

### APPRAISAL REPORT

Pace View I
2010 S Ocean Boulevard
Myrtle Beach, Horry County, South Carolina 29577
Project #: 24-003249-01-1

## PREPARED FOR

TD Bank, N.A. Ms. Stephanie Lawson Appraisal Department 575 Columbia Avenue Lexington, SC 29072

# **DATE OF REPORT**

November 19, 2024

# **EFFECTIVE DATES OF APPRAISAL**

As Is - November 8, 2024

# **APPRAISED BY**

ZAWTOCKI MUNN, LLC Geoffrey A. Zawtocki, MAI, AI-GRS, CCIM George A. Munn, MAI, AI-GRS

November 19, 2024

TD Bank, N.A. Ms. Stephanie Lawson Appraisal Department 575 Columbia Avenue Lexington, SC 29072

REFERENCE: Pace View I
2010 S Ocean Boulevard
Myrtle Beach Horry County, South Carolina 29577
Project #: 24-003249-01-1

Ms. Stephanie Lawson:

As requested, we inspected the above-mentioned property for the purpose of providing an opinion of market value. Based on our inspection and analysis of the information obtained, it is our opinion that the market value of the **Leased Fee Interest** in the subject property is as follows:

#### PACE VIEW I

2010 S Ocean Boulevard Myrtle Beach, SC

November 8, 2024 - Leased Fee As Is

November 8, 2024

Real Estate \$8,155,000

FF&E \$80,000

Total \$8,235,000

The value conclusion(s) are supported by the data and reasoning set forth in the attached narrative. Your attention is invited to the Assumptions and Limiting Conditions attached and made a part of this report. We certify that we have no present or contemplated future interest in the property appraised and that our fee for this assignment is in no way contingent upon the value opinion(s) supplied.

The following report complies with the standards and regulations outlined in Title XI of the Federal Financial Institutions Reform, Recovery, and Enforcement Act of 1989 (FIRREA). This report complies with the Uniform Standards of Professional Appraisal Practice (USPAP) including the ethics and competency provisions, as promulgated by the Appraisal Standards Board of The Appraisal Foundation. In addition, the report conforms to the Federal Deposit Insurance Corporation (FDIC) and Office of the Comptroller of the Currency's (OCC) appraisal standards.

Thank you for the opportunity to be of service and please let us know if you have any questions.

Respectfully Submitted, ZAWTOCKI MUNN, LLC

## **ASSUMPTIONS AND LIMITING CONDITIONS**

### **GENERAL ASSUMPTIONS**

- 1. The owner of record is assumed to have a free and clear fee simple title with no encumbrances that cannot be cleared through normal channels.
- 2. The information on which this appraisal is based on has been obtained from sources normally used by **ZAWTOCKI MUNN**, **LLC** and is considered to be reliable, but is in no sense guaranteed.
- 3. The information furnished by others is believed to be reliable. No warranty is given for its accuracy.
- 4. **ZAWTOCKI MUNN**, **LLC** reserves the right to alter its opinions of value on the basis of information withheld or not discovered in the normal course of a diligent investigation.
- The appraiser assumes no responsibility for the legal description or matters of a legal nature affecting the property or the title thereto. The appraiser does not render any opinion as to title, which is assumed to be good and marketable.
- 6. Responsible ownership and competent property management are assumed.
- 7. It is assumed that there is full compliance with all applicable federal, state and local environmental regulations and laws unless noncompliance is stated, defined and considered in the appraisal report.
- 8. It is assumed that all applicable zoning and use regulations and restrictions have been complied with, unless a nonconformity has been stated, defined and considered in the appraisal report.
- 9. It is assumed that all required licenses, certificates of occupancy, consents or other legislative or administrative authority from any local, state or national government or private entity or organization have been or can be obtained or renewed for any use on which the value estimate contained in this report is based.
- 10. The appraiser is not required to give testimony or appear in court because of having made this appraisal with reference to the property in question, unless arrangements have been previously made therefore. The fee charged for this appraisal does not include payment for court testimony or for further consultation.
- 11. No opinion of an engineering nature is intentionally expressed or implied and no responsibility is assumed for matters of this nature.
- No survey was made especially for this appraisal. Property lines, area, etc., of record or otherwise provided, are assumed to be correct.
- 13. No engineering survey has been made by the appraiser. Except as specifically stated, size and area were taken from sources considered reliable and no encroachment of real property improvements is assumed to exist.
- 14. Maps, plats and exhibits are for illustration only as an aid in visualizing matters discussed within the report. They should not be considered as surveys or relied upon for any other purpose.
- 15. It is assumed that there are no hidden or unapparent conditions of the property, subsoil or structures that render it more or less valuable. No responsibility is assumed for such conditions or for arranging for engineering studies that may be required to discover them.
- 16. No opinion is expressed as to the value of subsurface oil, gas or mineral rights. The property is not subject to surface entry for the exploration or removal of such materials except as is expressly stated.
- 17. Disclosure of the contents of the appraisal is governed by the Bylaws and Regulations of the professional organizations with which **ZAWTOCKI MUNN**, **LLC** is affiliated.
- 18. Acceptance of and/or use of this report constitutes acceptance of these assumptions and limiting conditions.
- 19. This report is intended to comply with the Code of Ethics and Standards of Professional Appraisal practice of the Appraisal Institute. It is further intended to comply with the Uniform Standards of Professional Appraisal Practice (USPAP) and the guidelines set forth by the Financial Institution's Report, Recovery and Enforcement Act of 1989 (FIRREA).

## **LIMITING CONDITIONS**

- 1. Possession of this report, or a copy, does not carry with it the right of publication.
- 2. Neither all nor any part of the contents of this report (especially any conclusions as to value, identity of the appraisers or firm with which they are connected or any reference to the Appraisal Institute or the MAI or SRA designations) shall be disseminated to the public through the advertising media or any other public means of communication without the prior written consent and approval of ZAWTOCKI MUNN, LLC and the signatories of the report. Acceptance of and/or use of this report constitutes acceptance of these restrictions.
- The distribution, if any, of the total valuation in this report between land and improvements applies only under the stated program of utilization. The separate allocations for land and buildings must not be used in conjunction with any other appraisal and are invalid if so used.
- 4. The forecasts, projections or operating estimates contained herein are based upon current market conditions, anticipated short term supply and demand factors and a continued stable economy. These forecasts are, therefore, subject to changes in future conditions.
- Load bearing capacity of subsoil is assumed to be adequate for the present utilization, but no borings or engineering studies have been made especially for this appraisal and the value conclusion could be affected by such information.
- We have not been supplied with building plans and specifications, site plans, surveys or occupancy permits. No responsibility or representation is assumed or made for any costs associated with obtaining same for any deficiencies discovered before or after they are obtained.
- 7. We have personally inspected the subject property and found no obvious evidence of structural deficiencies except as stated in this report; however, no responsibility for hidden defects or conformity to specific governmental requirements, such as fire, building and safety or occupancy codes, can be assumed without provision of specific professional or governmental inspections.
- 8. No termite inspection report was made available. We personally inspected the subject property and found no significant evidence of termite damage or infestation.
- 9. Unless otherwise stated in this report, we make no representation or warranties as to the adequacy or condition of appliances, electrical systems, plumbing and heating, air conditioning, presence of insulation, adequacy or condition of structural systems or any other subsystem within the property. We assume no responsibility for any costs incurred to discover or correct any deficiencies present in the property.
- 10. Unless otherwise stated, no consideration in the valuation process has been given mineral deposits (oil, gas, coal, gravel, etc.) or timber, if any, that may be found on the subject.
- 11. Unless otherwise stated in this report, the existence of hazardous material, which may or may not be present on the property, was not observed by the appraiser. The appraisers, however, are not qualified to detect such substances. The presence of substances such as asbestos, urea-formaldehyde foam insulation or other potentially hazardous materials may affect the value of the property. The value estimate is predicated on the assumption that there is no such material on or in the property that would cause a loss in value. No responsibility is assumed for any such conditions or for any expertise or engineering knowledge required to discover them. The client is urged to retain an expert in this field, if desired.
- 12. On January 26, 1992, The Americans with Disabilities Act (ADA) took effect. This report has not considered this act and the impact it may have on the subject with respect to renovation cost and general compliance. Should a report be provided which indicates a possible renovation, we reserve the right to amend this report.
- 13. The appraisers have prepared this report in compliance with the competency provision explicitly detailed in the Uniform Standards of Professional Appraisal Practice (USPAP). The appraisers are fully experienced in the appraisal of this product type (see Qualifications).

### INTRODUCTION

This section identifies the property being appraised, including the location, ownership history, date(s) of the appraisal, property rights, intended user and use, and type(s) of value. This section also identifies the parameters of the report, including describing the sources and extent of research and any limitations to the opinion(s) of value.

### PROPERTY IDENTIFICATION

The property appraised in this report is Pace View I, an existing market rate multi-family property located at 2010 S Ocean Boulevard, Myrtle Beach, Horry County, South Carolina 29577. *The property was originally a hotel, but the new owner obtained approval to convert it into market rate multi-family (long-term rentals).* The property is identified as tax parcel(s) 44502020322 & 44315040077 in the Horry County Tax Office. The property is located in the City of Myrtle Beach jurisdiction for zoning and taxes. According to public records, the site contains a combined 0.70 acres. The existing improvements were built in 1968/2023, with recent renovations to convert the property from a hotel to apartments. The improvements total approximately 25,011 gross square feet.

**PACE VIEW I** 

# **UNIT MIX**

The following table shows the existing unit mix for the community. There are 68 units in 3 unit types, with an average unit size of 595 square feet. The properties have an average unit size ranging from 520 square feet for the Studio to 710 square feet for the 1 Bedroom. The community has a total of 40,480 rentable square feet.

PACE VIEW I EXISTING UNIT MIX							
Formula $a b c = a x b$							
Net Unit Net							
Unit Type	Beds	Baths	Units	Size (ft²)	Area (ft²)		
1 Bedroom	1	1	26	710	18,460		
Large Studio	0	1	2	610	1,220		
Studio	0	1	40	520	20,800		
Total/Average			68	595	40,480		

## PROPERTY OWNERSHIP HISTORY

According to Horry County public records, the property is held in the ownership name of OB21 LLC. The current owner acquired the property by Deed from ROSEN SEA LLC as shown in Deed Book 4483, Page 3366 of the Horry County Register of Deeds Office on November 12, 2021. According to the deed, the current owner paid \$4,000,000 for the property. This transfer included two (2) parcels. The main parcel (44502020322) contains the improvements and the second parcel (44315040077) is used for additional parking. This appears to have been an arm's-length transaction. There have been no other transfers of the property in the last three years.

Since purchasing the property, the current owner has converted it from a hotel into market rate apartments. As a part of obtaining approval from the City of Myrtle Beach for the conversion to apartments, a total of \$687,000 of capital improvements were completed. As shown in the following table, the capital improvements included installing a wet sprinkler system, fire alarms, elevator repair, landscaping, kitchen appliances, and air conditioning units.

