CONTINUED

- (a) Where lots comprising forty (40) percent or more of the frontage between adjacent streets are developed with building having a front yard setback not varying more than six (6) feet in depth, the average of such front yards shall establish the front yard setback; provided, however, that no front yard setback in excess of forty (40) feet shall be required.
- (b) Required side yards shall be increased to ten (10) feet for two-story buildings plus one (1) additional foot for each story in excess of two (2). This side yard requirement shall not be applicable to the R-6000 lots.
- (c) Accessory detached buildings, including garages: (1) a minimum of 8-feet must be maintained between structures, and (2) a 5-foot setback from rear and side property lines.
- (d) The use of different multiples of plexes shall not require additional square feet of lot space. (example: Under R-6000 zone a duplex and threeplex shall only require 11,500 square feet of lot space from a single lot or a combination of lots.
- (e) Lots in Lot 18, Block 38, shall have no front yard, side yard or backyard setback.
- (f) There shall be a five (5) foot side yard requirement where RNF lots are contiguous to a lot of a different zone classification.
- (g) The maximum height limitations shall be measured from the midpoint in the dwelling or other building where necessary so as to not unduly restrict building being built on sloping lots.

## OFF-STREET PARKING, LOADING, AND FENCING STANDARDS

Section 1 - General Requirements, Off-Street Parking

Each off-street parking space shall have a net area of not less than one hundred eighty (180) square feet exclusive of driveways or aisles and shall be of usable shape and condition. If the required parking spaces for a one- or two-family dwelling is not provided in a covered garage, then such space shall be provided with not less than one hundred eighty (180) square feet so located and/or constructed that it may later be covered by a garage structure in accordance with the provisions of these declarations.

Section 2 - Location

Off-street parking facilities shall be located as hereafter specified; where a distance is specified, such distance shall be in walking distance measured from the nearest point of the parking facility to the nearest point of the lot that such facility is required to serve:

- A. For one- (1) and two- (2) family dwelling: Off-street parking is required on the same lot with the building they are required to serve;
- B. For multiple dwellings: Off-street parking is required within a walking distance of one hundred (100) feet;
- C. For hospitals, convalescent homes, nursing homes, rest homes, homes for the aged, retirement homes, rooming and boarding houses, fraternity and sorority houses: Off-street parking is required within six hundred (600) feet; and
- D. For uses other than those specified above: Off-street parking within five hundred (500) feet is required.

Section 3 - Expansion and Enlargement

Whenever any building is enlarged in height or in ground coverage, off-street parking shall be provided for said expansion or enlargement in accordance with the requirements hereof; however, that no parking space be provided in the case of enlargement or expansion where the number of parking spaces required for such expansion or enlargement is less than ten percent of the parking spaces specified in this Paragraph 21.

Section 4 - Non-conforming Uses

1601244 PAGE 18 13

Nothing in these declarations shall be deemed to prevent the voluntary establishment of off-street parking or loading facilities to serve any existing use of land or buildings even though non-conforming provided that all declarations herein governing the location, design, and operation of such facilities are adhered to.

Section 5 - Mix Occupancies

In the case of mixed uses, the total requirements for the various uses shall be computed separately. Off-street parking facilities for one use shall not be considered as a substitute or for joint use.

Section 6 - Joint Use

- A. Up to 50 percent of the parking facilities required by this Article for primarily "night time" uses, such as theaters, bowling alleys, bars, restaurants, and related uses, may be supplied by certain other types of buildings or uses herein referred to as "day time" uses such as banks, offices, retail, personal-service shops, clothing, food, furniture, manufacturing or wholesale, and related uses; and
- B. Up to 100 percent of the parking facilities required by this section for a church or for an auditorium incidental to a public or parochial school may be supplied by the off-street parking facilities provided by uses primarily of a "day time" nature.

Section 7 - Conditions Required for Joint Use

The building or use for which application is being made to utilize the off-street parking facilities provided by another building or use shall be located within five hundred (500) feet of such parking facilities, in addition to which there shall be no substantial conflict in the principal operating hours at the two (2) buildings or uses for which joint use of off-street parking facilities.

Section 8 - Table of Minimum Standards - Off-Street Parking

Required parking spaces shall be in conformance with the following table and where alternative standards are indicated the greater requirement applies in conflicting computation; where the total quota results in a fraction the next highest full unit shall be provided:

<u>Fence, Wall, Shrub Limitations</u>	<u>N.C.</u>	<u>C.C.</u>	
Front	3 Ft.	3 Ft.	
Side	6 Ft.	6 Ft.	
Rear	6 Ft.	6 Ft.	
Corner Lot - Adjacent Street	3 Ft.	3 Ft.	

