The lot width requirements in the limited business corridor district LB-4 are as follows:

(1) The minimum lot width at the building line shall be 50 feet and the lot width shall not be less than 25 feet at the street line.

(Ord. No. 22-99, 7-8-99)

Sec. 21-257.7. Yards.

The yard requirements in the limited business corridor district LB-4 are as follows:

(1) Front. There shall be a front yard of not less than 25 feet, except:

- a. Where 40 percent or more of the frontage on one side of the street within the same block is improved with buildings, no building on that side of the street within the same block shall be required to have a front yard greater than the average front yard of the existing buildings. However, when there are buildings on the adjacent lots on both sides, the front yard shall not be required to be greater than the average of the front yards of the buildings on the adjacent lots. The side line of a building on a corner lot shall not be a factor in these calculations.
- b. When a lot has a double frontage, front yards shall be provided on both streets, subject to such reductions as may be allowed under subsection 21-257.7(1)a.
- c. No accessory building shall be located in a front yard.

(2) Side.

- a. No side yard shall be required. However, if a building is not built on the property line, there shall be a side yard of at least ten feet.
- b. Corner lots: On a corner lot, the owner shall choose which yard is the front yard unless the front yard is designated on the recorded subdivision plat. The rear yard shall be opposite the chosen front yard. The other yard abutting the street shall be a side yard and shall not be less than 15 feet for both main and accessory buildings, unless a greater side yard is designated on a recorded subdivision plat.
- c. Side yards for accessory buildings, except for those on corner lots, shall not be less than three feet.
- d. Transitional screening shall be required when a lot is adjacent to a residential zoning district, in accordance with section 21-257.7(4).

(3) *Rear.*

- a. There shall be a rear yard of not less than 25 feet.
- b. Rear yards for accessory buildings shall not be less than five feet.
- c. Transitional screening shall be required when a lot is adjacent to a residential zoning district, in accordance with section 21-257.7(4).

(4) Transitional screening.

- a. A landscaped open space for transitional screening at least 25 feet in width shall be provided along side and rear property lines when adjacent to a lot in a residential zoning district, except that no transitional screening open space shall be required for single-family detached and duplex dwellings. The transitional screening open space shall be in addition to the required side and rear yards.
- b. Landscaping of transitional screening open space areas shall be in accordance with landscaping standards contained in section 21-784(e).
- c. Transitional screening open space shall not contain driveways, parking spaces, accessory buildings or be used for storage purposes. No more than 25 percent of a transitional screening open space shall be used for stormwater management facilities.
- d. Transitional screening open space shall be in addition to the required side and rear yards.
- e. In conjunction with site plan review, planning commission may, in accordance with section 21-784(f), reduce the required width of transitional screening open space. A reduction shall not be approved unless it is found that:

- The provision of the required transitional screening open space would unreasonably
 restrict the use of the property due to exceptional narrowness, shallowness, size or shape
 of the lot, or by reason of exceptional topographic conditions or other extraordinary
 situation or condition of the property; and
- 2. Additional landscaping and/or screening is proposed that will provide screening equivalent to that required by this section.

(5) Greenbelts.

- Along streets designated by the comprehensive plan as greenbelts, a greenbelt of at least 50 feet shall be provided along the street line; except that at least 75 feet shall be required along Route 199. Excluded from this requirement shall be public streets and entrances located in the greenbelt areas that are approved during review of a minor site plan, site plan or subdivision.
- b. When the greenbelt is an existing wooded area, it shall be left in an undisturbed natural state, unless modifications are approved or required during review of a minor site plan, site plan or subdivision. Any modifications to an existing wooded greenbelt shall be for the purpose of maintaining its visual character as viewed from the adjacent public street. When a wooded greenbelt is part of a residential development, it may be required during review of a minor site plan, site plan or subdivision to be supplemented with evergreen trees and shrubs in order to provide an effective year-round visual screen between the proposed residential development and the street. When a greenbelt is in a non-wooded area, it shall be improved as an extensively landscaped open space between the street and the developed portion of the property. For a nonwooded greenbelt, at least one tree for each ten feet of frontage shall be planted or maintained, and the primary landscaping material shall be deciduous shade trees, supplemented by evergreen trees, shrubs and other planting material. All landscape materials shall conform to the minimum size and height standards of section 21-784(c)(5). When a non-wooded greenbelt area borders a residential development, it may be required during review of a minor site plan, site plan or subdivision that the primary landscaping material used shall be evergreen trees and shrubs in order to provide an effective year-round visual screen between the proposed residential development and the street. The landscape plans for the greenbelt area shall be prepared and certified by a certified landscape architect licensed to practice in the State of Virginia. The landscape plans shall be subject to approval by planning commission in the case of a minor site plan, site plan or subdivision of less than 25 lots; and by city council, on recommendation of the planning commission, in the case of a subdivision of 25 or more lots. Trees planted in a greenbelt shall be consistent with the standards contained in section 21-614(g), Tree Planting, Replacement and Pruning Standards.
- c. Greenbelts may be counted toward required yards and toward the landscaped open space required by section 21-257.9.

