## Conceptual Master Plan

### Condominium Site Development Project

December 22, 2017

- NOTES:**
- This plan has been compiled using previous boundary survey data and topographic information provided by other sources along with limited field observations.
  - This plan is intended for conceptual, preliminary planning purposes only. All information shown on this plan is preliminary and should not be used for the sale or conveyance of land or right-of-ways, or construction purposes. This plan is subject to future change and revision.
  - Dimensions, boundaries, and position locations are for illustrative purposes only and are not intended to be exact.
  - All lot sizes are estimated and subject to change based on actual field conditions.
  - Any estimated lot acerages which border subdivision roads include all area to the roadway centerline and do not exclude any road right-of-way areas.