CAPITAL EXPENSES FOE APARTMENT CONVERSION PACE VIEW I						
Expenses	Amount					
Installed new pecs water lines throughout building	\$85,000					
Sprinkler system installation	\$151,000					
New fire alarm installation	\$38,500					
Drywall repairs and interior painting	\$55,000					
New parking lot on cassandra lane	\$88,000					
Service all the stand pipes with aaa fire protection	\$8,500					
Exterior painting and stucco repair	\$61,000					
Elevator repairs to calvinder elevator	\$14,500					
Installed new 120 gallon boiler	\$17,500					
Landscaping per city of myrtle beach approved plans	\$39,000					
Replaced kitchen cabinets and counter tops in 39 units	\$17,500					
Installed 39 new ptac ac units	\$44,000					
Repaired all broken tile on exterior of building	\$4,500					
Appliances	\$28,000					
Demo of prevous dwelling on cassandra lane	\$35,000					
Total	\$687,000					

## DATE OF THE REPORT

The date of this report is November 19, 2024.

## DATE OF THE INSPECTION

The property was physically inspected on November 8, 2024.

## INTENDED USE/USER OF REPORT

The intended user(s) of this appraisal is/are **TD BANK**, **N.A.**. The intended use is for loan underwriting and/or credit decisions.

APPRAISAL - 2010 S Ocean Blvd Myrtle Beach, SC- ZM2587\_APP\_v1 - 11.13.24

## **VALUES REPORTED**

Values are typically reported on the basis of one or more of the following situations.

<u>Market Value "As Is" on the Appraisal Date:</u> Market Value "As Is" on the appraisal date is an opinion of the market value of a property in the condition observed upon inspection and as it physically and legally exists without hypothetical conditions, assumptions or qualifications as of the date the appraisal is prepared.

<u>Prospective Value Upon Completion of Construction:</u> Prospective value "upon completion" of construction is the prospective future value of a property on the date that construction, conversion or rehabilitation is completed, based upon market conditions forecast to exist as of that completion date. The opinion of value at this stage of value should be stated in current dollars as of a current date.

<u>Prospective Value Upon Reaching Stabilized Occupancy:</u> Prospective value "upon reaching stabilized occupancy" is the prospective future value of a property when all improvements have been physically constructed and the property has been leased to its optimum level of long-term occupancy at the market rent level. The opinion of value at this stage of value should be stated in <u>current dollars</u> as of a current date

<u>Retrospective Market Value:</u> A retrospective value is an opinion of value that is provided as of a specific historic date, utilizing data and market perceptions as of that historic date.

For this appraisal, we developed a Market Value "As Is".

#### **EFFECTIVE DATE OF VALUE**

The effective dates of value are:

As Is: November 8, 2024 (Date of property inspection)

## **DEFINITION OF "MARKET VALUE"**

This appraisal was developed to provide an opinion of "market value" of the subject. The following definition of market value is approved by the Office of the Comptroller of the Currency of the United States of America and by the Office of Thrift Supervision in compliance with Title XI of the Financial Institutions Reform Recovery and Enforcement Act (FIRREA). For the purposes of this analysis, market value is defined as follows:

"The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:

- 1) Buyer and seller are typically motivated;
- 2) Both parties are well informed or well advised, and acting in what they consider their own best interests;
- 3) A reasonable time is allowed for exposure in the open market;
- 4) Payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and

5) The price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale."1

### PROPERTY RIGHTS APPRAISED

The three primary types of property rights that may be appraised are defined as follows:

#### FEE SIMPLE INTEREST

Absolute ownership unencumbered by any other interest or estate, subject only to the limitations imposed by the governmental powers of taxation, eminent domain, police power, and escheat.

#### LEASED FEE INTEREST

The ownership interest held by the lessor, which includes the right to receive the contract rent specified in the lease plus the reversionary right when the lease expires.

#### LEASEHOLD INTEREST

The right held by the lessee to use and occupy real estate for a stated term and under the conditions specified in the lease.<sup>2</sup>

We provide an opinion of value of the **LEASED FEE INTEREST**.

### TYPE OF REPORT

This appraisal is prepared as an APPRAISAL REPORT.

#### SCOPE OF WORK

The report must contain sufficient information to allow intended users to understand the scope of work performed. The following steps were completed for this assignment:

- 1. Identified the subject;
- 2. Understood and clearly stated the intended use and user of the report;
- 3. Applied appropriate appraisal methodology in accordance with USPAP;
- 4. Analyzed the comparable data to arrive at a probable range of value via each approach utilized;
- 5. Reconciled the results of each approach into a credible final opinion of value, as defined herein; and
- 6. Estimated a reasonable exposure time and marketing time associated with the value opinion.

As part of these specific steps, we conducted several independent analyses. In addition to data compiled by Zawtocki Munn, LLC on a regular basis, the investigations undertaken and major data sources utilized are discussed in the following paragraphs.

## **LEGAL CONSTRAINTS**

The property is located within the City of Myrtle Beach jurisdiction for taxes and zoning. According to zoning officials, the property is zoned **PUD**, **Planned Unit Development District**. Based on our

<sup>&</sup>lt;sup>1</sup> Code of Federal Regulations (CFR), Title 12, §34.42(g). 55 Federal Register 34696, August 24, 1990, as amended at 57 Federal Register 12202, April 9, 1992; 59 Federal Register 29499, June 7, 1994.

<sup>&</sup>lt;sup>2</sup> The Dictionary of Real Estate Appraisal. 6th ed. Chicago, IL: The Appraisal Institute. 2015. Pages 90, 128.

investigation, there appeared to be no other legal constraints on the potential utilization of the property which would impact its marketability or value.

### AREA AND NEIGHBORHOOD ANALYSIS

An inspection of the surrounding neighborhood was conducted on November 8, 2024. Information on the surrounding area was obtained from various publications, the appraiser's files, and discussions with real estate professionals familiar with the area.

### SITE DESCRIPTION AND ANALYSIS

The site was inspected on November 8, 2024 and photographs of the site were taken at that time. In addition to an inspection of the premises, tax and legal descriptions were also researched during this analysis.

#### IMPROVEMENT DESCRIPTION AND ANALYSIS

All building measurements and improvement descriptions were based on our inspection of the property on November 8, 2024, as well as information provided by the client and/or available through the public records.

### **COST APPROACH**

We did not develop the Cost Approach. The existing property improvements are apartments built in 1968/2023, with recent renovations to convert the property from a hotel to apartments. The Cost Approach is most relevant for proposed or recent construction for establishing financial feasibility of a development. Therefore, we omitted this approach to value.

### INCOME APPROACH

We developed the Income Approach. As existing market rate apartments, we developed the direct capitalization method.

### SALES COMPARISON APPROACH

We developed the Sales Comparison Approach. We researched the Southeast region for recent sales of similar communities. We utilized various brokers and appraisers active in the local market as sources. We included only the most comparable sales in this report.

### **EXTRAORDINARY ASSUMPTIONS**

There are no extraordinary assumptions that apply to this assignment.

### HYPOTHETICAL CONDITIONS

There are no hypothetical conditions that apply to this assignment.

## JURISDICTIONAL EXCEPTIONS

There are no jurisdictional exceptions that apply to this assignment.

## SUPPLEMENTAL STANDARDS

This firm has a Master Agreement and/or an executed engagement letter from the client, a copy of which is included in the addenda of this report.

# TESTIMONY, CONSULTATION, COMPLETION OF CONTRACT FOR REPORT SERVICES

The contract for report, consultation, or analytical service is fulfilled and the total fee payable upon completion of the report, unless otherwise specified. **Zawtocki Munn, LLC** or those assisting in preparation of the report, will not be asked or required to give testimony in court or hearing because of having made the report, in full or in part, nor engage in post report consultation with client or third parties except under separate and special arrangement and at an additional fee. If testimony or deposition is required because of any subpoena, the client shall be responsible for any additional time, fees and charges, regardless of issuing party.

# **REGIONAL ANALYSIS**

This section provides demographics on the local and regional areas. Population and household trends are presented, and population and household growth are projected for five years. In addition, household income and employment trends are provided.

### POPULATION AND HOUSEHOLD TRENDS AND PROJECTIONS

As shown in the following table, Horry County, SC experienced an annual population growth of 3.3% since 2020. It is projected for annual growth of 2.0% over the next five years. Myrtle Beach, SC (city) had annual growth of 4.0%, and is projected to have annual growth of 2.1% over the next five years.

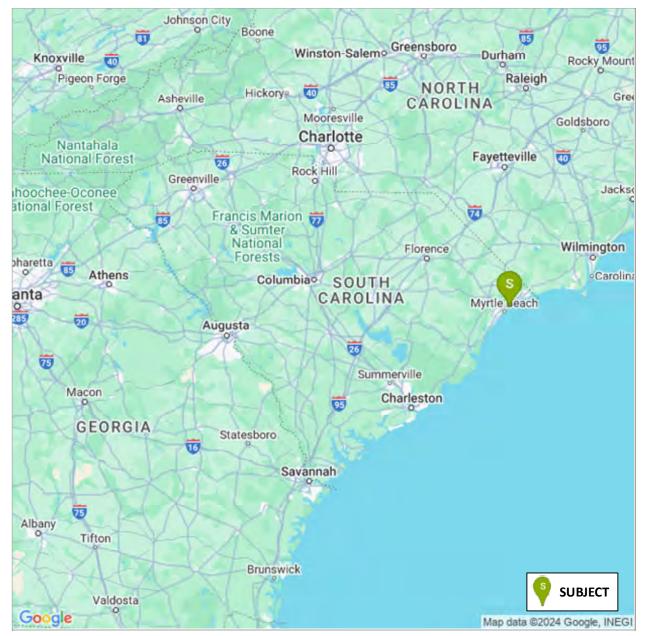

AREA POPULATION STATISTICS

### **SUMMARY**

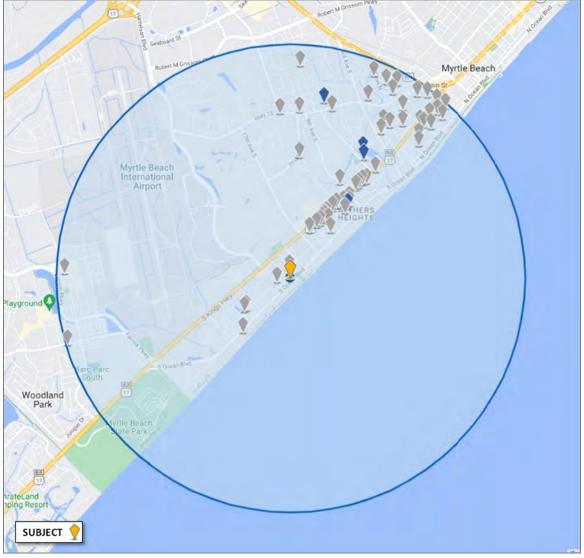

Horry County, SC has experienced population growth over the last 4 years. It is projected to have annual growth of 2.0% over the next five years. The area possesses adequate services, cultural activities, educational and recreational facilities, and financial resources necessary for future growth.

## **APARTMENT MARKET ANALYSIS**

This section provides a market analysis of multi-family housing to determine feasibility and overall demand. The market analysis identifies the competitive supply and analyzes demand in a Competitive Market Area (CMA). We utilized CoStar as a data source for current market information.

### **CMA MAP**

The following map identifies the 2-mile radius CMA. We segmented the supply focusing on market rate multi-family with up to 100 units. We excluded corporate, military, senior, and vacation properties.

