MSA BUSINESS OVERVIEW

The Charlotte metropolitan area, sometimes referred to as Metrolina is a metropolitan area of the U.S. states of North and South Carolina, within and surrounding the city of Charlotte. The metropolitan area also includes the cities of Gastonia, Concord, Huntersville, and Rock Hill as well as the large suburban area in the counties surrounding Mecklenburg County, which is at the center of the metro area. Located in the Piedmont, it is the largest metropolitan area in the Carolinas, and the fourth largest in the Southeastern United States. The Charlotte metropolitan area is one of the fastest-growing metropolitan areas in the United States.[1]

The Charlotte metro area is a major financial center, transportation hub, and entertainment destination. Charlotte is the second largest financial hub in the United States behind New York City, being the headquarters for Bank of America and Truist Financial as well as housing the East Coast headquarters and largest employment hub of Wells Fargo. Other Fortune 500 companies headquartered in the metro area include Brighthouse Financial, Duke Energy, Honeywell, Lowe's, and Nucor. The Charlotte metro area is the largest manufacturing region in the Carolinas. The estimated gross metropolitan product (GMP) of the metro area is over \$170 billion

ROCK HILL, SC

Rock Hill is the largest city in York County, South Carolina, and the fifth-largest city in the state. It is also the fourth-largest city of the Charlotte metropolitan area, behind Charlotte, Concord, and Gastonia. As of the 2020 census, the population was 74,372. The city is located approximately 25 miles south of Charlotte and approximately 70 miles north of Columbia.

Rock Hill offers scenic riverfront views along the Catawba River and is home to numerous nature trails, restaurants, and thirty-one parks which are used for both national and local events. Its historic downtown consists of twelve contiguous buildings built as early as 1840 offering dining and retail options. The city is also home to three colleges, including Winthrop University, a public liberal arts university founded in 1886 which enrolls nearly 6,000 students annually.

Rock Hill's economy was once dominated by the textile industry, and the restructuring of that industry in moving jobs overseas caused a decline in the local economy at one time. Over the past decade, Rock Hill has transitioned to a relatively strong manufacturing workforce.

Other major companies in Rock Hill with headquarters or North American headquarters include Hyosung, Comporium Communications, 3D Systems, and Atlas Copco.

MEET THE BROKERS

Jonathan Aceves,
CCIM, MBA

Jonathan serves as a Commercial Sales and Leasing Advisor with Meybohm Commercial. Originally licensed in 2005, Jonathan specializes in downtown development, portfolio planning, multifamily brokerage, and land & site selection. Jonathan's portfolio planning has mostly centered around advising owners with portfolios of commercial properties regarding sales and 1031 exchanges, along with underwriting potential transactions. Jonathan has worked extensively in Site Selection and Commercial Land Brokerage. Notable site selection clients include Domino's Pizza, SRP Federal Credit Union, Hardees, Popeyes, Whit's Frozen Custard, and many others. Jonathan's approach to site selection differs from that of many of his competitors in that he starts from a list of all potential sites, rather than simply on-market sites. This tends to be more work but has led to finding off-market ideal locations for his clients. Jonathan also focuses on Multifamily brokerage, with his track record including numerous downtown duplexes and quads, along with Cedar Pines Apartments and Ridgewood Apartments. His approach with multifamily is to reduce the work required by a buyer to underwrite—leading to faster sales and higher prices.

John Eckley,
MBA, Civil Eng.

Consultative, client-focused, and analytical, John is an industrial and commercial advisor for Meybohm Commercial, where his aim is to guide clients in accomplishing their greater collective financial goals, through portfolio planning, deal analysis, and excellent client service. John earned his MBA and civil engineering degrees from Clemson University and is in the final stages of pursuing his CCIM (Certified Commercial Investment Member) designation. It's a combination of experience held by only John and his team member Jonathan Aceves in the Augusta market. John's extensive experience and training in solving real-world problems are what direct him in developing client strategies for real estate investments. John's specialties include industrial warehouse and flex-space properties, land & site selection, and general commercial work. He also partners with clients on their 1031 exchanges and sale leasebacks and serves the medical community for both investment and office needs. His approach is unique because it combines his process-oriented, engineering brain with his interest in developing strong relationships with clients.
