Dear Lynn A. Yarbrough,

There should be no problem with issuing your Permit #1108 for Underbrushing, Electric Line, Improved Walkway, Boat Dock, Dock Attachment Point, Patio, Rip Rap and Shelter/Patio, as well as Easement Permit #3188 for Swimming Pool, Mini Golf Course, Shuffle Board, Pump House and Electric Line upon your closing on the property.

In response to your inquiry regarding adding an additional boat slip, the request would not be handled on our Walter F. George Lake project level since this is a commercial property. Mobile District Corps of Engineers Real Estate Division is the resource you would need to contact at (251)690-2505.

I have enclosed to overlays showing the Government property and easement property lines to give you a general idea as to where they are located.

Thank you for helping to keep Walter F. George Lake an excellent place to live and work. If you have any questions you can contact me at (229)768-2516.

Sincerely,

A handwritten signature in blue ink, which appears to read "Willard E. Childress".
