PROPERTY SUMMARY

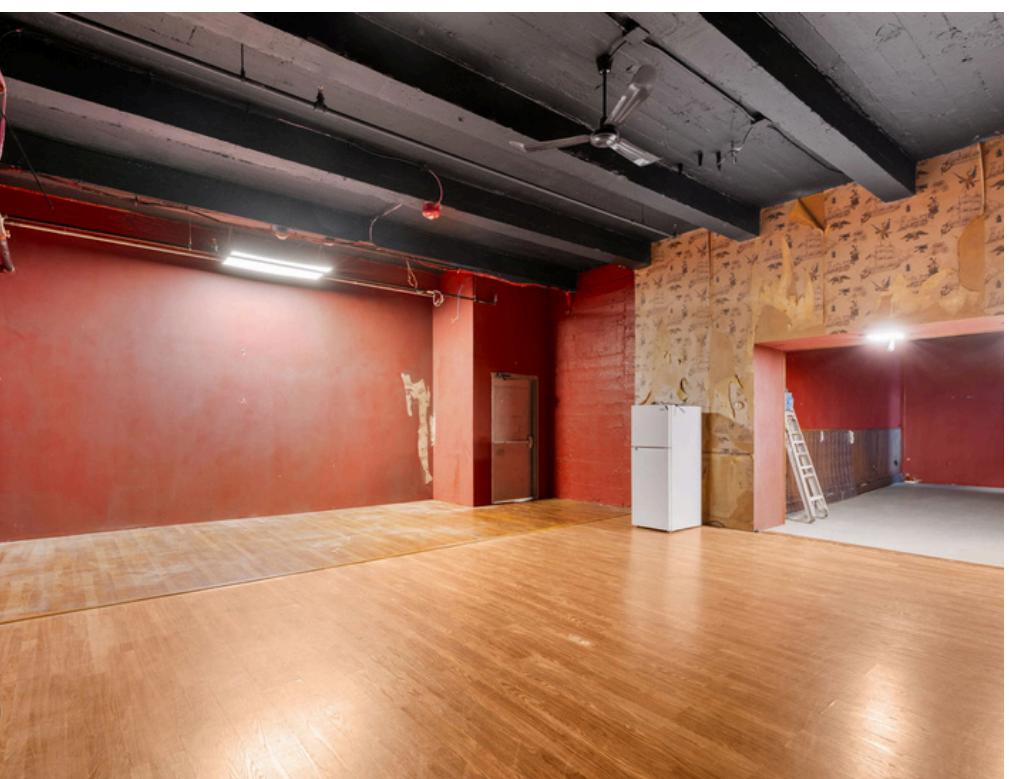

We are pleased to present a rare leasing opportunity for a corner space on Staten Island, currently configured as a bar and restaurant. The property has undergone extensive upgrades following its use by a major film studio, resulting in a refreshed, high-quality buildout with modern finishes and versatile infrastructure in place.

The interior boasts a spacious, open layout with high ceilings and exceptional flow, making it ideal for a wide range of uses—from dining and entertainment to retail, event, or creative space. The existing setup includes a large bar area, full utility connections and layout for a commercial kitchen, multiple restrooms, and an expansive open floor plan that can easily be adapted to different concepts.

The property also offers an indoor/outdoor experience, enhanced by large roll-up garage doors that open to generous outdoor seating areas. Its prime corner positioning provides outstanding visibility in a high-traffic corridor, ensuring constant exposure and accessibility.

