

SCA Engineers

Civil Engineering & Consulting Services

About the Tenant/Seller

SCA Engineers is a full-service civil engineering and consulting firm specializing in land development, infrastructure design, and project management. The firm partners with developers, municipalities, and private clients to deliver efficient, cost-effective solutions across a wide range of project types. With a strong focus on quality, responsiveness, and technical expertise, SCA Engineers provides services including site development, drainage design, utility planning, and permitting support. Their team is known for navigating complex regulatory environments while maintaining timelines and budgets, making them a trusted partner for both public and private sector projects.

Key Highlights

- Full-service civil engineering and consulting firm
- Expertise in land development and infrastructure projects
- Strong relationships with municipalities and regulatory agencies
- Proven track record in project management and execution
- Client-focused approach with emphasis on efficiency and results
