EXECUTIVE SUMMARY

This offering presents a rare opportunity to acquire nearly two acres of vacant, undeveloped land near a great commercial corridor and near the highway. Zoned M1-2, the property supports a wide range of light industrial and limited commercial uses, including warehousing, distribution, light manufacturing, tech-industrial hybrids, and contractors' yards. The zoning's flexibility makes it an ideal site for developers or end-users looking to capitalize on the growing demand for well-located urban industrial space.

Location is a key strength. The property is strategically positioned with excellent access to I-90/94, I-290, and multiple freight rail lines, offering seamless connectivity to downtown Chicago and the broader regional market. This accessibility supports a wide range of users, particularly in the logistics, supply chain, and last-mile delivery sectors where speed to market is critical.

The land perfectly sits in between residential and commercial developments. To the east you have a variety of business: national brands such as ALDI, Home Depot, and Wendy's do some of their best business in this area.
