## BUSINESS FRIENDLY (<http://iedc.in.gov/>)

INDIANA has methodically created a business environment where conditions are set for success. Whether it's minimizing operating expenses or delivering the workforce training and infrastructure you need to grow, Indiana is one of the most business-friendly states in America.

### BEST BUSINESS ENVIRONMENT (SOUTHWEST INDIANA)

- Evansville is **Indiana's 3rd largest city**, located along the Ohio River, in Indiana's great southwest. We are the hub city for a 26 county tri-state region, representing parts of Indiana, Kentucky and Illinois with a population of 730,000+ within a one hour drive.
- **Southwest Indiana is known as the Crossroads of America**, within a day's drive of 75 percent of the U.S. and Canadian populations and accessible to every U.S. Market by road, rail, air and water.
- With a population of **more than 440,000 people in the metropolitan area**, Evansville/Newburgh is the social and economic hub for our tri-state region

### A RIGHT-TO-WORK STATE

On February 1, 2012 Indiana became the 23rd state in the nation and the first state in the industrial Midwest to pass right-to-work legislation. This new status creates an even more attractive environment for businesses and entrepreneurs alike to move their operations to the Hoosier State. There is strong evidence that the economy is indeed growing, with companies small and large expanding operations and hiring new workers. With the support of the legislative and executive branches of government, businesses can be encouraged by Indiana's move to join other right-to-work states to better compete for and win America's business.
