Dayton

With approximately one million residents, the Greater Dayton area is the fourth largest metropolitan region in Ohio. Excellent employment opportunities, diversity and low cost of living make Dayton an attractive Midwestern location. Dayton is one of the nation's top 90-minute markets, with access to more than 5.6 million people by car and more than 137 million people by air. With a strong and diverse economy, the Greater Dayton area is a regional hub for national and global commerce. Dayton is home to Wright-Patterson Air Force Base (WPAFB), which serves as a key nerve center of the Air Force. It is considered among the most important military installations in the country, and has a \$2.3 billion annual economic impact on the Greater Dayton Region. Dayton is aggressively looking to the future, and is home to a thriving IT community with companies such as LexisNexis, Standard Register, and Reynolds & Reynolds, among others. These companies, as well as Wright-Patterson Air Force Base, both complement and capitalize on this churning hot-bed of talent and skills coming out of the local universities each year.
