COMMENTS: Originally built in 1856, the Lebanon Brewery property offers a restaurant and brewery opportunity, as well as operating the 7th Street Storage business in the northern part of Lebanon city.

The restaurant/brewery space has indoor seating capacity for 100-140 customers and comes fully equipped with all necessary furniture, fixtures and equipment, including bottling equipment. Within the same building is an abundance of unfinished/overflow space that offers potential for expansion or additional tenants.

The self-storage component comprises seven (7) buildings and approximately seventy four (74) units. Fantastic opportunity for a restaurateur/brewer with current additional income and further upside potential.