**CMA MAP** 

## **KEY ECONOMIC INDICATORS**

The following chart shows the current key economic indicators in the CMA. The inventory is 684 units in 59 properties. Absorption totaled 47 units over the last 12 months, and the current vacancy rate is 6.9%. The average market rent is \$1,309 per unit. The average market sales price is \$115,000 per unit, and the average market capitalization rate is 7.0%.

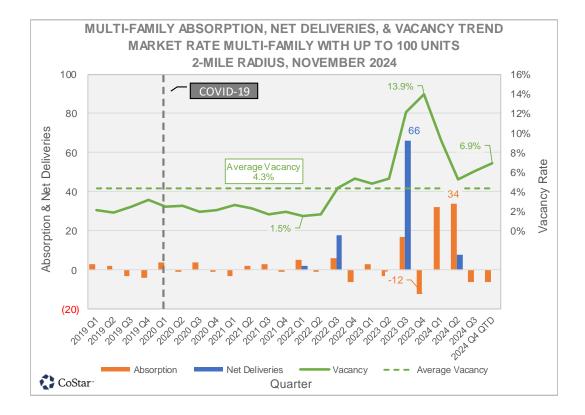

#### **COSTAR KEY CMA INDICATORS - NOVEMBER 2024**

59 Properties

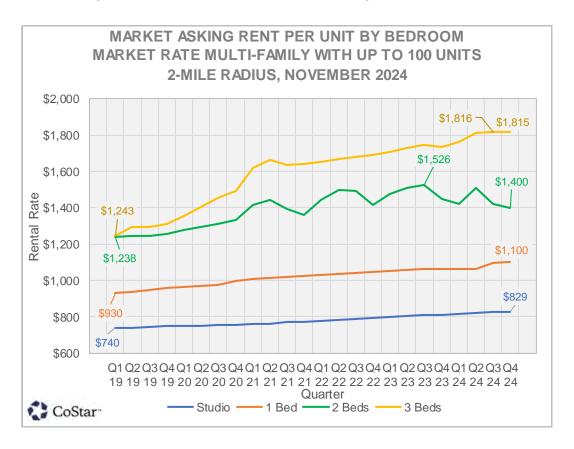

### MARKET TRENDS

The following graph shows the Absorption, Net Deliveries, and Vacancy Rate trend for a 5-year period in the CMA. Absorption ranged from -12 to 34 unit(s) during the period. The maximum number of Net Deliveries was 66 unit(s). The vacancy rate ranged from 1.5% to 13.9% and is currently 6.9%. The average vacancy rate during the period was 4.3%.

## **RENTAL RATES**

The following graph shows the market asking rent per unit by bedroom for market rate multi-family with up to 100 units. The average studio rent is currently \$829. The average one-bedroom rent is \$1,100. The average two-bedroom rent is \$1,400. The average three-bedroom rent is \$1,815.

### CONCLUSION

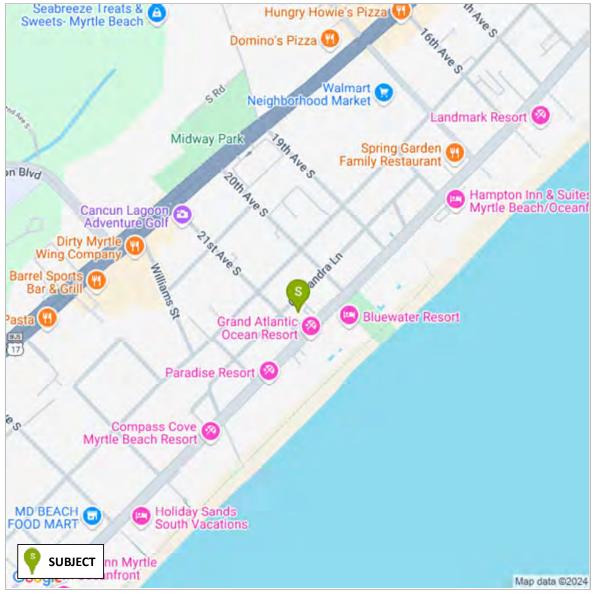

Market rate apartment market conditions in the CMA appear stable. The Key Indicators show a healthy submarket, with an average 5-year vacancy rate below market equilibrium. Rental rates by bedroom type are increasing. There have been a manageable number of Net Deliveries to the market over the last five years.

### **NEIGHBORHOOD ANALYSIS**

This section analyzes the neighborhood. The location is presented, and the neighborhood boundaries are defined. The local land use patterns and transportation access are identified. In addition, the immediate area's population and household income are analyzed.

#### LOCATION/BOUNDARIES

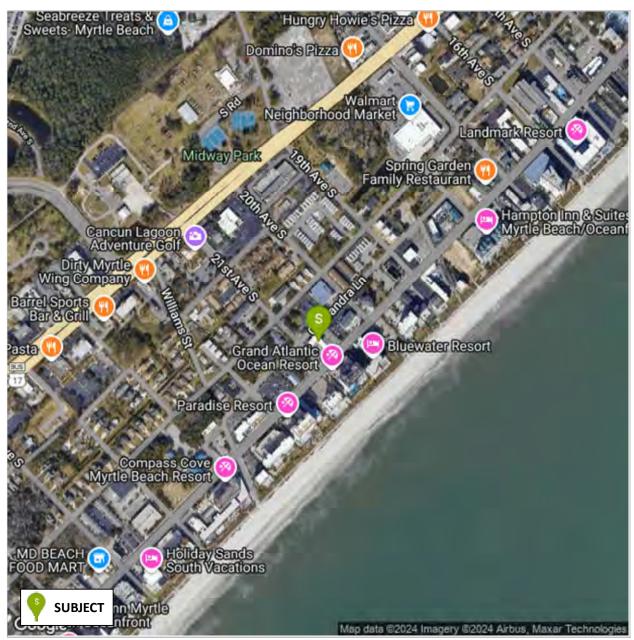

As shown in the map below, the neighborhood is in an urban area about 2.5 miles southwest of the central business area of Myrtle Beach, SC. The neighborhood is generally bounded by US Highway 17 Business to the north, Williams Street to the west, the Atlantic Ocean to the south, and 19<sup>th</sup> Avenue S to the east.

**NEIGHBORHOOD MAP** 

## LAND USE PATTERNS

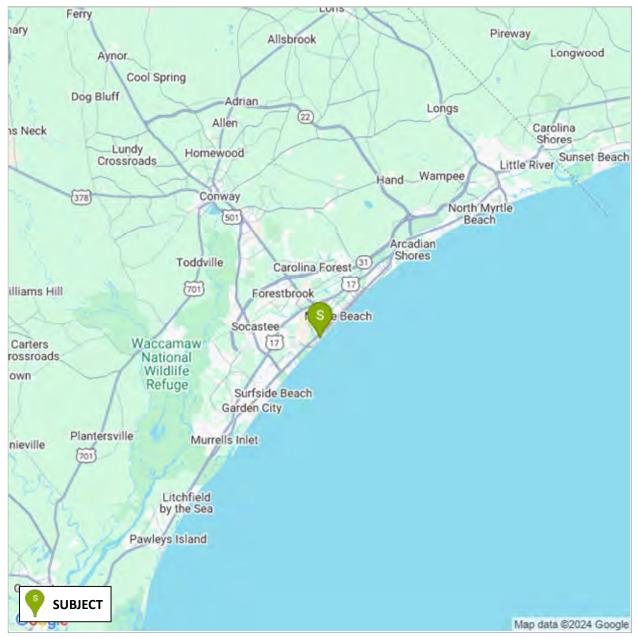

As shown in the following aerial, land use patterns consist of mostly residential uses. Residential development consists of mostly hotels, condominiums, and multi-family development. Commercial development consists of a mix of retail, office, and industrial uses. The land uses in the neighborhood appear complementary. There is little land available for development.

**AERIAL LAND USE MAP** 

## PRIMARY ARTERIES/ACCESS

As shown in the following map, S Ocean Boulevard provides neighborhood access. US Highways 17, 701, and 501 provide local and regional access. Public transportation adequately serves the area.

TRANSPORTATION MAP

## **UTILITIES**

The neighborhood is adequately served by public water and sewer service, as well as natural gas, electricity, and telephone service.

# **ENVIRONMENTAL CHARACTERISTICS**

Primary characteristics include any nuisances or hazards resulting from inferior or improper land uses within the subject neighborhood. Based upon our inspection, uses within the neighborhood do not appear to be a nuisance or hazard. The topography of the land is level and cleared, which is associated with the topography generally found in this region of the county. There were no environmental or nuisance characteristics observed which would prove detrimental to development in the neighborhood.

### PERCENT BUILT-UP

An investigation of the neighborhood revealed the immediate area surrounding the property is approximately 95 percent developed, with little acreage remaining for development.

## POPULATION AND INCOME

As shown in the following table, within a 1-mile radius, from 2010 Census to 2024 Estimate, the neighborhood population increased by 10.84%. From 2024 Estimate to 2029 Projection, it is projected to increase by 7.99%. The average household income within a 1-mile radius totaling \$52,108 is lower than the state average of \$87,042.

Current Year Median Value, Owner-Occupied Housing Units	\$195,442	\$265,493	\$272,954	\$236,105			

### CONCLUSION

The neighborhood is a mature area surrounded by residential and commercial uses. Commercial uses include retail, office, and institutional uses. In considering the four cycles of neighborhood development (growth, stability, decline, and revitalization), the neighborhood is in the growth phase.

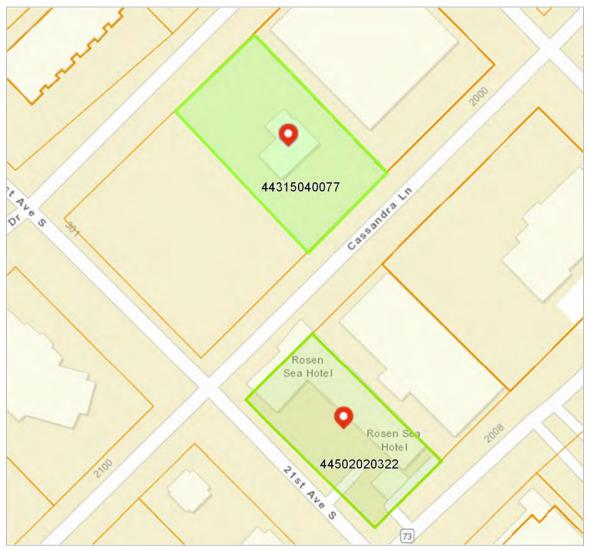

APPRAISAL - 2010 S Ocean Blvd Myrtle Beach, SC- ZM2587\_APP\_v1 - 11.13.24

## SITE ANALYSIS

This section analyzes the location of the site. General characteristics such as shape, development density, topography, soil analysis, and any environmental characteristics are explained. Other site considerations such as easements, restrictive covenants, and legal constraints are identified.

