## Local Market Overview

Sachse, Texas sits approximately 20-25 miles northeast of Downtown Dallas, firmly within the dynamic Dallas–Fort Worth–Arlington (DFW) commercial real estate region. With population growth outpacing many peer communities in North Texas, Sachse continues to draw residents and businesses attracted by its suburban quality of life, strong income levels, and proximity to major transportation arteries including State Highway 78 and the President George Bush Turnpike. Recent estimates put the city's population near 29,000 and growing, with a notable increase year-over-year, underscoring rising demand for both residential and commercial real estate.

The industrial sector in and around Industrial Drive benefits from this growth as companies seek space for light manufacturing, distribution, and storage within a radius offering convenient access to the larger Dallas industrial markets. While Sachse does not yet host large distribution campuses typical of larger submarkets, the existing industrial stock — including mini-warehouses and small industrial buildings — capitalizes on the area's accessibility and proximity to a labor force with moderate commute times.
