MOTOR CONDOS AT INDEPENDENCE

HIGHLIGHTS

- Motor Condos at Independence is creating a premier destination in Minnesota where you can do more than store your vehicles—you can celebrate them. Designed with modern architecture, clean lines, and contemporary styling, our garage condos offer the perfect blend of functionality, security, amenities, and sophistication.
- Motor Condos at Independence campus spans 25+ acres, creating a harmonious balance between modern design and natural beauty.
- The campus will feature 120 garage condominium units featuring a sleek, modern facility design. Strategically located just off Highway 12, Motor Condos of Independence offers a thoughtfully master-planned layout that blends high-end garage condo ownership with recreational and community-focused amenities—designed to serve car enthusiasts and collectors across the Twin Cities.
- The campus features eight primary garage condo buildings arranged in clusters on the west and east sides of the property. Each building houses individually owned units.
- Buildings are placed to maximize natural light and ease of access with wide drive lanes for trailers and large vehicles.
- Units are customizable in size and configuration, giving owners the flexibility to create the perfect space for their vehicles, workshops, or entertainment needs.

MOTOR CONDOS AT INDEPENDENCE

MOTOR CONDO BUILDING DESIGN

The exterior features clean lines, contemporary metal paneling, and bold accents, creating a sophisticated industrial aesthetic. Spacious garage doors offer ample height and width for vehicles as large as RVs, while generous floor-to-ceiling windows on the upper level flood the interior with natural light.

Our modern building design, features expansive glass windows, 14' X 16' architectural garage doors and a sleek façade. The design goal showcases the property's emphasis on comfort, convenience, and exclusivity for owners as part of the community.

Corner units feature a stylish balcony and generous floor-to-ceiling windows that flood the interior with natural light. Perfect for a second-story office or lounge as the ultimate urban getaway. The wide driveways easily accommodate larger vehicles and car show days.

MOTOR CONDOS AT INDEPENDENCE

MOTOR CONDOS SPACE

Each unit is designed for feelings of spaciousness with towering 20-foot high ceilings. This remarkable vertical space allows you to stack your collectibles and meet your workshop needs, transforming your garage into a haven of automotive elegance.

Aesthetics meet efficiency with our 14-foot high by 16-foot wide Architectural Series Insulated Modern Garage Doors, ensuring your space is both visually appealing and energy-efficient.

Our garage condos are designed with your comfort and convenience in mind. Bask in the natural light streaming through expansive exterior glass areas, enhanced by triple-pane windows for superior insulation. Extend your living area with the exterior decks and patio doors available on our 30- and 40-foot wide units, perfect for relaxing or entertaining under the open sky.

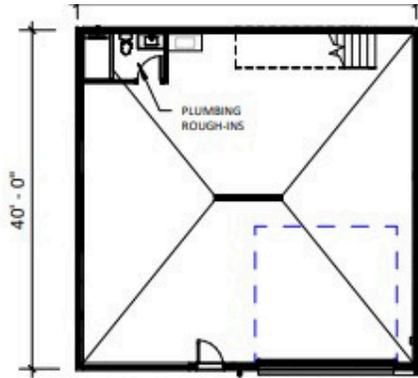

Ready to make the space truly yours? Our units come with plumbing roughed in, enabling you to customize with a bathroom, kitchen, or any feature that completes your vision of the perfect garage condo.

At Motor Condos of Independence, we redefine what it means to own a garage condo. Our superior design meets your ambition, offering a unique space that invites creativity and reflects your automotive passion.
