Zoning: Residential Multi-Family

RM-1

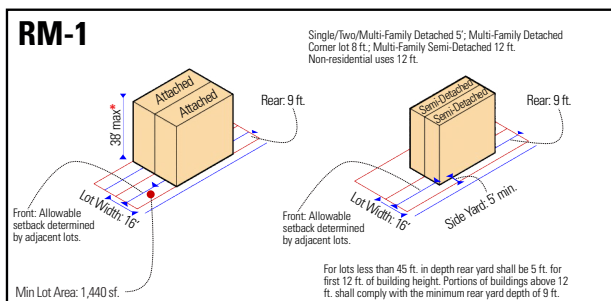

Table 14-701-2: Dimensional Standards for Higher Density Residential Districts

Min. Lot Width	16 ft.
Min. Lot Area	1,440 sq. ft. [1]
Max. Occupied Area	Intermediate 75%; Corner 80% [2]
Min. Front Setback	Based on adjacent [5,6]
Min. Side Yard Width [8]	5' to 12' based on number of families (see diagram)
Min. Rear Yard Depth	9 ft. [9]
Max. Height / FAR (Floor Area Ratio)	38 ft. [5] *
Dwelling Unit Density	A minimum 360 sq. ft. of lot area is required per dwelling unit for the first 1,440 sq. ft. of lot area. A minimum of 480 sq. ft. of lot area is required per dwelling unit for the lot area in excess of 1,440 sq. ft.

Table Notes:

- [1] In the RM-1 district, a lot containing at least 1,920 sq. ft. of land may be divided into lots with a minimum lot size of 960 sq. ft., provided that:
 - a. At least seventy-five percent (75%) of lots adjacent to the lot to be divided are 1,000 sq. ft. or less; and
 - b. Each of the lots created meets the minimum lot width requirement of the zoning district.
- [2] In the RM-1 district, buildings on lots less than 45 ft. in depth are exempt from the maximum occupied area requirement.
- [5] If abutting lots on both sides of an attached building contain only two stories of enclosed area, stories above the second story of the attached house shall be set back an additional eight ft. from the minimum distance between the front facade and the front lot line described in § 14-701(2)(b)(6) below; except this requirement shall not apply to corner lots.
- [6] In the RM-1 district, front facades shall comply with the following:
 - a. On any given street, the distance between the front facade and the front lot line shall be no greater than the distance between the front facade and the front lot line of the principal building on the immediately adjacent lot on such street with the greater distance between its front facade and its front lot line; and shall be no less than the distance between the front facade and the front lot line of the principal building on the immediately adjacent lot on such street with the lesser distance between its front facade and its front lot line.
 - b. On any given street, if there is no principal building on an immediately adjacent lot, then the distance between the front facade and the front lot line shall match the distance between the front facade on the closest building to the subject property that is on the same blockface. If there is no such building, the minimum distance between the front facade and the front lot line shall be zero.
 - c. If the property is bounded by two or more streets, only the primary frontages as designated in § 14-701(1)(d)(4) (Primary Frontage) shall be subject to the front facade requirements of (a) and (b) above.
- [8] Number of required yards/required width (ft). "Each" identifies that each yard must meet the required minimum size. Where each yard size is not identified, table identifies total required yard.
- [9] In the RM-1 district, lots less than 45 ft. in depth shall be exempt from rear yard area requirements but shall provide a minimum rear yard depth of 7 ft.

* Zoning Bonus Summary		RM-1 Housing Unit Bonus
Mixed Income Housing (\$14-702(7))	Moderate Income	25% increase in units permitted
	Low Income	50% increase in units permitted
Green Roof (\$14-702(16))		25% increase in units permitted
For bonus restrictions in select geographic areas, see page 49 .		

120 S 46TH STREET

Spruce Hill, Philadelphia 19104

About the Neighborhood: Spruce Hill

Spruce Hill is one of Philadelphia's most beloved historic neighborhoods, blending urban convenience with timeless charm. Located just west of University City and minutes from Center City, this vibrant community offers tree-lined streets, stunning Victorian architecture, and a diverse, welcoming atmosphere that appeals to families, professionals, and students alike.

The neighborhood is known for its beautifully preserved late 19th and early 20th-century homes—many featuring bay windows, leaded glass, intricate woodwork, and spacious front porches. These Victorian rowhouses and twin homes form one of the largest collections of Victorian architecture in the country. Homes typically range from 1,800 to over 3,000 square feet, with prices between \$525,000 and \$1 million. Condominiums are also available, starting around \$300,000.

Spruce Hill offers a unique blend of city living and suburban tranquility. Mature trees form a lush canopy over sidewalks, and residents often take pride in their gardens, growing everything from roses and giant sunflowers to moonflowers and even corn. Clark Park, a central fixture of the neighborhood, spans nine acres and hosts community events, farmers markets, and performances—alongside one of only two statues of Charles Dickens in the world.

With easy access to downtown via streetcar, bike, or public transit, Spruce Hill provides urban connectivity while retaining its cozy neighborhood feel. Baltimore Avenue serves as a vibrant corridor full of international cuisine, locally owned cafes, and shops that reflect the neighborhood's cultural richness.

Bordering the campuses of the University of Pennsylvania and Drexel University, Spruce Hill attracts a wide range of residents including students, professors, artists, and long-time homeowners. About 90% of residents are renters, and many historic estates have been converted into multi-unit apartments. As new developments continue, the Spruce Hill Community Association is advocating for the creation of a historic district to help preserve the neighborhood's distinctive character.
