of 8 different façade styles offered for sale overall.

6

Zoning Resolution - Continued

Ordinance No. 2024-25
 REZ Case No. 2024-21

22. The applicant shall adhere to the landscaping specifications found in Exhibit "D."

EXHIBIT "D" LANDSCAPING SPECIFICATIONS

Intent:

To create a more visually interesting streetscape with additional diversity and variability of plant species, colors, textures, and forms to avoid the bland "cookie cutter" look often found in higher density single family detached product types. To deliver a planting plan that has long term practicality by selecting the right plants for the right place.

Action:

The landscape plans will reject generic per lot landscape packages that create a repetitious view traversing the neighborhood. The goal is to provide the appropriate amount of dissimilarity while maintaining overall harmony in the landscape. The planting plans will provide three characteristic lot design packages that will be used interchangeably among the single family detached lots. The plant components of these packages will include distinct options for the code required trees, shrubs, and groundcovers. The locations of the plantings will be dispersed to break up the large expanses of lawn area that can be stereotypical in this style development. The plant material in each lot design package will be selected to create a unified lot design that has a distinctive appearance from the next lot.

Specifications:

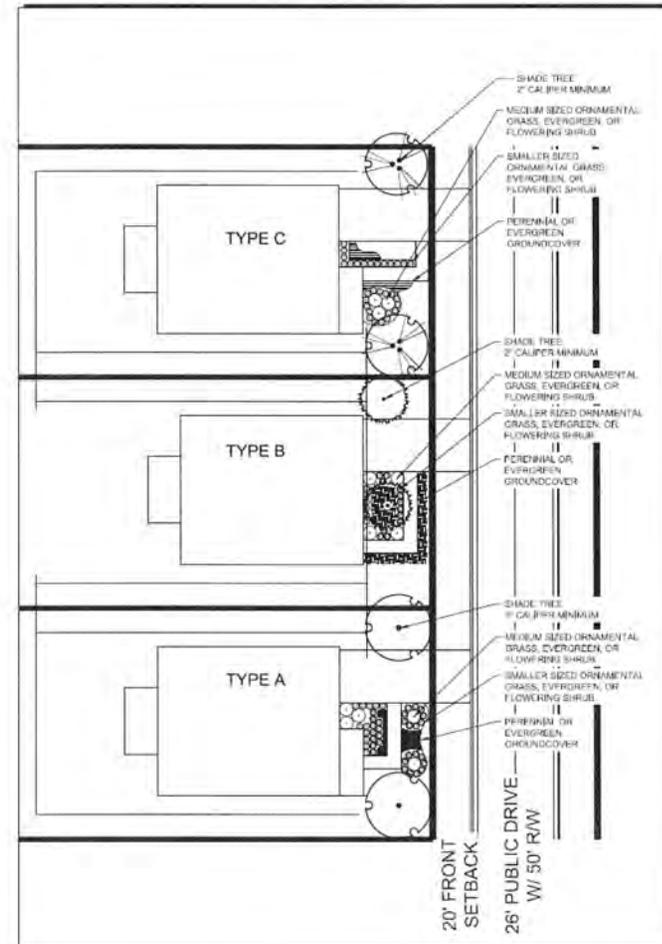

Lot Design Packages:

Lot design packages will NOT be installed in a repetitive A-B-C-A-B-C-A-B-C format. A natural cohesive rhythm will be achieved by assigning them in a thoughtful pattern. Examples of this might include A-C-B-C-A or B-A-C-A-B-C-B.

Each lot will include 2 - 2" caliper shade trees.