(Ord. No. 22-99, 7-8-99; Ord. No. 01-13, § 3, 6-14-01; Ord. No. 08-06, 3-13-08)

Sec. 21-257.8. Height.

The height requirements in the limited business office district LB-4 are as follows:

- (1) Buildings may be erected up to 35 feet from grade except that:
 - a. A public or semipublic building such as a school, church or library may be erected up to 45 feet from grade; provided that required front, rear and side yards shall be increased one foot for each foot of height over 35 feet.

- b. A hospital may be erected up to 60 feet from grade.
- c. When height is increased over 35 feet, no reduction of a front yard, as allowed by section 21-257.7(1)a., shall be permitted.
- d. Stair towers, equipment penthouses, mechanical equipment and screening walls are exempt from the height limitations, provided that they shall not cover more than 30 percent of the total roof area and shall not exceed the building height by more than ten feet. Equipment penthouses, mechanical equipment and screening walls shall be set back from the front wall of the building one foot for each foot of height above the roof level.
- e. Parapet walls shall not exceed the building height of the roof by more than four feet.
- f. Cupolas, spires and steeples may be erected to a height of 90 feet above grade, and may extend higher if a special exception is approved by the board of zoning appeals in accordance with section 21-97(f). The board shall not approve the special exception unless it finds that the cupola, spire or steeple is in proper proportion to the building.

(Ord. No. 22-99, 7-8-99)

Sec. 21-257.9. Landscaped open space.

The landscaped open space requirements in the limited business corridor district LB-4 are as follows:

(1) At least 20 percent of the gross lot area shall be landscaped open space. Transitional screening buffer areas as specified by section 21-257.7(4), and Resource Protection Area (RPA) buffer areas as specified by section 21-821(d), shall be deducted from the gross lot area when calculating the percentage of landscaped open space.

(Ord. No. 22-99, 7-8-99; Ord. No. 08-06, 3-13-08)

AGENCY DISCLOSURE

In a real estate transaction, when the Agent represents the: Seller/Landlord:

then an Agent under a listing agreement with a seller acts as the agent for the seller. The listing company and all of its broker/agents, and the selling company and all of its agents as subagents of the seller, would owe their fiduciary duties to the seller. The broker and broker's agents may still provide buyer/tenants, as customers, with information about properties and available financing, may show them properties, and may assist them in preparing an offer to purchase, option or lease a particular property.

Buyer/Tenant:

then an Agent under a contract with a buyer acts as the agent for that buyer only, as a "Buyer/Broker/Agent," and the Agent is not the seller's agent, even if the Purchase Contract provides that the Seller or the Listing Broker will pay the Agent for the services rendered to the buyer/tenant. An Agent acting as the buyer's/tenant's agent must disclaim sub agency if offered and must disclose the Buyer/Tenant Broker/Agent relationship when dealing with the seller's/landlord's Agent or the Seller/Landlord. The Buyer/Tenant Broker/Agent owes its fiduciary duties to the buyer/tenant. Buyer and Seller (Acting as a Dual Agent):

then an Agent, either acting directly or through one or more of the brokerage firm's other Agents, may be the Agent of both the buyer and the seller, but only if the scope of the agency is limited by a written agreement and only with the express knowledge and written consent of both the buyer and the seller. An Agent representing both the buyer and the seller must disclose all information regarding the agency relationship, including the limitation on the Agent's ability to represent either party folly and exclusively. The Agent must not disclose to either party, without the prior consent of the party adversely affected by the disclosure, any information obtained within the confidentiality and trust of the fiduciary relationship. As an example, the Agent must not tell the buyer that the seller will accept a price lower than the listing price, nor tell the seller that the buyer will pay a price offered, without the prior consent of the party adversely affected by the disclosure.
