A. INTENT

The LI, Light Industrial District is designed so as to primarily accommodate industrial parks, wholesale activities, warehouses, and industrial operations whose external physical effects are restricted to the area of the district and in no manner detrimentally affect any of the surrounding districts. The LI District is so structured as to permit, along with any specified uses, the manufacturing, compounding, processing, packaging, assembly and/or treatment of finished or semifinished products from previously prepared material. It is further intended that the processing of raw material for shipment in bulk form, to be used in an industrial operation at another location is not to be permitted.