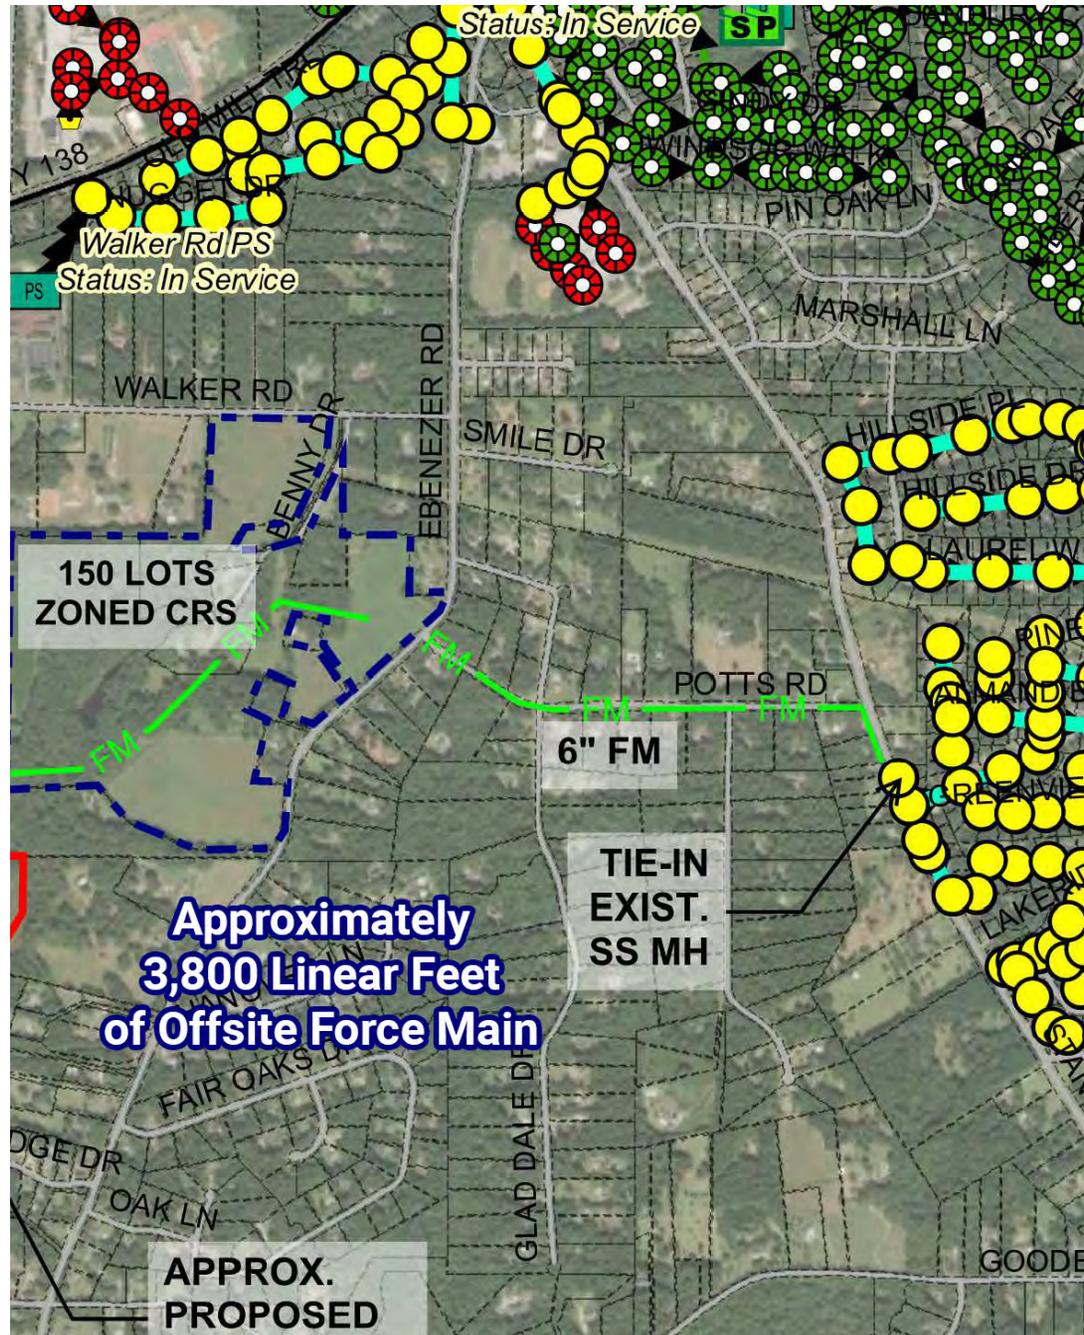

All trees will be a species from Rockdale County's Approved Tree List.
