

## ABOUT US

Our spring-fed fishing cove is surrounded by 400 acres of wildlife management lands, making it the perfect stop for fishermen, birders or hunters alike. We are just 15 minutes off of I95 and only 45 minutes from Charleston. This historic Marina, hotel and RV park was once the site of a famous battle in the American revolution, and a village for American Indians for thousands of years before that. Today you can relax in our gated community featuring high speed wifi while being in the midst of nature. Come for a day... Come for a month!
