EXECUTIVE SUMMARY

927 PARKER STREET
BERKELEY, CA

CAMPUS OPPORTUNITY

Available for the first time in decades, 901-921 Parker Street, Berkeley, represents a unique opportunity to lease a fully modernized iconic sawtooth building, along with three light industrial structures in the heart of the East Bay's premier research and innovation corridor. Spanning the width of a full city block along Parker Street, between Seventh and Eighth Streets, the property boasts visibility and access for any business seeking a campus environment or a best-in class office. Originally built in 1924, 921 Parker Street was altered several times, before being completely remodeled, seismically retrofitted and upgraded between 2008 and 2012. The exposed wood trusses, abundant natural light and best in class finishes make the property an enviable place to work, while the distribution between office and light industrial areas, complete with rollup doors, contribute towards maximum efficiency.

All buildings are fully sprinklered, with ADA upgrades throughout. All building systems are in pristine condition.

CAMPUS OPPORTUNITY

BERKELEY

The West Berkeley-Emeryville corridor is a research hub with more than 150 biotech and life science firms, anchored and inspired by the University of California at Berkeley, the Lawrence Berkeley National Laboratory, the Joint BioEnergy Institute, and the QB3 East Bay Innovation Center. This industry cluster attracts entrepreneurs and investors, drawn to the vibrant scientific community, an educated and skilled workforce, and a world-class culture of innovation and discovery. The historic creative and artistic community is also well represented. Thanks to the proximity of the Pixar campus, the area is home to a vigorous network of film and animation studios. Abundant cultural and recreational activities, excellent schools and charming residential neighborhoods further contribute to making this corridor attract and retain talent from around the globe.
