

Sec. 2-32. I-1, Light Industrial Zoning District.

<p>A. PURPOSE: The purpose of the I-1, Light Industrial Zoning District is to provide sites in appropriate locations for light industrial operations which do not generate objectionable on- or off-site impacts including odors; smoke; dust; refuse; electromagnetic interference; or noise (in excess of that customary to loading, unloading, and handling of goods and materials beyond the lot on which the facility is located); or which would have an adverse impact on the city's wastewater treatment system; or result in hazardous environments for workers or visitors. Consistent with the city's comprehensive plan, the I-1 zoning district is intended to implement comprehensive plan policies for managing light industrial land uses. This district is not intended to accommodate heavy industrial activities such as those identified herein as prohibited, nor is it intended to accommodate other heavy industrial uses.</p>
