## ZONE RB - REGIONAL BUSINESS

The Regional Business (RB) District is established and intended to accommodate a diverse range of high-intensity retail, service, office, and institutional uses that provide goods and services serving a community, citywide, and regional customer base, including tourist accommodations and related commercial activities serving visitors. It also accommodates Biloxi's major employment-generating hubs. RB Districts are generally appropriate in areas conveniently accessible to the regional roadway network and transit service, and as designated on the comprehensive plan's future land use map. high-density residential uses are encouraged on the upper floors of nonresidential establishments, and may exist as stand-alone buildings that are part of a larger horizontal mixed-use development. RB District Standards are intended to ensure development is compatible with surrounding uses.