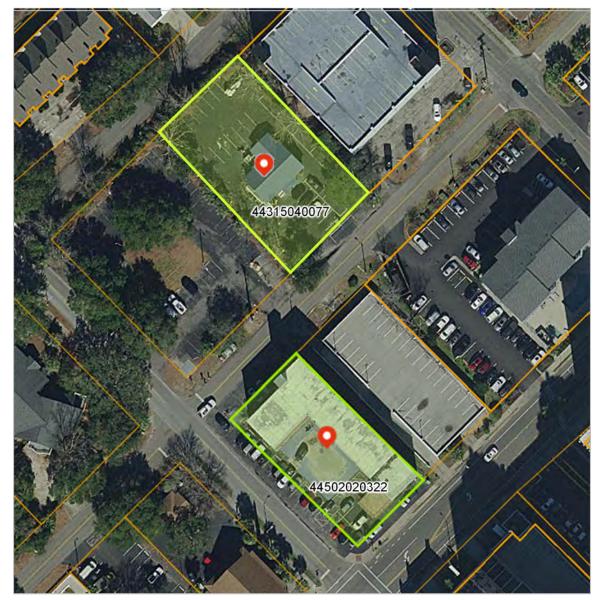

## **LOCATION**

The site is located in the City of Myrtle Beach jurisdiction for taxes and zoning. According to Horry County public records, the site is identified as tax parcel identification number(s) 44502020322 & 44315040077.

**PARCEL TAX MAP** 

The following image is the aerial tax map from Horry County, SC.

**AERIAL TAX MAP** 

# SIZE/SHAPE

As shown in the following table, the site is a combined 0.70 acres. The site is irregular in shape.

PACE VIEW I									
	TOTAL ACREAGE								
Index	PIN Address Acres								
1	44502020322	2010 S Ocean Blvd	0.31						
2	44315040077	Cassandra Lane	0.39						
Total			0.70						

# **PARKING**

As shown in the following aerial, the main parcel contains the improvements, and the second parcel is used for additional parking.

**AERIAL TAX MAP** 

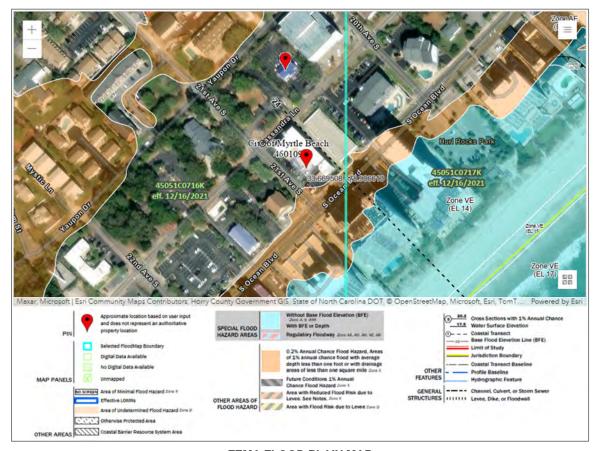

APPRAISAL - 2010 S Ocean Blvd Myrtle Beach, SC- ZM2587\_APP\_v1 - 11.13.24

## **DEVELOPMENT DENSITY**

The site has 68 units on 0.70 usable aces which results in a development density of 97.1 units per acre, typical for multi-family development.

## **TOPOGRAPHY**

The topography of the site is level and cleared. We reviewed FEMA panel numbers 45051C0716K dated December 16, 2021. According to these panels, the property is in Zone X and AE, *partially in a flood plain, but it does not appear the improvements are in the flood plain*. Zone AE is considered to be inside of the 500-year flood plain. As of the date of inspection, there was no evidence of large quantities of standing water. No other topographical features or conditions considered to negatively impact marketability were noted.

FEMA FLOOD PLAIN MAP

### SOIL ANALYSIS

We were not provided a soil analysis. We did not perform a subsoil analysis. We assume the site has been professionally developed and any site sloping has been effectively addressed.

APPRAISAL - 2010 S Ocean Blvd Myrtle Beach, SC-ZM2587\_APP\_v1 - 11.13.24

### **ENVIRONMENTAL CHARACTERISTICS**

The primary environmental characteristics to be considered are any nuisances or hazards as a result of the land uses. At the time of inspection, no nuisances or hazards were noted. We were not provided a Phase I Environmental Site Assessment. We are not experts in this area and the value(s) rendered herein are predicated upon the assumption that no adverse soil conditions exist.

### EASEMENTS/ENCROACHMENTS

As mentioned previously, we were provided a survey. Our inspection of the property found typical easements provided to the utility companies. These utility easements were not determined to represent an impediment to development of the site. Within this analysis we have assumed that there are no adverse conditions, resulting from any unknown encroachments, easements or rights-of-way.

## COVENANTS/RESTRICTIONS

There are no known restrictions or covenants running with the property.

### LEGAL CONSTRAINTS

The neighborhood is under the zoning jurisdiction of the City of Myrtle Beach. Based on observations made during our inspection, zoning and land use patterns are complementary. Other than typical utility easements and rights-of-way, there are no apparent encumbrances on the sites that would adversely impact its utility or marketability, were it vacant and available for development.

## ACCESS / FRONTAGE

Access is adequate along S Ocean Boulevard. Frontage is adequate along S Ocean Boulevard.

## UTILITIES/SERVICES

Utilities available to the site include public water & sewer, electricity, natural gas and telephone service. The site has access to public water and sanitary sewer.

### **SUMMARY**

It is our opinion the site does not have any characteristics that would impede its potential development, were it vacant and available for development. Based on our inspection, the site is adequate to support multi-family development, and the property appears functionally adequate in each of the preceding categories.

APPRAISAL - 2010 S Ocean Blvd Myrtle Beach, SC- ZM2587 APP v1 - 11.13.24

# **IMPROVEMENT ANALYSIS**

This section provides a detailed description of the existing improvements and unit mix. It also provides the construction specifications for the property. The information set forth in this section of the report was taken from our inspection of the property on November 8, 2024, as well as information provided by the client and/or available through the public records.

# GENERAL DESCRIPTION OF EXITING IMPROVEMENTS

The property consists of one (1) residential apartment building totaling 25,011 gross square feet. The improvements were built in 1968/2023, with recent renovations to convert the property from a hotel to apartments. As of the date of inspection, the improvements appeared to be of average quality and condition.

PICTURE OF PACE VIEW I

# **EXTERIOR DESCRIPTION**

The exteriors of the building is concrete and steel, and the roofing is built-up flat.

## ACTUAL AGE/EFFECTIVE AGE/AND REMAINING ECONOMIC LIFE EXPECTANCY

The improvements were built in 1968/2023, and have an *actual age of 56 years*. Effective age is defined as the age indicated by the condition or utility of the property, which can be the same as, greater than, or less than the actual age of the property. Based on our conclusion that the property is functionally adequate, the *effective age is 20 years*. Based on information from the *Marshall Valuation Service*, buildings of similar type construction are estimated to have an economic life of 55 years. Therefore, the *remaining economic life is 35 years*. These estimates are based on national averages and are subject to a wide degree of variance in any given market.

### **ASSESSMENTS AND TAXES**

This section estimates the real estate taxes for the Pace View I. The property is located within the City of Myrtle Beach tax jurisdiction, within Horry County, South Carolina, and is therefore subject to city and County tax assessment(s) established annually. The rate(s) are based on 6.0% of the assessed value.

### **REVALUATION**

Horry County reappraisals takes place at every five years. The last reappraisal for Horry County was in January, 2023, and the next reevaluation is scheduled for 2028.

#### TAX RATES

The 2024 tax rates for assessed value are as follows.

APPLICABLE TAX RATES								
Year	Horry County	City of Myrtle Beach	Other	Total				
2024	0.0834	0.1712	0.0000	0.2546				

#### ESTIMATED REAL ESTATE TAXES AS IS

As shown in the following table, the estimated 2024 real estate taxes are \$55,622.42, based on the 2024 assessment and current tax rates.

REAL ESTATE TAXES SUMMARY									
Formula				а	b	С	d	$e = a \times b \cdot c + d$

# ASSESSABLE TRANSFER OF INTEREST

One provision of the South Carolina Real Property Valuation Reform Act of 2006 was the creation of Assessable Transfer of Interest (ATI), which is defined as a transfer of an existing interest in real property. The Act also caps increases in value of all property to 15% during the five-year reassessment cycle. However, properties involved in an ATI are not subject to the 15% cap although what constitutes an ATI is not always clear. Following the 2006 legislature, most South Carolina county assessors began adjusting values to the sales price following an ATI, commonly referred to as "Point of Sale Assessment."

According to that legislation, when real property that is subject to the 6% assessment ratio – this applies to most commercial properties – undergoes an assessable transfer of interest after 2010,

that property is allowed a property tax exemption equal to 25% of ATI fair market value (Point of Sale Assessment). However, no exemption value may be less than current fair market value of the parcel.

Based on the current tax laws, property taxes are calculated on the greater of:

- (1) the ATI fair market value less the 25% exemption, which is essentially 75% of the sales price; or
- (2) the current fair market value in place at the time the ATI occurred.

The property would likely be reassessed at 75% of the purchase price.

### **ESTIMATED REAL ESTATE TAXES**

We applied the Income Approach based assessment method which iterates the real estate taxes assuming an overall capitalization rate and property value. As shown in the following table, we applied the ATI 25% discount to our Final Value (Rounded) from the Income Approach of \$8,235,000, resulting in our Estimated Assessment Value. This is an iterative calculation since the stabilized net operating income is dependent upon the real estate taxes. Applying the assessment rate and tax rate results in estimated real estate taxes of \$94,348, or \$1,387 per unit.

PROJECTED MARKET RATE REAL ESTATE TAXES INCOME APPROACH BASED ASSESSMENT PACE VIEW I							
Description							
= Rounded Indicated Value	\$8,235,000						
- 25% (i.e. 25% ATI sale/transfer Discount)	-\$2,058,750						
= Estimated Assessment Value	\$6,176,250						
x Assessment Rate	6.00%						
= Final Assessment	\$370,575						
x Tax Rate	0.2546						
= Projected Real Estate Taxes	\$94,348						
Projected Real Estate Taxes Per Unit	\$1,387						

# TAX COMPARABLES

We analyzed the assessments of comparable communities to determine if the real estate tax assessment is reasonable. As shown in the following table, assessed values range from \$62,186 to \$169,870 per unit. Pace View I has a current assessment of \$53,547 per unit. This is slightly below the comparable range but appears reasonable.

APARTMENT TAX COMPARABLES									
		Year		Land Asse	essment	t Building Assessment		Assessed Value

# **ZONING/LAND USE CONTROL**

This section analyzes the property's zoning to determine if it conforms to the zoning standards. The permitted uses are identified, development standards are analyzed, and the off-street parking standard is tested.

# **ZONING DESIGNATION**

As shown in the following map, the property is located within the City of Myrtle Beach jurisdiction for zoning, and are currently zoned **PUD**, **Planned Unit Development District**.

**ZONING MAP** 

### DISTRICT DEFINITION

The following from the zoning ordinance shows the definition of the **PUD**, **Planned Unit Development District.** 

# Section 1903. Planned Unit Development (PUD)

Planned Unit Developments (PUD) are districts or development projects comprised of housing of different types and densities and of compatible commercial uses, or commercial centers, office parks, and mixed-use developments. A Planned Unit Development (PUD) is established by rezoning prior to development and is characterized by a unified site design for a mixed use development.

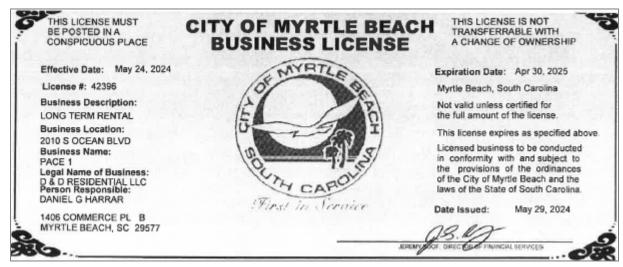

# PERMITTED USES

As shown in the following, the PUD district requires an application process and approvals for any use to be permitted.

