The Bridge Realty, Bloomington, MN

STAY CHATEAU !!!

Six Premium Residential Apartments just over the 11th Ave. bridge very near the US Bank Stadium at **1802 – 11th Ave. S.**, Minneapolis, MN, 55404

Asking Price: \$1,900,000 (building is set up for condominium option including separate meters, comparable sales are included here running \$450,000 to \$480,000)

Stay Chateau is much like my 1967 Camaro. I dreamed of owning a limited production Baldwin Motion Camaro way back when I was in high school. As an adult I went ahead and had a similar car built from the ground up with a cost is no object approach. The car has a 632 cubic inch motor with 850 horsepower and 850 torque along with 15 coats of House of Kolor paint, etc. It won best paint and graphics at the 2021 Street Machine Summer Nationals hosting 5,000 cars. It is extreme.

Well, **Mr. Josh Stay also had a dream.** I sold him a tired 12 unit building in 2016 which he completely gutted and made into 6 unbelievable, cost is no object units. He did as much of the work as possible himself – 100 hours a week for about 15 months. I don't think anybody but Mr. Stay would have, or could have, done this level of detailed and artistic work. **To see it is to love it ! It is undeniably one of a kind. I started commercial real estate in 1990 and I've certainly never seen anything like it !**

I had the extreme pleasure of going thru the entire building before he began leasing it for the Super Bowl here in Minneapolis. It is a destination building both in itself, and because of its location and proximity to US Bank Stadium (can be walked to), Target Center, all the performing arts on Hennepin Ave, Guthrie Theater at 818 2nd St, Ordway Center for the Performing Arts at 345 Washington St., Varsity Theater at 1308 SE 4th St; the list goes on.

Mr. Stay DID realize his dream. He's been a builder and remodeler for many years and wanted to create an **ULTIMATE** atmosphere to be able to experience life in a new way. He turned this old brownstone building that had a marvelous but worn exterior and a horrible interior into a modern-day work of art !

The Bridge Realty

Stay Chateau Numbers

Projected Net Operating Income using the 2018 income and today's expenses and projecting higher taxes if assessed at 2.0 million.

\$229,172 2018 actual income

Estimated Expenses

\$3,000 Gas currently

\$3,000 Water currently

\$2,100 Trash currently

\$4,800 Electric currently

\$8,750 Insurance currently

\$17,947 Taxes 2023 which are based on \$1,131,500

\$6,424 Advertising 2018, currently much lower

\$5,105 Cleaning and Maintenance, currently lower

\$11,460 If 5% Management Fee

\$11,459 Projected repairs

\$74,045 Total Expenses

\$155,127 Net Operating Income. That's a 7.1 cap rate on \$2,200,000

2018 INCOME WAS \$229,172 DOING SHORT TERMS "STAYS".

With the advent of Covid and having low debt service the owner has been just renting the units like normal apartments at modest rents with an income of about \$132,000.

To increase the income a new owner could provide supportive living, assisted living, do a group home, or lease to Class B renters and dramatically increase the rents. Short term stays like AIRBNB and specialized versions and platforms like it have come back and some owners make it a viable method to do business.

This is a totally unique, boutique building that has no direct competition.

It must be seen to be appreciated. You will want it if you see it !

The Bridge Realty, Bloomington, MN

SOME OF THE COSTS INVOLVED - which shows how thorough the rehab was. This is a partial list and many of the costs are low because the owner did the work himself or contracted it in house.

All New Plumbing including underneath the basement floor - \$75,000
All New Electrical including the internal - \$70,000
HVAC - \$80,000
Re-tuck pointed all exterior brick - \$45,000 (The owner had 2 of his tile workers do it when he had a tile company), he had bids for over \$160,000.
Milaca building center for Sheetrock and lumber trim, doors etc. - \$70,000
Garage carport \$20,000
Concrete \$25,000
Granite \$45,000
Cabinets \$70,000, all high end crystal cabinets.
Spray foam insulation \$45,000 done in house – would cost \$100,000 to have it done.
Flooring - all high end porcelain tile - \$70,000
Architect fee \$20,000
Hired labor/help \$50,000
Fire sprinklers including a 6” water line brought from street to inside building \$90,000
Permits \$10,000
Outside landscaping and lawn sprinklers \$20,000
Storm windows \$15,000 (previous windows are newer so they were left)
Solar on carport \$60,000
Furniture \$100,000
Appliances \$60,000
Outside fence \$10,000
Fire alarms \$10,000
Paint inside and outside \$50,000
Roof was new when owner purchased; he had a hatch installed and patched the roof where a pipe for water was run thru. \$5,000
Taping \$45,000
Trim and doors \$25,000
Demo and equipment rental \$25,000 (owner did it all). It took 60 thirty yard dumpsters.

THIS BUILDING IS BASICALLY NEW CONSTRUCTION !
