## ABOUT

For more than 130 years, The Fort Worth Club has helped define and influence Fort Worth's distinctive character.

On June 10, 1885, the Commercial Club was officially chartered by the state of Texas and a new era of Fort Worth's history began. As Fort Worth continued to grow, due largely in part to the meat-packing industry that led to the term, "Cowtown," so did the Club. Cultural arts became of more importance, membership was increasing, and the name "Commercial Club" did not correctly represent the Club's purpose. In 1906, the Club's name was changed to "The Fort Worth Club."

### **Mission:**

"In the rich tradition of The Fort Worth Club, we will provide the finest services, amenities and facilities for our members, tenants and guests."

### **Vision:**

- Nationally recognized as a top tier business, athletic, and social club.
- The premier location for leased office space in downtown Fort Worth.
- Known as an "employer of choice."
