Financing is available to qualified borrowers for up to 90% of the cost of buying and customizing owner-occupied business condominiums through SBA loans.

Under the SBA 504 program, a business owner makes a down payment of 10% of the value of the unit, including any expected costs of customization, and borrows up to 50% of the value from a bank and 40% of the value from SBA.

The amount of monthly payments are fixed for up to 25 years. Talk to your bank or ask us for an introduction to a preferred SBA lender to explore your financing options today.

Special Benefits To Owners Of Commercial Condominiums

Owners have the flexibility to customize, refinance, rent out, or sell their units at any time.

Commercial condominium units have their own parcel numbers, and buyers own their units in fee simple.

Business owners who occupy their units enjoy many benefits that are not available to tenants, including:

- Control of their business facilities.
- Protection from rent increases.
- Favorable financing at low, fixed rates.
- Equity growth by paying down their mortgages, instead of a landlord's.
- Potential appreciation in the strong California real estate market.
- Valuable tax deductions.
- Maintaining the quality and value of their property and control their operating costs through their owners associations and professional property managers.

FUTURE-PROOFED

Reserve Fund

A dedicated reserve fund will be maintained by the Owners Association to maintain the long-term quality condition and performance of the property.

The fund covers future replacements, renovations, and repairs—protecting owners against unexpected special assessments for major capital improvements.

Professionally managed by the Owners Association, with transparent budgeting and regular contributions built into monthly HOA dues. You can have peace of mind knowing repairs will be made as needed.

Built-in Value Protection

Your investment is safeguarded by proactive management and property maintenance to keep your property's value high.