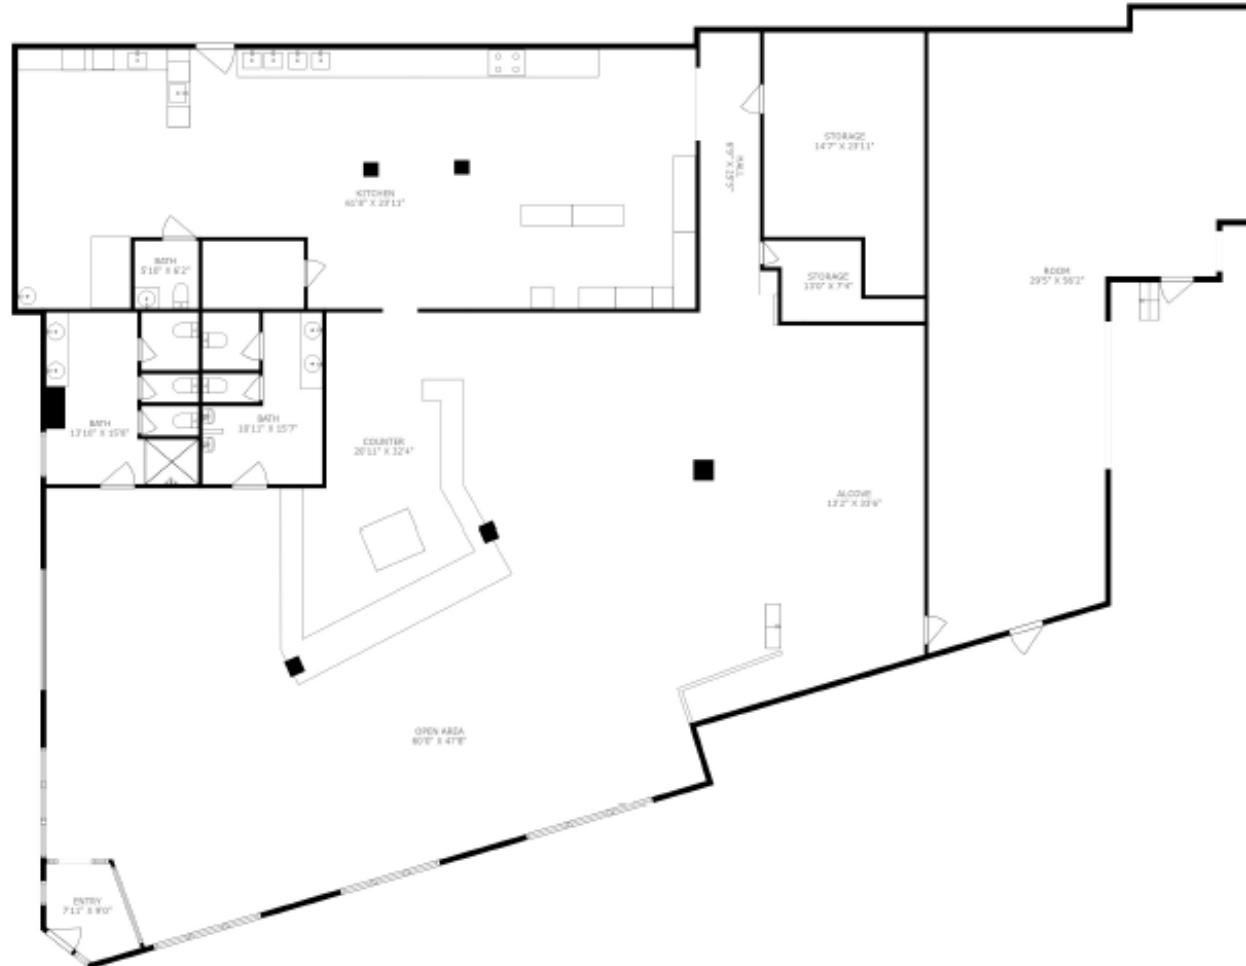

Located directly across from the Staten Island Railway, with a public parking lot conveniently across the street, the property is easily accessible and just minutes from the Staten Island Ferry and Fast Ferry terminals.

Unmatched Connectivity & Location Prime Bay Street Frontage – Situated in one of Staten Island's most rapidly evolving corridors. Next to Staten Island Railway – Just one stop from the Staten Island Ferry & Fast Ferry, providing seamless access to Manhattan. Surrounded by Major Investments – Located near several transformative projects reshaping the waterfront and urban fabric of St. George.