1903.C. Application procedures.

- Pre-Application Conferences. The petitioner shall request a staff conference and a pre-application conference with the Planning Commission by submitting to the Planning Director a completed Planned Unit Development (PUD) Pre-application Form and all of its required attachments. Additional supporting materials may be submitted for review to assist the petitioner in determining:
  - a. Whether the proposed Planned Unit Development (PUD) appears, in general, to be in compliance with the provisions of the zoning and other applicable Ordinances.
  - b. Whether it appears that any zoning amendment or variance is required.
  - c. Whether the proposed Planned Unit Development (PUD) meets the minimum Planned Unit Development (PUD) standards of Section 1903.B Planned Unit Development (*PUD*) *Minimum Standards*.
  - 2. Planned Unit Development (PUD) Application Requirements. A Planned Unit Development (PUD) shall be designed utilizing the standards addressed in Section 1903.B Planned Unit Development (*PUD*) *Minimum Standards*. The application and all of its requisite attachments and copies shall be filed with the Planning Director no later than the last deadline prior to the application's

According to Daniel Harrar (owner), he was approved by the Planning & Zoning Department to convert the property's use from a hotel to apartments (long term rental). The following picture shows the business license obtained through the process of converting the property from a hotel to apartments (long term rentals).

PICTURE OF BUSINESS LICENSE

### **DEVELOPMENT STANDARDS**

The development standards for the district are dependent on the approval process.

# **OFF-STREET PARKING**

As shown in the following excerpt, the off-street parking requirement is a minimum of one (1) parking space per 600 gross square feet of floor space, not to exceed 3 spaces per dwelling unit.

Article 10. PARKING AN	D LOADING REQUIREMENTS
ity of Myrtle Beach, SC	ZONING ORDINANCE
Permitted Uses	Minimum Required Parking Spaces (DU=dwelling unit; SF=square feet; fractional calculations shall be rounded up)
All office uses	1 space per 300 SF of gross building area. See sec. 1006.G.3 - Office Uses for exceptions.
All single-family residential uses	2 spaces per DU
All two-family and multi-family residential uses	space per 600 SF of gross floor space excluding yards, not to exceed 3 spaces per DU.
Amusement and theme parks	Designed capacity of the park divided by 2 1/2

APPRAISAL - 2010 S Ocean Blvd Myrtle Beach, SC- ZM2587\_APP\_v1 - 11.13.24

As shown in the following table, the property is required to have a 42 parking spaces. The property has 78 parking spaces which appears to satisfy the current parking requirement.

PACE VIEW I								
REQUIRED OFF-STREET PARKING								
	Total							
Gross Square Feet	25,011							
<ul> <li>Parking Space per ft<sup>2</sup></li> </ul>	600							
= Off-Street Parking Requirement 42								

# CONCLUSION

The property appears to be a *legal conforming use.* The property is a permitted use, appears to conform to the development standards, and meets the off-street parking requirements.

APPRAISAL - 2010 S Ocean Blvd Myrtle Beach, SC- ZM2587\_APP\_v1 - 11.13.24

# MARKETING AND EXPOSURE TIME

The marketability analysis focuses on marketing time and exposure time, both of which are functions of time, price, use, and market conditions. The *market conditions* component distinguishes marketing time from exposure time because these two conditions often differ in a dynamic market. USPAP defines **MARKETING TIME** as "an opinion of the amount of time it might take to sell a real or personal property interest at the concluded market value or a benchmark price during the period immediately after the effective date of an appraisal." Marketing time is a forecast that is made looking forward from the effective date of an appraisal. USPAP defines **EXPOSURE TIME** as the "estimated length of time that the property interest being appraised would have been offered on the market prior to the hypothetical consummation of a sale at market value on the effective date of the appraisal." Exposure time is a retrospective opinion, presumed to precede the effective date of an appraisal, based on an analysis of past events assuming a competitive and open market.<sup>4</sup>

# MONTHS TO SALE

The following graph from CoStar shows the months to sale trend for market rate multi-family with up to 100 units in a 30-mile radius area from 2020 Q1 to November 2024. The Months to Sale is a measure of exposure time. The Months to Sale ranged from 1.1 to 16.1 months during the period. We used a larger area than our CMA in order to obtain sufficient market information. We used a larger area than our CMA in order to obtain sufficient market information.

# **CONCLUSION**

Overall, we estimate a typical marketing time and exposure time of 6 months.

# **HIGHEST AND BEST USE**

This section identifies the highest and best use of the property. The determination of the highest and best use is used to identify the most profitable, competitive use to which the subject can be put.<sup>5</sup> The highest and best use is defined as the reasonably probable use of property that results in the highest value. The four criteria that the highest and best use must meet are legal permissibility, physical possibility, financial feasibility, and maximum productivity.<sup>6</sup> The highest and best use for land or a property is defined As If vacant and As Improved. The highest and best use is analyzed using four criteria:

- 1. Legally permissible
- 2. Physically possible
- 3. Financially feasible
- 4. Maximally productive

The property is existing apartments; therefore, we analyzed the property "As If Vacant" and "As Improved".

# AS IF VACANT

This section analyzes the highest and best use of the property as if vacant. The highest and best use of a site as though vacant assumes that a parcel of land is vacant or that it can be made vacant through the demolition of any improvements.

#### LEGALLY PERMISSIBLE

The first criterion for analyzing the highest and best use of a property identifies what uses are legally permissible under the current zoning classification and/or deed restrictions. The property is zoned *PUD, Planned Unit Development District* by the City of Myrtle Beach which allows for a variety of uses. There were no additional zoning use restrictions with respect to the property.

#### PHYSICALLY POSSIBLE

The second criterion for analyzing the highest and best use of the site considers what uses would be physically adaptable to the site. Some uses may be inappropriate due to physical characteristics such as size, shape, ingress and egress, utilities, soil conditions, and topography. The site is 0.70 acres, and is large enough to accommodate apartments. Ingress and egress are considered good, the site has average visibility and access to municipal utilities. Soil conditions are assumed to be adequate for development. Based on the physical characteristics of the site, it is our opinion the site is physically capable of supporting commercial development.

APPRAISAL ZAWTOCKIMUNN

APPRAISAL - 2010 S Ocean Blvd Myrtle Beach, SC- ZM2587\_APP\_v1 - 11.13.24

<sup>&</sup>lt;sup>5</sup> The Appraisal of Real Estate Appraisal. 14th ed. Chicago, IL: The Appraisal Institute. 2013. Pages 331-332.

<sup>&</sup>lt;sup>6</sup> The Dictionary of Real Estate Appraisal. 6th ed. Chicago, IL: The Appraisal Institute. 2015. Page 93.

#### FINANCIAL FEASIBILITY

The third criterion for determining the highest and best use analyzes those uses that are financially feasible. In considering the physical characteristics of the site, the current zoning, and surrounding land use pattern, the most likely use is considered to be commercial development. As shown in the Market Analysis earlier in this report, market conditions are stable. Therefore, **commercial development** is financially feasible.

## MAXIMALLY PRODUCTIVE

The fourth criterion for analyzing highest and best use considers what uses are maximally productive. In considering the physical characteristics of the property, the current zoning, and surrounding land use pattern, the most likely use of the site, as vacant, is *commercial development*.

#### CONCLUSION

In summary, it is our opinion the highest and best use of the site, as vacant, is *commercial* development.

### **AS IMPROVED**

This section analyzes the highest and best use of a property As Improved, or as the property currently exists. The result should conclude if the existing improvements should be maintained, renovated, expanded, partially demolished, or completely demolished and replaced with a different type use altogether. The following considerations have been made along with those previously mentioned in the "as vacant" analysis.

#### LEGALLY PERMISSIBLE

The legally permissible uses of the subject, as improved, cannot be different from those uses mentioned in the "as vacant" analysis. Because the existing use of the site conforms to existing zoning regulations, it is legally permissible and an appropriate use.

### PHYSICALLY POSSIBLE

The property includes five-story apartments, with 25,011 gross square feet. The site has adequate land area for parking and driveways.

### FINANCIALLY FEASIBLE

It was concluded in the "as vacant" section that *commercial development* would be the most financially feasible use of the site. It is our opinion that *apartments* represent the most financially feasible use of the property, based on allowed uses under the zoning ordinance and the prices and rents achieved in the market.

APPRAISAL - 2010 S Ocean Blvd Myrtle Beach, SC- ZM2587 APP v1 - 11.13.24

# MAXIMALLY PRODUCTIVE

Based on rental rates and occupancy levels in the competing market area, *apartments* represent the maximally productive use of the improvements.

# CONCLUSION

In summary, it is our opinion *apartments* is the highest and best use of the property "as improved". The most likely user(s) are renters, and the most likely owner is a local or regional investor.

APPRAISAL - 2010 S Ocean Blvd Myrtle Beach, SC-ZM2587\_APP\_v1 - 11.13.24

# **VALUATION ANALYSIS**

We developed the Income and Sales Comparison Approaches to value. We omitted the Cost Approach. The Cost Approach is most applicable for proposed or new construction. The computations, which accompany each approach, will be outlined on the following pages for the reader's reference.

APPRAISAL ZAWTOCKIMUNN 51

# **INCOME APPROACH**

The Income Approach is an appraisal procedure which converts an expected income stream into an indication of market value. The underlying premise is an informed purchaser will pay no more for the subject property than for another property, which has an income stream of comparable quantity, quality and durability.

### **METHODOLOGY**

Pace View I is a small, stabilized property. We developed the direct capitalization method which capitalizes the Net Operating Income to arrive at an opinion of value. Direct Capitalization is typically of primary importance for properties with stable income streams, or income streams which have changes in income in a straight line over a predictable time frame. Direct capitalization is a typical valuation method for valuing larger apartment communities but can also be used to help arrive at the value of smaller communities.

We did not develop the Discounted Cash Flow (DCF) method. A discounted cash flow analysis is best suited to measure the net present value of volatile income stream. This method of valuation is typically of primary significance in the analysis of large properties, properties undergoing lease-up, and/or properties with significant changes in the income stream over the anticipated holding period, or properties where the improvements have either a short-term lease or a short remaining economic life.

### **APPRAISAL DATES**

The following identify the various appraisal dates:

As Is: November 8, 2024 (Date of property inspection)

APPRAISAL - 2010 S Ocean Blvd Myrtle Beach, SC- ZM2587 APP v1 - 11.13.24

# **RENT ROLL**

The following table on the next page shows the rent roll for the property. There are 68 units, and the property is near full occupancy (93%). These are based on the most recent rent roll provided which is dated August 6<sup>th</sup>, 2024. According to Daniel Harrar, the remaining vacant units will be rented within a week.

# **AVERAGE CONTRACT RENTAL RATES**

The following table shows the average contract rental rates for Pace View I. The average contract rental rates range from \$1,309 for the Studio unit to \$1,407 for the 1 Bedroom unit.

