THE OFFERING

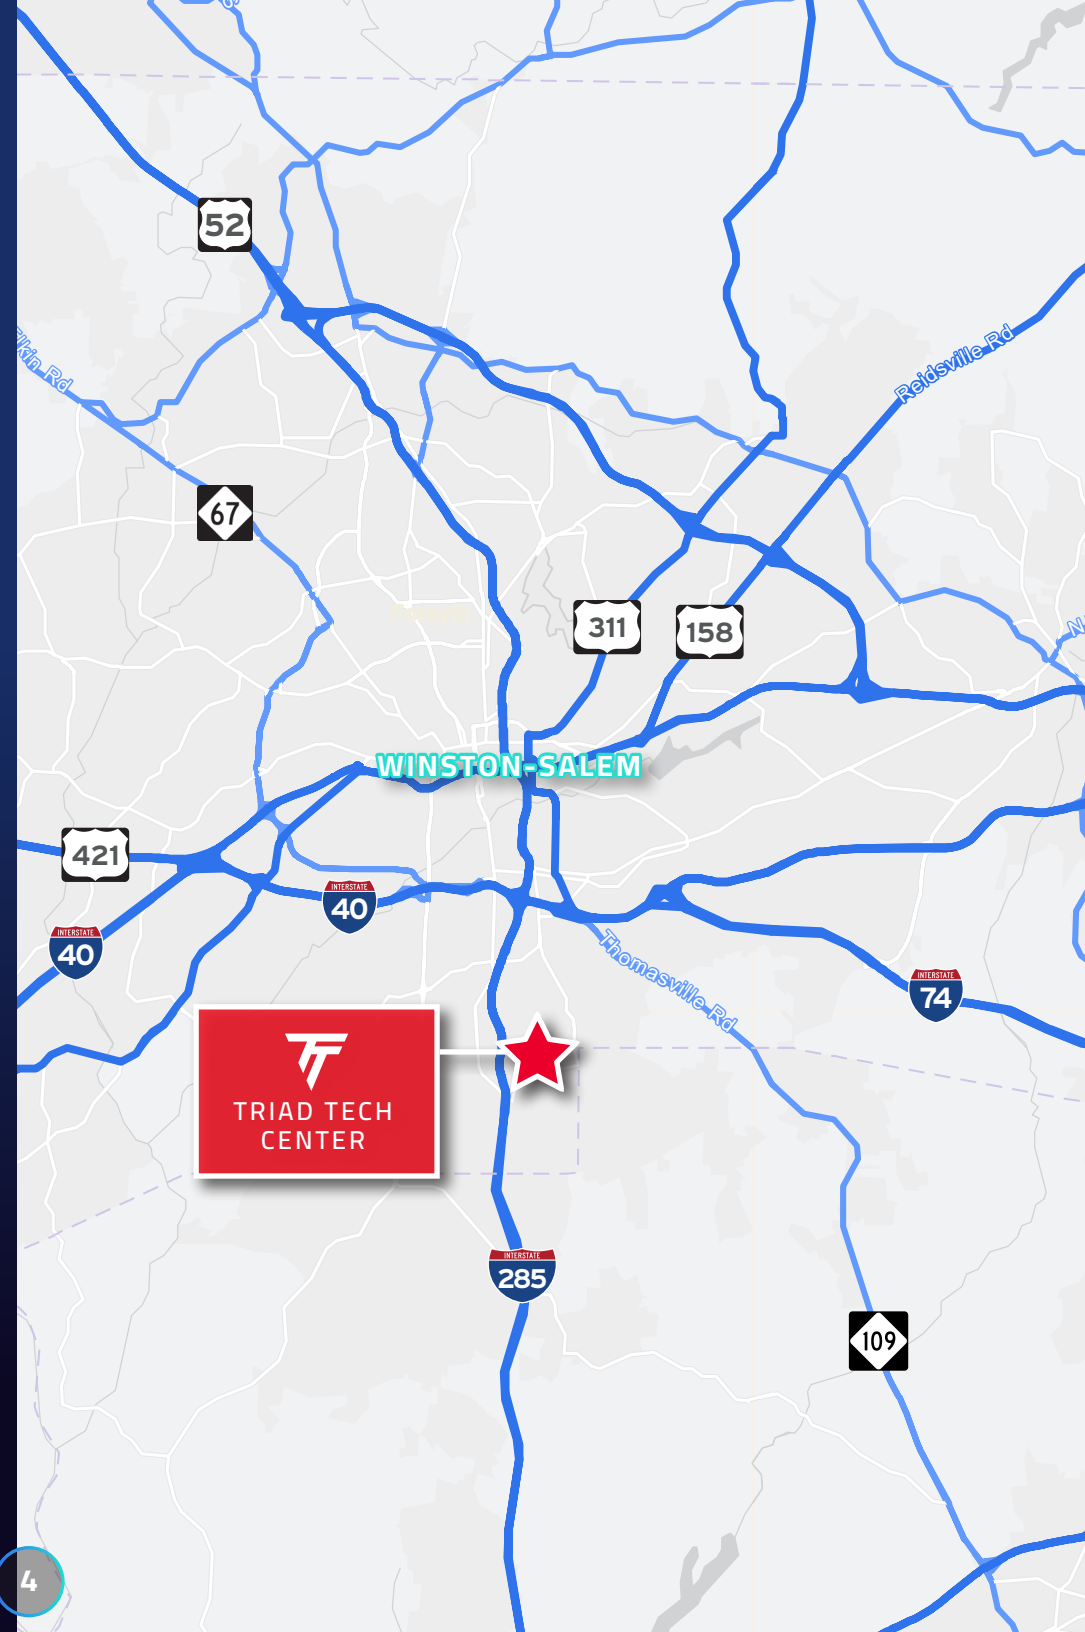

Cushman & Wakefield is pleased to present **90 Piedmont Industrial Drive** — a 72.46-acre industrial campus located directly off I-285 in Winston-Salem, North Carolina. The existing ±1,008,500 SF facility offers approximately 5 MW of available power today, with the ability to scale significantly over time to support more energy-intensive operations.

The site features flexible GI/HI zoning that accommodates a wide range of heavy industrial uses. Within the existing footprint, approximately ±609,000 SF of contiguous space is currently available for lease, providing a unique opportunity for immediate occupancy while maintaining flexibility for future expansion, retrofit, or redevelopment.

Strategically positioned with direct access to Interstate 285, the property provides excellent connectivity to key regional and national transportation corridors, making it highly attractive for logistics and distribution users. The site is also rail-served, offering a significant advantage for bulk shipping and manufacturing operations.

Located within the Piedmont Triad, the property offers access to Greensboro, Charlotte, and the Research Triangle, along with a strong labor pool and a business-friendly environment supportive of large-scale industrial users.

This offering represents a compelling opportunity to acquire a well-located, scalable industrial site with multimodal logistics capabilities in one of North Carolina's most active industrial markets.
