CONFIDENTIALITY & DISCLAIMER

The information contained in the following Marketing Brochure is proprietary and strictly confidential. It is intended to be reviewed only by the party receiving it from Marcus & Millichap and should not be made available to any other person or entity without the written consent of Marcus & Millichap. This Marketing Brochure has been prepared to provide summary, unverified information to prospective purchasers, and to establish only a preliminary level of interest in the subject property. The information contained herein is not a substitute for a thorough due diligence investigation. Marcus & Millichap has not made any investigation, and makes no warranty or representation, with respect to the income or expenses for the subject property, the future projected financial performance of the property, the size and square footage of the property and improvements, the presence or absence of contaminating substances, PCB's or asbestos, the compliance with State and Federal regulations, the physical condition of the improvements thereon, or the financial condition or business prospects of any tenant, or any tenant's plans or intentions to continue its occupancy of the subject property. The information contained in this Marketing Brochure has been obtained from sources we believe to be reliable; however, Marcus & Millichap has not verified, and will not verify, any of the information contained herein, nor has Marcus & Millichap conducted any investigation regarding these matters and makes no warranty or representation whatsoever regarding the accuracy or completeness of the information provided. All potential buyers must take appropriate measures to verify all of the information set forth herein. Marcus & Millichap is a service mark of Marcus & Millichap Real Estate Investment Services, Inc. © 2025 Marcus & Millichap. All rights reserved.

NON-ENDORSEMENT NOTICE

Marcus & Millichap is not affiliated with, sponsored by, or endorsed by any commercial tenant or lessee identified in this marketing package. The presence of any corporation's logo or name is not intended to indicate or imply affiliation with, or sponsorship or endorsement by, said corporation of Marcus & Millichap, its affiliates or subsidiaries, or any agent, product, service, or commercial listing of Marcus & Millichap, and is solely included for the purpose of providing tenant lessee information about this listing to prospective customers.

SPECIAL COVID-19 NOTICE

All potential buyers are strongly advised to take advantage of their opportunities and obligations to conduct thorough due diligence and seek expert opinions as they may deem necessary, especially given the unpredictable changes resulting from the continuing COVID-19 pandemic. Marcus & Millichap has not been retained to perform, and cannot conduct, due diligence on behalf of any prospective purchaser. Marcus & Millichap's principal expertise is in marketing investment properties and acting as intermediaries between buyers and sellers. Marcus & Millichap and its investment professionals cannot and will not act as lawyers, accountants, contractors, or engineers. All potential buyers are admonished and advised to engage other professionals on legal issues, tax, regulatory, financial, and accounting matters, and for questions involving the property's physical condition or financial outlook. Projections and pro forma financial statements are not guarantees and, given the potential volatility created by COVID-19, all potential buyers should be comfortable with and rely solely on their own projections, analyses, and decision-making. Activity ID #ZAH0220105

PROPERTY SUMMARY

Marcus & Millichap

PROPERTY SUMMARY

Unique opportunity to acquire a fully occupied 8,719 square foot retail strip center situated upon .61 acres of land with Commercial General (CG) Zoning located at the hard, signalized intersection of Sahara Avenue at Eastern Avenue.

PROPERTY SUMMARY

Marcus & Millichap is pleased to exclusively present an excellent opportunity to acquire a quintessential infill Las Vegas retail strip center with traffic counts exceeding 77,500 vehicles per day and surrounded by an extremely dense residential population. Built in 1991, the premises are situated upon a .61 acre parcel of land.

Sahara Eastern Plaza has maintained full occupancy with historically long-standing tenants, with the majority having occupied for 15+ years. The neighborhood-serving strip center features eight daily needs and service-oriented tenants, including a corporate Subway Restaurant that has occupied since 2001, a recently leased Total Wireless (Verizon), L.A. Insurance, who has occupied since 1996, a grocery market and several popular restaurants appealing to the surrounding community.

Lease structures are all NNN and full expense recovery includes the opportunity to maintain various capital expense items. Additionally, the majority of the leases provide for annual rental escalations which help ensure optimal balancing against inflation.

Improvements made over the past several years include a new pylon sign as well as a newly surfaced parking lot. A future owner may decide to have a billboard installed onsite as existed previously and was leased to an outdoor sign company. Property is being sold as-is.

SURROUNDING AMENITIES & ECONOMIC DRIVERS

Close proximity to the Las Vegas Strip, Interstate 11, Valley High School, UNLV, the Harry Reid International Airport, Sunrise Hospital, and much more.

LOCATION AND ACCESSIBILITY

At one of the most highly trafficked corners in the Las Vegas Valley, Sahara Eastern Plaza enjoys the hard, signalized location combined with a heightened ease of access that includes curb cuts on both major streets.

The retail center features a desirable parking ratio of 5.05 spaces per 1,000 square feet.

