## ARCHITECTURAL BEAUTY

### THE TOWER

Designed by renowned architect Helmut Jahn, The Tower is constructed of Verde Antique granite, Brazilian Navy marble and Kasota limestone. A 30-foot high, open-air solarium, featuring a distinct water fountain surrounded by palm trees, leads to a marble lobby and floor-to-ceiling glass windows. The views of Bel Air, Getty Center and the ocean are spectacular. Energy Star Certified by the EPA, the building has management and engineering services and a fully integrated energy management system for optimal efficiency and comfort. Enjoy an outdoor garden plaza with seating, or dine in Westwood Village with its numerous restaurants.
