About the neighborhood

The Hawthorne zone of Los Angeles is a vibrant progressive neighborhood located in the South Bay region, known for a mix of residential, commercial, and industrial areas. The hangar is 1.5 miles from the new SoFi Stadium and the LA Clippers arena (Intuit Dome). Hawthorne Airport has a rich aerospace history with companies such as SpaceX and Starlink headquartered there. Hawthorne offers a variety of amenities, including parks, shopping centers, and a growing dining scene with brew pubs and craft dining experiences. The area is well connected by LA Metro within 1/2 mile and immediate access to the 105 and 405 freeways. The location is only 3 miles from LAX, the thriving town of El Segundo, and South Bay beaches. Over the years, the hangar has been a hub providing exclusive airport access for elite individuals and companies needing a convenient connection point for their aircraft while visiting world class stadium events.