PACE VIEW I AVERAGE CONTRACT RENTAL RATES								
Formula				а	b	$c = b \div a$		
Unit			Total	Unit Size	Average	Contract		
Type	Beds	Baths	Units	(ft²)	Rent	Per ft <sup>2</sup>		
1 Bedroom	1	1	26	710	\$1,407	\$1.98		
Large Studio	0	1	2	610	\$1,350	\$2.21		
Studio	0	1	40	520	\$1,309	\$2.52		
Total/Average			68	595	\$1,348	\$2.26		

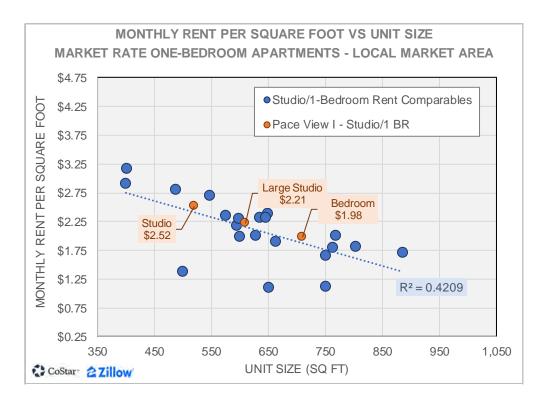

# MARKET RENT DETERMINATION

In order to determine market rents for the units, we compared rental rate(s) for the units to the most similar properties available. We searched for market rate studio and one-bedroom units in multifamily dwellings within the local market area for Pace View I. The following table shows the various properties we used in our analysis. We obtained this information from primary research using *CoStar* and *Zillow*.

	MARKET RATE RENT COMPARABLES						
	LOC	CAL MARKET Year	AREA	C4	dio/1 Bedro	om.	
Index	Name	Built	Units	Size (ft²)	Rent (\$)	\$/ft²

21	Hawthorne at the Mill	2024	290	803	\$1,467	\$1.83	

### **ONE-BEDROOMS**

The following graph plots the rent per square foot by unit size for market rate studio/one-bedroom units compared to the current contract average rents per square foot for Pace View I. The current average contract lease rates for the studios and one-bedrooms at Pace View I range from \$1.98 to \$2.52 per square foot, and all unit types appear to be at market rates. *Therefore, we selected the current contractual average rental rates in our analysis for both Studios and 1 Bedrooms.* 

# POTENTIAL RENTAL INCOME

The following table shows the Potential Rental Income of \$1,099,808, using our selected rents on the 68 units. This amount does not include any Other Income.

PACE VIEW I POTENTIAL RENTAL INCOME									
Formula			а	a b $c = a \times b  d = c \times 12$

### OTHER INCOME

Other income includes items such as late fees, application fees, short-term lease fees, return check fees, drink commissions, deposit forfeitures, pet fees, cleaning/damage charges, and miscellaneous charges. In addition, such items as garage units, storage units, fireplaces, vaulted ceilings, floor levels, views, etc. are included. As shown in the following table, there is no Pro-Forma Other Income for Pace View I.

PRO-FORMA OTHER INCOME				
PACE VIEW I				
	Revenue			
Year	Total	Per Unit		
2024	\$0	\$0		
Average	\$0	\$0		

We divided Other Income into four typical Other Income categories, and analyzed each of these subcateories separately. The categories are Garage Revenue, Utility Reimbursements, Fee Income, and Additional Other Income.

### **GARAGE REVENUE**

Pace View I does not have garages. Therefore, we did not allocate any garage revenue as Other Income.

# UTILITY REIMBURSEMENTS

As shown in the following table, there is no Pro-Forma Utility Reimbursement Income for Pace View I. We selected no Utility Reimbursements for Pace View I.

PRO-FOR REIMBURSEI PACE		NCOME	
	Revenue		
Year	Total	Per Unit	
2024	\$0	\$0	
Average	\$0	\$0	

### **FEE INCOME**

Fee Income represents any fees collected during the lease, including but not limited to application fees, pet fees, administration fees, and cleaning fees. As shown in the following table, the expense comparables have Fee & Add'l Other Income ranging from \$0 to \$1,580 per unit.

MARKET COMPARABLE STABILIZED PER UNIT						
Category	Comparable	1	2	3	4	
Fee & Add'l Other Income	Per Unit	\$1,580	\$1,220	\$0	\$0	

As shown in the following table there is no Pro-Forma Fee Income. We selected no Fee Income for Pace View I.

PRO-FORMA FEE INCOME				
PACE VIEW I				
	Revenue			
Year	Total	Per Unit		
2024	\$0	\$0		
2024	φU	ΨΟ		

#### ADDITIONAL OTHER INCOME

The final sub-category of Other Income is Additional Other Income. This includes all remaining types of Other Income. As shown in the following table, the expense comparables have Fee & Add'l Other Income ranging from \$0 to \$1,580 per unit.

MARKET COMPARABLE STABILIZED PER UNIT						
Category	Comparable	1	2	3	4	
Fee & Add'l Other Income	Per Unit	\$1,580	\$1,220	\$0	\$0	

As shown in the following table there is no Pro-Forma Additional Other Income. We did not allocate any Additional Other Income for Pace View I.

	ADDITIONA NCOME CE VIEW I	AL OTHER		
	Revenue			
Year	Total	Per Unit		
2024	\$0	\$0		
Average	\$0	\$0		

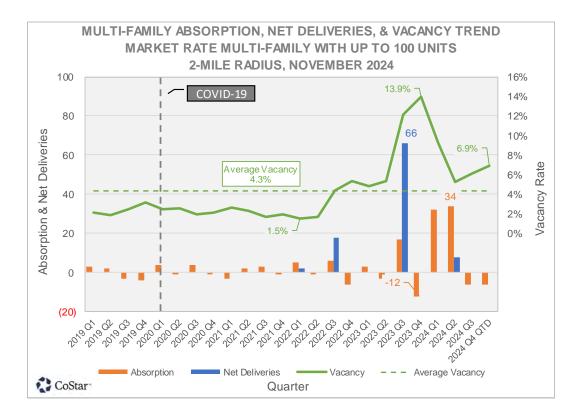

### OTHER INCOME CONCLUSION

As shown in the following table, combining Garage Income, Utility Reimbursements, Fee Income, and Additional Other Income, we estimated Total Other Income of \$0, or \$0 per unit annually. Based on the preceding analysis, this appears reasonable.

Other Income	Per Unit	Annual
Garage Revenue	\$0	\$0
Utility Reimbursements	\$0	\$0
Fee Income	\$0	\$0
Add'l Other Income	\$0	\$0
Total Other Income	\$0	\$0

## VACANCY AND COLLECTION LOSS

The following graph shows the Absorption, Net Deliveries, and Vacancy Rate trend for a 5-year period in the CMA. Absorption ranged from -12 to 34 unit(s) during the period. The maximum number of Net Deliveries was 66 unit(s). The vacancy rate ranged from 1.5% to 13.9% and is currently 6.9%. The average vacancy rate during the period was 4.3%.

Therefore, we utilized a combined vacancy and collection loss rate of 6.50%. This rate includes frictional and general vacancy as well as collection and credit loss. This rate also includes losses from any model and employee units, and any rent concessions. As shown in the table below, this results in vacancy and collection loss of (\$71,488).

VACANCY AND COLLECTION LOSS					
PACE VIEW I					
		Per Unit	Annual		
Potential Gross Income		\$16,174	\$1,099,808		
Vacancy & Collection Loss	6.50%	(\$1,051)	(\$71,488)		

# EFFECTIVE GROSS INCOME (EGI)

As shown in the following table, the expense comparables have Effective Gross Income ranging from \$12,838 to \$17,059 per unit.

MARKET COMPARABLE STABILIZED EFFECTIVE GROSS INCOME PER UNIT						
Category	Comparable	1	2	3	4	
Effective Gross Income	Per Unit	\$17,059	\$15,810	\$12,838	\$13,215	

As shown in the following table, we selected a stabilized Effective Gross Income projection totaling \$1,028,320, or \$15,122 per unit.

The following analyzes each standardized expense category and applies a stabilized amount for the direct capitalization analysis.

#### **REAL ESTATE TAXES**

As shown in the following table, we selected a stabilized Real Estate Taxes expense totaling \$94,348, or \$1,387 per unit. Since the total real estate taxes using the ATI discount from market value is higher than the current estimated real estate taxes, we applied this amount in our analysis.

PROJECTED MARKET RATE REAL ESTATE TAXES INCOME APPROACH BASED ASSESSMENT PACE VIEW I

x Assessment Rate	6.00%		
= Final Assessment	\$370,575		
x Tax Rate	0.2546		
= Projected Real Estate Taxes	\$94,348		
Projected Real Estate Taxes Per Unit	\$1,387		

#### PROPERTY INSURANCE

This expense includes liability insurance. In concluding an appropriate Property Insurance expense, we considered several factors. As shown in the following table, the expense comparables have Property Insurance expenses ranging from \$505 to \$1,348 per unit.

MARKET COMPARABLE STABILIZED PROPERTY INSURANCE EXPENSE PER UNIT					
Category	Comparable	1	2	3	4
Property Insurance	Per Unit	\$819	\$505	\$553	\$1,348

As shown in the following table, we selected a stabilized Property Insurance expense totaling \$57,800, or \$850 per unit.

PACE VIEW I				
STABILIZED PROPERTY INSURANCE PROJECTION				
	As Is/At Stabilization			
Category	Total	% of EGI	Per Unit	
Property Insurance	\$57,800	5.6%	\$850	

#### **UTILITIES**

These include utilities and electricity for the clubhouse, outdoor lighting, as well as all common areas and vacant apartment units. In addition, water, gas, and fuel are comingled in this expense category. As shown in the following table, the expense comparables have Utilities expenses ranging from \$600 to \$1,071 per unit.

MARKET COMPARABLE STABILIZED UTILITIES EXPENSE PER UNIT						
Category	Comparable	1	2	3	4	
Utilities	Per Unit	\$600	\$647	\$1,055	\$1,071	

As shown in the following table, we selected a stabilized Utilities expense totaling \$68,000, or \$1,000 per unit.

PACE VIEW I				
STABILIZED UTILITIES PROJECTION				
	As Is/At Stabilization			
Category	Total	% of EGI	Per Unit	
- Julio gol y	IOlai	/0 OI LGI	I CI OIIIL	

#### **REPAIRS & MAINTENANCE**

This includes all expenses necessary to maintain the buildings, except capital expenses, including roof replacement, major carpet replacement, and etc. In addition, garbage removal, decorating, elevator, exterminating, and grounds expenses are comingled in this category. As shown in the following table, the expense comparables have Repairs & Maintenance expenses ranging from \$329 to \$4,326 per unit.

MARKET COMPARABLE STABILIZED REPAIRS & MAINTENANCE EXPENSE PER UNIT						
Category	Comparable	1	2	3	4	
Repairs & Maintenance	Per Unit	\$329	\$944	\$4,326	\$520	

As shown in the following table, we selected a stabilized Repairs & Maintenance expense totaling \$68,000, or \$1,000 per unit.

PACE VIEW I				
STABILIZED REPAIRS & MAINTENANCE PROJECTION				
As Is/At Stabilization				
Category	Total	% of EGI	Per Unit	
Repairs & Maintenance	\$68,000	6.6%	\$1,000	

#### MANAGEMENT FEE

Apartment communities typically require professional management in addition to those functions carried out by on-site management. The management fee is intended to compensate the professional manager for making management and marketing decisions, hiring and supervising on-site management, and taking the responsibility for the overall financial success of the project. Market participants indicate management fees typically range from 3 to 6 percent of EGI for market rate properties, and a little higher for Low Income Housing Tax Credit (LIHTC) properties. As shown in the following table, the expense comparables have Management Fee expenses ranging from 3.3% to 7.0% of EGI.