SECTION 3

MARKET OVERVIEW

Marcus & Millichap

LAS VEGAS

Las Vegas is considered one of the top entertainment cities of the world, thanks to its abundance of resorts, restaurants, shopping and entertainment options. In addition to temporary stays, the Las Vegas-Henderson-Paradise MSA area is one of the fastest-growing metros in the nation, with a population of more than 2.3 million. The metro has become a fully diversified economy, with logistics groups, tech firms and manufacturing all taking advantage of Las Vegas' low cost of business and proximity to major West Coast markets. The 2.5 million-square-foot Las Vegas Convention Center is one of the largest in the world, attracting a host of industry events. Since 2023, the Las Vegas Grand Prix has been held on a temporarily-constructed track on the city's streets. The Sphere, built that same year, brought a new 17,000-seat venue to the metro, becoming an unmissable part of the city skyline and offering a 16k resolution screen on its interior.

METRO HIGHLIGHTS

WELL-PAYING JOBS

Office-using positions, most of them within the professional and business services sector, accounted for about 21 percent of the metro's job count as of year-end 2024.

STRONG POPULATION GAINS

The metro continues to draw new residents with its warm climate, regional affordability and proximity to California markets. Over the next five years, Las Vegas' populace is forecast to increase by approximately 3.5 percent.

VAST TOURISM INDUSTRY

Tourism volumes in 2024 set airport and gaming records as Las Vegas welcomed 41.7 million visitors — a 2.1 per-cent increase from 2023. In recent years, the city's tourism draw has innovated and expanded beyond gaming into further sports and entertainment concepts.

ECONOMY

- Home to some of the nation's largest hotels and a growing roster of sporting events, tourism and entertainment are the most significant drivers of the economy. That said, the area has diversified into distribution, back-office operations and manufacturing.
- The metro's business-friendly environment, access to Western markets, growing labor force and availability of high-speed data is attracting tech companies.
- Development of Clark County has historically been limited to an extent by the Federal Government's ownership of 88 percent of the area's acreage.

SHARE OF 2025 TOTAL EMPLOYMENT

Note: Figures are rounded to nearest whole percentage point

DEMOGRAPHICS

- The population will expand by more than 80,000 residents over the next five years, resulting in the formation of 34,000 households.
- The homeownership rate of 55 percent is well below the national rate, creating a strong rental market.
- Roughly 26 percent of the population ages 25 and older have attained a bachelor's degree, and 9 percent also hold a graduate or professional degree.

QUALITY OF LIFE

With approximately 300 days of sunshine annually and an average temperature near 68 degrees, Clark County offers residents and visitors plenty to do, besides enjoying the resorts and casinos. Water sports enthusiasts can take advantage of various activities at Lake Mead and the Colorado River, including boating, fishing, water skiing and sailing. The Red Rock Canyon National Conservation Area, located west of the Strip, offers outstanding hiking and mountain climbing opportunities. Las Vegas is home to the University of Nevada, Las Vegas, which has received national recognition for its ho-tel management, criminal justice and social work programs. The metro is also home to the NFL's Raiders, who play at Alle-giant Stadium. The former Oakland Athletics are also expect-ed to relocate to the market.

LAS VEGAS

Growing Populations North and South of Core, Along With Resort Resilience, Brighten Outlook

Retailers overcome tourism fluctuations on back of household growth.

Despite hotel bookings falling 8 percent in 2025, vacancy among Resort Corridor retail properties decreased by a market-leading 110 basis points to end the year at 4.8 percent. An anticipated 15 percent boost to trade show attendance at the renovated Las Vegas Convention Center also bodes well for local retail in 2026. Operations are even tighter in many residential submarkets, with availability at or below 3 percent entering this year in northwest and southwest Las Vegas. Ongoing population growth and residential development aid foot traffic here, while demand for space in north and northeast Las Vegas may improve in the long term from planned industrial construction and job creation at the Apex Industrial Park. Availability also remains limited across bars, restaurants, and convenience stores, as well as among specialized vendors such as auto repair shops. As such, both single- and multi-tenant vacancy rates will remain more than 100 basis points below their historical averages this year, even if they rise modestly.

Central and expansion areas benefiting from investor interest. Liquidity continued to improve last year, led by a roughly 25 percent increase in local multi-tenant trades. Single-tenant sales also increased, with segment velocity exceeding the annual average during 2014-2019. Greater overall competition has supported a modest increase in the average sale price since 2023, although this has also flattened the mean cap rate. While this may limit margins, many investors continue to enter the sector via 1031 exchange. The areas west of Interstate 15 and southwest of Harry Reid International Airport remain the most active for trades. At the same time, potential drivers of population growth in outer submarkets may draw investors to these smaller retail neighborhoods.