- B. No electric fences shall be permitted in any residential or commercial zone except the R-15,000 Zones.
- C. No fence shall be located in a public right-of-way.
- D. The height of a fence shall be the vertical distance from the highest top board, rail, or wire to the ground directly below.
- E. On corner lots a fence of a height pursuant to above (A) shall also not exceed a height of thirty-six (36) inches for the part of the fence which lies along that part of the rear lot line which constitutes the width of the required side yard. The same restriction shall apply on the side street side of a corner lot.
- F. On reverse corner lots a fence pursuant to above (A) is permitted except that where a lot of this description abuts an alley, a fence of the stipulated height may be located on the rear lot except for that portion which constitutes the width of the required side yard on the side street side which shall have a thirty-six (36) inch maximum; the same restriction shall apply on the side street side of a reverse frontage lot.
- G. Any fence exceeding a height of six (6) feet and any retaining wall exceeding a height of forty-eight (48) inches shall require a building permit. These provisions shall not apply to fences required to surround public utility installations or to enclose school grounds and public playgrounds.

On all arterial streets, no buildings, structures, walls, fences or similar structures shall be erected and no hedges, shrubs, or other growth exceeding three (3) feet above street grade shall be maintained within thirty (30) feet of the property line of any arterial street designated as such by the Billings Urban Area Transportation Plan. Trees when trimmed four (4) feet above the ground and which are not located within a triangular area of a corner lot formed by the intersecting street lines and a straight line joining such street lines at points which are thirty (30) feet distance from the point of intersection measured along such street lines will be permitted. Signs or other similar devices for public use will be accepted within this set-back area.

Section 17 - Storage of Vehicles

No automobile, pickup, truck, tractor, or other motorized vehicle shall be kept longer than thirty (30) days on any lot or tract unless capable of operating on their own power and no flatbed, van, tank, or other commercial trailer or mobile home, farm equipment, construction equipment, or other equipment which is unusable shall be stored on any lot or tract for a period longer than thirty (30) days.