MARKET COMPARABLE STABILIZED MANAGEMENT FEE EXPENSE PER UNIT					
Category	Comparable	1	2	3	4
Management Fee	% of EGI	3.5%	3.3%	7.0%	5.0%
Management Fee	Per Unit \$5	\$597	\$527	\$899	\$661

As shown in the following table, we selected a stabilized Management Fee expense totaling \$51,416, or 5.00% of EGI. This is a typical Management Fee expense assuming a market rate community.

PACE VIEW I				
STABILIZED MANAGEMENT FEE PROJECTION				
	As Is/At Stabilization			
Category	Total	% of EGI	Per Unit	
Management Fee	\$51,416	5.00%	\$756	

#### **PAYROLL & BENEFITS**

Payroll & Benefits expenses include salaries, insurance benefits, and tax contributions. As shown in the following table, the expense comparables have Payroll & Benefits expenses ranging from \$0 to \$2,168 per unit. *Many smaller communities do not have full-time management personnel and are owner-managed.* 

MARKET COMPARABLE STABILIZED PAYROLL & BENEFITS EXPENSE PER UNIT					
Category	Comparable	1	2	3	4
Payroll & Benefits	Per Unit	\$2,168	\$1,286	\$238	\$0

As shown in the following table, we selected a stabilized Payroll & Benefits expense totaling \$40,800, or \$600 per unit. The market would impute some stabilized expense for Payroll & Benefits. As a smaller community, the market would likely assume an expense for only a part-time Property Manager.

PACE VIEW I STABILIZED PAYROLL & BENEFITS PROJECTION					
	As Is/At Stabilization				
Category	Total	% of EGI	Per Unit		
Payroll & Benefits	\$40,800	4.0%	\$600		

#### **ADVERTISING & MARKETING**

This expense includes advertising in newspapers, apartment guides, and etc. As shown in the following table, the expense comparables have Advertising & Marketing expenses ranging from \$0 to \$257 per unit.

MARKET COMPARABLE STABILIZED	D ADVERTISING	& MARKE	TING EXF	PENSE PI	ER UNIT
Category	Comparable	1	2	3	4
Advertising & Marketing	Per Unit	\$257	\$152	\$0	\$3

As shown in the following table, we selected a stabilized Advertising & Marketing expense totaling \$5,100, or \$75 per unit.

PAC STABILIZED ADVERTISIN	CE VIEW I G & MARKI	ETING PRO	JECTION			
	As Is/At Stabilization					
Category	Total	% of EGI	Per Unit			
Advertising & Marketing	\$5,100	0.5%	\$75			

#### PROFESSIONAL FEES

This expense category includes the cost of legal and accounting services. As shown in the following table, the expense comparables have Professional Fees expenses ranging from \$8 to \$98 per unit.

MARKET COMPARABLE STAI	BILIZED PROFESSI	ONAL FEE	S EXPEN	ISE PER U	JNIT
Category	Comparable	1	2	3	4
Professional Fees	Per Unit	\$12	\$8	\$85	\$98

APPRAISAL - 2010 S Ocean Blvd Myrtle Beach, SC-ZM2587\_APP\_v1 - 11.13.24

As shown in the following table, we selected a stabilized Professional Fees expense totaling \$5,100, or \$75 per unit.

PACE VIEW I STABILIZED PROFESSIONAL FEES PROJECTION				
	As Is/	At Stabiliza	ation	
Category	Total	% of EGI	Per Unit	
Professional Fees	\$5,100	0.5%	\$75	

#### **GENERAL & ADMINISTRATIVE**

This expense category includes fees for postage, travel, and other miscellaneous fees. As shown in the following table, the expense comparables have General & Administrative expenses ranging from \$22 to \$609 per unit.

MARKET COMPARABLE STABILIZED	GENERAL & AI	DMINISTR	ATIVE EX	PENSE P	ER UNIT
Category	Comparable	1	2	3	4
General & Administrative	Per Unit	\$609	\$535	\$22	\$168

As shown in the following table, we selected a stabilized General & Administrative expense totaling \$20,400, or \$300 per unit.

PAC STABILIZED GENERAL & A	E VIEW I ADMINISTR	ATIVE PRO	JECTION			
	As Is/At Stabilization					
Category	Total	% of EGI	Per Unit			
General & Administrative	\$20,400	2.0%	\$300			

#### OTHER EXPENSES

This expense category accounts for any other expenses not covered in the preceding expense categories. This can include land leases. Neither the comparables nor Pace View I had Other Expenses. Therefore, we did not allocate anything to this expense category.

#### RESERVES FOR REPLACEMENT

Reserves for Replacement is an annual allowance set aside for the replacement of those short-lived items, which have a life expectancy less than the buildings. These include air conditioning units, kitchen appliances, roof coverings, and floor coverings. Reserves for Replacement many times are not allocated in operating expenses, since items requiring replacement are paid using current cash flow. We find that the market will typically allocate Reserves for Replacement ranging from \$200 to \$250 per unit. Therefore, we estimated an allowance of \$20,400, or \$300 per unit.

PAC	E VIEW I				
STABILIZED RESERVES FOR REPLACEMENT PROJECTION					
	As Is/	At Stabiliza	ation

#### **DIRECT CAPITALIZATION**

Direct capitalization converts a single year's estimated stabilized net operating income into value. The following subsections represent different techniques to derive an overall capitalization rate. In order to estimate the overall capitalization rate, we analyzed sales extraction, a published investor survey, and the band of investment method.

#### SALES EXTRACTION

The following graph using information from *CoStar* shows a histogram of the overall capitalization rates of market rate communities in a 75-mile radius after November 2022. There were 10 communities, and the largest cohorts had overall capitalization rates from 5.00% - 5.75% and 6.50% - 7.25%, each with 3 communities.

The following table shows the list of sales from the histogram above.

OVERALL CAPITALIZATION RATE SALES						
MARKET RATE COMMUNITIES - 75-MILE RADIUS - AFTER AUGUST NOVEMBER 2022						
			Year	Sale		
Property Name	City	Units	Built	Date	Price	OAR
Spring Hill	Johnsonville	24	2001	August 5, 2024	\$1,200,000	7.05%
Ravenwood	Florence	44	1979	July 25, 2024	\$2,640,000	7.00%
Abiding Branch Apartments	Myrtle Beach	10	1984	April 15, 2024	\$1,080,000	11.92%

20 Virgil Ln	Wilmington	4	2008	March 8, 2023	\$1,249,000	5.24%
Breakers Point	Myrtle Beach	216	2007	January 19, 2023	\$45,792,000	5.13%
Bentree Apartments	Florence	132	1987	January 6, 2023	\$10,500,000	6.00%
Litchfield Oaks	Pawleys Island	192	1997	December 14, 2022	\$41,000,000	4.06%
The Banks at Bridgewater	Little River	252	2021	December 2, 2022	\$64,804,000	5.60%

#### PUBLISHED INVESTOR SURVEY

The *PwC Real Estate Investor's Survey* (3<sup>RD</sup> Quarter 2024) indicates overall rates for the Southeast Region range from 4.50% to 6.50% and average 5.63%. Pace View I should have an overall capitalization rate above this range. These represent capitalization rates of proven institutional grade communities.

Table 1

OVERALL CAPITALIZATION RATE ANALYSIS

Third Quarter 2024

	OVERALL CAP RATES			
	Low	High	Average	
Apartment Markets				
National	4.00%	7.50%	5.38%	
Mid-Atlantic Region	5.00%	6.50%	5.71%	
Pacific Region	4.50%	6.50%	5.21%	
Southeast Region	4.50%	6.50%	5.63%	

#### **BAND OF INVESTMENT**

We also developed a band of investment analysis, based on the estimated mortgage rate and an estimated term of the loan. We relied on information found in an internet-based source called *RealtyRates.com* as of 3<sup>rd</sup> *Quarter 2024*. As shown in the following table, mortgage rates for Apartments - Garden/Suburban Townhouse properties range from 5.05% to 8.20% and average 6.63%. The loan to value ratio ranges from 65% to 90% and average 78%, amortized monthly for an average amortization period of 28 years. The equity dividend rate ranges from 4.70% to 12.33% and average 8.14%.

#### **INDICATED VALUE**

The following table on the next page shows our direct capitalization rate conclusions. Based on the various sources for overall capitalization rates, we selected an overall capitalization rate of 7.25% for Pace View I. The stabilized Net Operating Income and overall capitalization rate results in an Rounded Indicated Value of \$8,235,000.

### SALES COMPARISON APPROACH

This section develops the Sales Comparison Approach. This approach uses a set of procedures to derive a value indication by comparing the property being appraised to similar recently sold properties, applying a unit of comparison. Adjustments are made to the sale prices of comparable properties, using standard transactional and property elements of comparison. We utilized sales of similar apartment communities, with summary data presented on the following pages. We utilized local sales within the general market area. These are the best sales available and are the most comparable. Our analysis is based on the sales price per unit as the unit of comparison. The following is a picture of Pace View I.

PICTURE OF PACE VIEW I

#### **METHODOLOGY**

The following tables summarize each comparable sale. After the summary tables are a sales map and a comparison chart. The comparison chart analyzes each comparable's similarities and dissimilarities relative to the subject. We used percentage adjustments to reflect buyer perceptions to different property characteristics. The percentage adjustments indicate our rational for estimating value.

### **EXPLANATION OF ADJUSTMENTS**

The following are generally accepted adjustment categories. The transaction adjustments must be performed in order, but the physical adjustments are additive. An explanation of each adjustment category is as follows:

#### PROPERTY RIGHTS CONVEYED

No adjustments were found necessary for property rights appraised. All sales are fee simple, and no adjustments are required. The sales are Fee Simple subject to short term leases and are considered to have similar property rights as Pace View I.

#### FINANCING TERMS

All sales were for cash or cash equivalent sales, and no adjustments were required.

APPRAISAL - 2010 S Ocean Blvd Myrtle Beach, SC-ZM2587\_APP\_v1 - 11.13.24

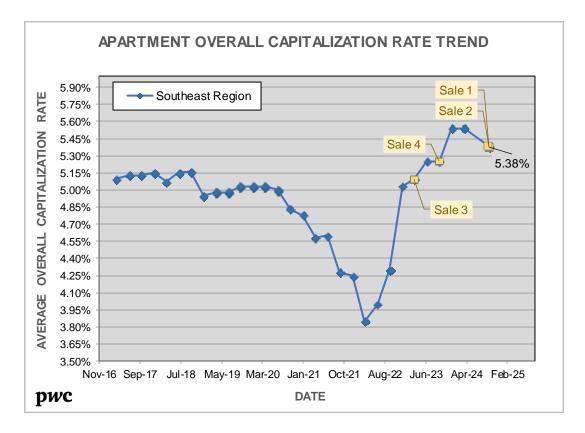

#### CONDITIONS OF SALE (MOTIVATION)

Typical adjustments under this category include adjustments for plottage, purchasing additional land for expansion, disposal of unwanted fixed assets off corporate accounting books, or other typically motivated sales.

