Explanation

- 1) Unrentable units are not included.
- 2) The Push Rate is a suggested monthly rent. The Push Rate field is a revenue management option that will only show if this feature is set up from the SiteLink Checklist.
- 3) When the standard rate is displayed, the tax rate and total is calculated from the standard rate.
- 4) The Web Rate is an online rental rate usable through the API.
It can be setup by unit or unit group from the Modify Units or Batch Edit Web Rates screens.