Section 18 - General Rules

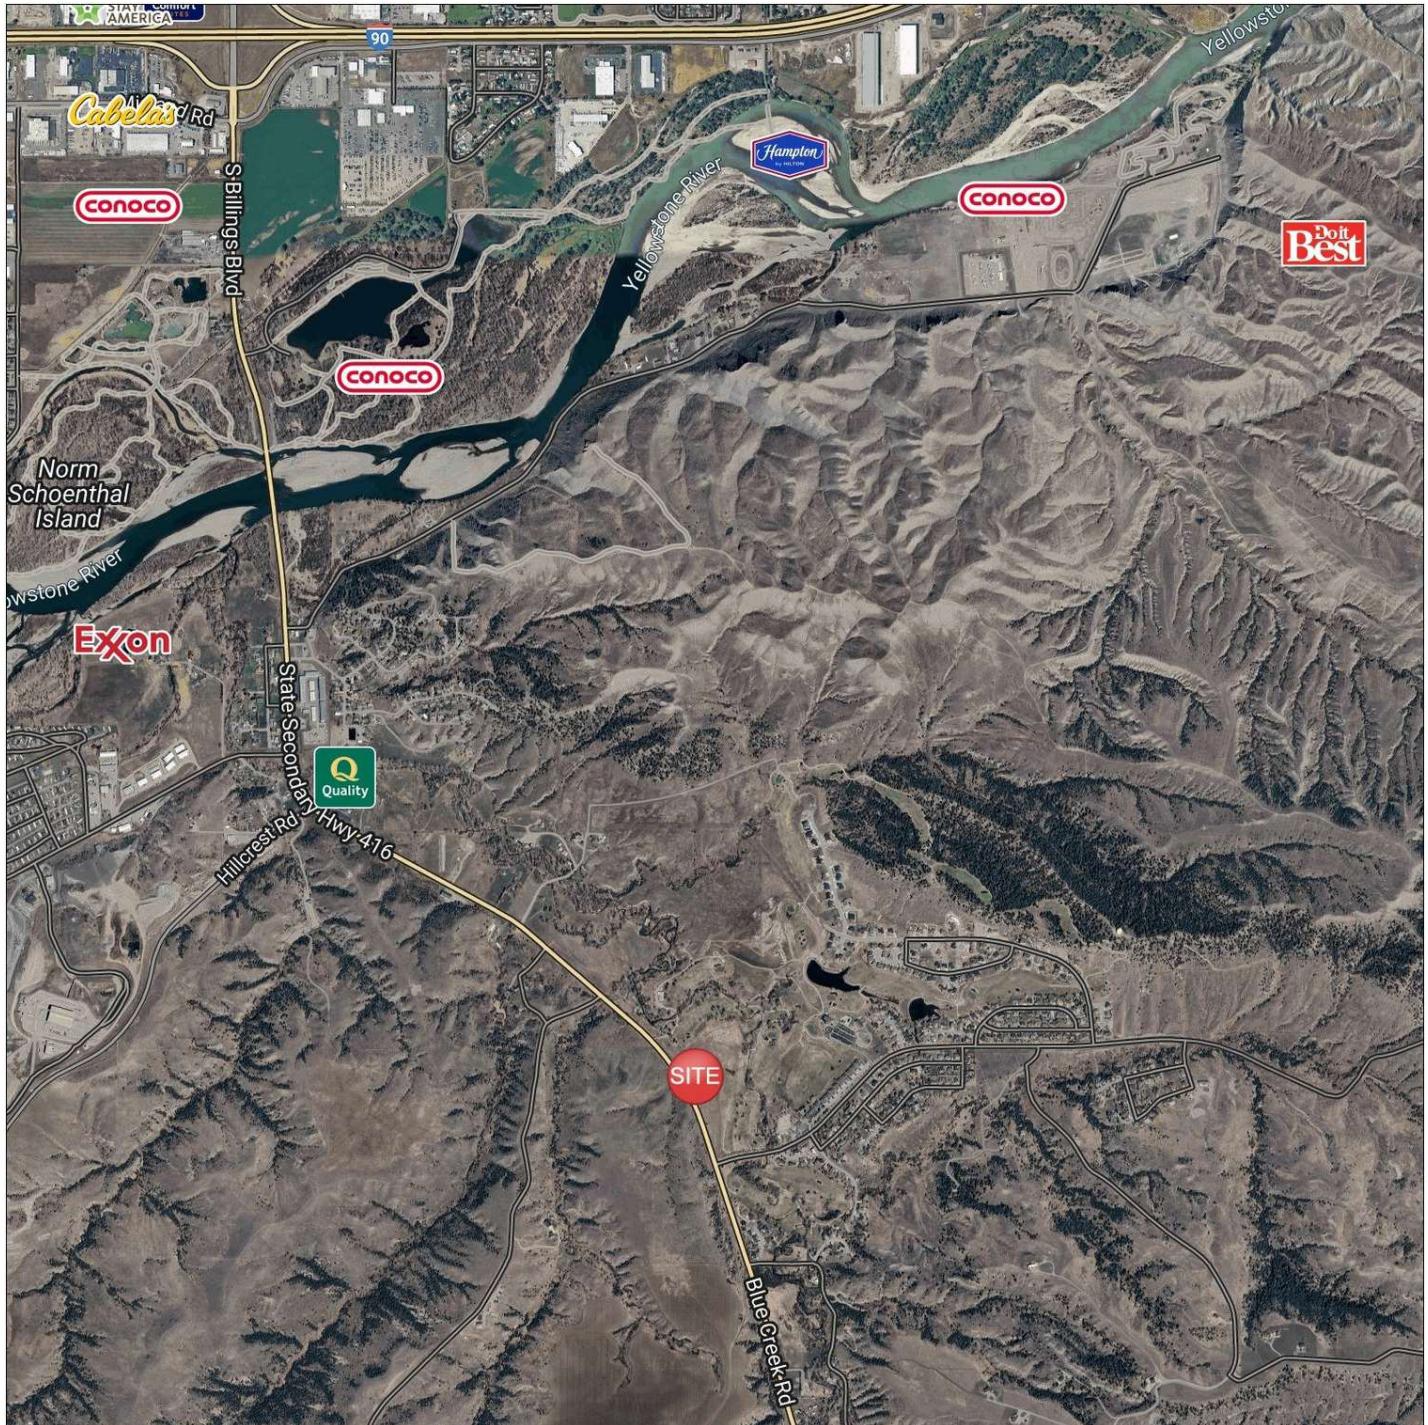

The declarations set out herein within each zone shall be minimum declarations and shall apply uniformly to each class or kind of structure or land except as hereinafter provided:

- A. No building, structure, or land shall hereinafter be used or occupied, and no building or structure or part thereof shall hereafter be erected, constructed, reconstructed, moved, or structurally altered unless in conformity with all of the requirements specified herein.
- B. No building or other structure shall hereafter be erected or altered:
  1. To exceed the height,
  2. To accommodate or house a greater number of families,
  3. To occupy a greater percentage of lot area, and
  4. To have narrower or smaller rear yards, front yard, side yards or other open spaces than herein required, or in any manner contrary to the provisions of these declarations.
- C.