- Sale 1 had typical buyer and seller motivations, and no adjustment was made.
- Sale 2 had typical buyer and seller motivations, and no adjustment was made.
- Sale 3 had typical buyer and seller motivations, and no adjustment was made.
- Sale 4 had typical buyer and seller motivations, and no adjustment was made.

#### MARKET CONDITIONS (TIME)

The sales occurred between June 8, 2023 and August 26, 2024. The following graph shows the average overall capitalization rate for apartments in the Southeast Region. Overall capitalization rates are a good proxy of general market conditions. Since the beginning of 2022, the average overall capitalization rate has increased substantially, indicating weakening market conditions.

- Sale 1 was made during similar market conditions, and no adjustment was made.
- Sale 2 was made during similar market conditions, and no adjustment was made.
- Sale 3 was made during stronger market conditions and was adjusted downward.
- Sale 4 was made during stronger market conditions and was adjusted downward.

#### **EXPENDITURES AFTER SALE**

Comparable properties can be adjusted for any additional investment (e.g., curing deferred maintenance) required to make the property salable. None of the comparables had any known expenditures after sale. Therefore, no adjustments were made.

#### **LOCATION**

Pace View I is located in a suburban area of Myrtle Beach, South Carolina. We estimated the strength of location by comparing the median household incomes within a 1-mile radius. The following table shows the comparisons to Pace View I. We used this analysis to provide a general indication of the strength of location. A significant difference in household income is required to warrant any adjustment.

LOCATION ANALYSIS  MEDIAN HOUSEHOLD INCOME  1-MILE RADIUS

3	Ocean Oak	\$55,848	41%	
4	Courtyard	\$29,642	-11%	
	Pace View I	\$32,797		

- Sale 1 has a superior location, with a higher median household income, and it was adjusted downward.
- Sale 2 has a similar location, with a similar median household income, and it no adjustment was made.
- Sale 3 has a superior location, with a higher median household income, and it was adjusted downward.
- Sale 4 has a similar location, with a similar median household income, and it no adjustment was made.

#### **COMMUNITY SIZE**

Pace View I has 68 units. There is a direct positive relationship between the sale price per unit and the number of units in multi-family communities.

- Sale 1 has 18 units, is similar in general size, and no adjustment was made.
- Sale 2 has 5 units, is similar in general size, and no adjustment was made.
- Sale 3 has 18 units, is similar in general size, and no adjustment was made.
- Sale 4 has 12 units, is similar in general size, and no adjustment was made.

APPRAISAL - 2010 S Ocean Blvd Myrtle Beach, SC- ZM2587 APP v1 - 11.13.24

#### **AVERAGE UNIT SIZE**

Pace View I has an average unit size of 595 square feet. We performed a regression analysis using several apartment community sales to estimate the magnitude and direction of the average unit size adjustment. As shown in the following tables, the regression results show an adjusted R Square of 0.59. The dependent variable was sale price per unit, and the independent variables were Avg Unit Size and Actual Age. Avg Unit Size has a coefficient of 85.68, and a t-statistic of 2.54. With a t-statistic over 2.0, the Avg Unit Size is a significant variable. The Actual Age variable also has a significant t-stat of -4.80.

Regression Statistics					
Multiple R	0.784				
R Square	0.615				
Adjusted R Square	0.59				
Standard Error	23303.1				
Observations	36				

Variable	Coefficients	Standard Error	t Stat
Intercept	36,392.20	36,974.54	0.98
Avg Unit Size	85.68	33.68	2.54
Actual Age	-1,529.85	318.93	-4.80

As shown in the following table, applying the Avg Unit Size regression coefficient to the sales results in the following regression indications which are suggested adjustments for average unit size. The Actual Age variable is accounted for in the Age/Condition adjustment below. *Since the regression analysis does not take into account location, property, size, construction quality, and community amenities, we discounted the regression indication results.* However, the results provide the direction of the adjustment and relative magnitude between the comparables.

AVERAGE UNIT SIZE ADJUSTMENT ANALYSIS							
	Subject	Sale 1	Sale 2	Sale 3	Sale 4		
Avg Unit Size (sq ft)	595	639	800	582	827		
x Regression Coefficient	85.68	85.68	85.68	85.68	85.68		
= Predicted Unit Price	\$51,007	\$54,752	\$68,547	\$49,868	\$70,860		
Difference From Subject		\$3,745	\$17,540	-\$1,139	\$19,853		
÷ Sale Price Per Unit		\$125,000	\$140,000	\$127,778	\$133,333		
= Regression Indication		-3%	-13%	1%	-15%		

- Sale 1 has a similar average unit size of 639 square feet, and no adjustment was made.
- Sale 2 has a larger average unit size of 800 square feet and was adjusted downward.
- Sale 3 has a similar average unit size of 582 square feet, and no adjustment was made.
- Sale 4 has a larger average unit size of 827 square feet and was adjusted downward.

#### AGE/CONDITION

Pace View I was built in the 1968/2023, and has an effective age of 20 year(s).

- Sale 1 was built in 1966/1985, has a similar effective age of 20 years, and no adjustment was made.
- Sale 2 was built in 1974, has a similar effective age of 20 years, and no adjustment was made.
- Sale 3 was built in 1960, has a similar effective age of 20 years, and no adjustment was made.
- Sale 4 was built in 1965, has a similar effective age of 20 years, and no adjustment was made.

#### **QUALITY/AMENITIES**

Pace View I is a five-story Class B/C community. It is constructed of concrete and steel, and has minimal community amenities.

- Sale 1 has similar amenities and construction quality, and no adjustment was made.
- Sale 2 has similar amenities and construction quality, and no adjustment was made.
- Sale 3 has similar amenities and construction quality, and no adjustment was made.
- Sale 4 has similar amenities and construction quality, and no adjustment was made.

#### RECONCILIATION

After making adjustments, the sales ranged from \$118,750 to \$126,000 per units, and averaged \$120,628 per units. We selected a value of \$121,000 per unit. Applying this to the 68 units yields an Indicated As Is Value (Rounded) of \$8,230,000. We did not make any deductions for rent loss, capital expense, or deferred maintenance (\$0) from the Indicated As Is Value (Rounded). The Final As Is Value (Rounded) is \$8,230,000 (Rounded).

VALUE RANGES & RECONCILED VALUE						
	Unadjusted	Adjusted	%∆			
Low	\$125,000	\$118,750	-5%			
High	\$140,000	\$126,000	-10%			
Average	\$131,528	\$120,628	-8%			
Median	\$130,556	\$118,881	-9%			
Reconciled Value/Unit		\$121,000				
Subject Size		68 units				
Indicated As Is Value (Rounded)		\$8,230,000				
Less Deferred Maint/Rent Loss/Bonus Value		\$0				
Final As Is Value (Rounded)		\$8,230,000				

SALES COMPARISON APPROACH AS IS - NOVEMBER 8, 2024 \$8,230,000

### RECONCILIATION

Final reconciliation is defined as the process of evaluating alternative value indications and forming an opinion of value from the approaches used in this report. In this process, we weigh the relative significance, applicability and reliability of the indication of value derived from each approach and place most credence on the one, which, in our professional judgment, best reflects the actions and thought processes of market participants. Two approaches were used to form our opinions of value, and they are presented in the following table:

SUMMARY OF VALUE INDICATIONS						
Property As Is						
Approach to Value	Rights	November 8, 2024				
Income Approach	Leased Fee	\$8,235,000				
Sales Comparison Approach	Leased Fee	\$8,230,000				

Experience indicates different investors are willing to pay varying amounts for the same property. This phenomenon is due to variations in expectations of income production potential, tax advantages or disadvantages, anticipated reversions, special financing and various other factors. Our selection of the final estimate of value is based primarily on the value estimates of the Income Approach with support from the Sales Comparison Approach. The Income Approach has primary significance when valuing small multi-family portfolio income producing real estate, and when sufficient market information such as comparable sales are available upon which to base estimates of value. Investors would not typically rely on the Cost Approach.

### FINAL VALUE CONCLUSIONS

The following table presents the summary of value conclusions.

FINAL VALUE CONCLUSIONS						
	Property		Final			
Premise	Rights	Date	Value			
As Is	Leased Fee	November 8, 2024	\$8,235,000			

APPRAISAL - 2010 S Ocean Blvd Myrtle Beach, SC- ZM2587 APP v1 - 11.13.24

# FINAL VALUE ALLOCATIONS

As shown earlier in this report, the estimated FF&E for the community is \$80,000.

PACE VIEW I SUMMARY OF FF&E COSTS							
Formula	а	b	$c = a \times b$				
Kitchen Appliance	Unit Cost	Number/Size	Cost New				
Appliances	\$2,250	68	\$153,000				
Replacement Cost New			\$153,000				
Soft Costs 5°	%		\$7,650				
Total FF&E Costs New			\$160,650				
Effective Age		10					
Economic Life		20					
Depreciation		50%	_				
Total FF&E Depreciation			(\$80,325)				
Total FF&E (Rounded)			\$80,000				

As shown in the following table, we allocated the final value among Real Estate and FF&E.

ALLOCATED FINAL VALUE CONCLUSIONS PACE VIEW I					
As Is					
Component	November 8, 2024				
Real Estate	\$8,155,000				
FF&E \$80,000					
Total	\$8,235,000

Multi-Family - Mid/High-Rise

This letter, along with the attached "Assignment Summary" will confirm your engagement to prepare a real estate appraisal on the referenced property on behalf of TD Bank.N.A. This engagement is subject to the specific terms and conditions outlined in the Request for Proposal in RIMS including, but not limited to, the comments section and any attached Reference Documents.

The purpose of the valuation is to estimate market value as defined by the Board of Governors of the Federal Reserve System, in accordance with Title XI of FIRREA (1989). Representatives of TD Bank, N.A. may perform an administrative or technical review of the report. Your full cooperation in the review process is deemed to be an integral part of this valuation assignment.

It is mutually agreed that your completed report will be uploaded through www.rimscentral.com to the undersigned on or before the date specified below, and that the total fee (including expenses) will not exceed the fee specified below. Unless otherwise agreed, a late penalty will be assessed at the rate of 3% of the original appraisal fee for each day the report remains outstanding beyond two business days of the scheduled delivery date. TD Bank, N.A. reserves the right to reject the report and deny payment for untimely delivery.

Date Appraisal Due: November 21, 2024 Total Fee: \$3,250 (inclusive of all expenses)

Where applicable, the valuation and report are to be prepared in conformance with the requirements of the Financial Institutions Reform, Recovery and Enforcement Act (FIRREA); the Interagency Appraisal and Evaluation Guidelines; the TD Bank, N.A. Appraisal Standards; and the Uniform Standards of Professional Practice (USPAP). The report should include a statement of the exposure time implicit in the value(s).

TD Bank, N.A. reserves the right to provide a copy of the report to the borrower, the borrower's representative, or any third party TD Bank, N.A. may deem appropriate. Further, TD Bank, N.A. reserves the right to terminate this assignment at any time without any further liability or obligation owed to you, if in the judgment of TD Bank, N.A. you have failed to perform in accordance with the terms and conditions set forth in this engagement letter. You will maintain the confidentiality and privacy of customer information obtained in the course of this assignment in compliance with USPAP and Regulation P, TitleV of the Gramm - Leach - Bliley Financial Modernization Act.

Please include a signed copy of this letter as an addendum to the completed report.

Sincerely,		11
