

Hot Projects in Bay Area Houston!

Ellington Airport and Houston Spaceport

Ellington Airport is home to the Houston Spaceport, the **10th** commercial spaceport in the U.S., and the only one adjacent to a metropolitan area.

It's open - a new flight school for Texas Southern University. \$5.5M investment. The 22,000 SF hangar plus training and classroom space sits on 2 acres at Ellington Airport. TSU is the only university in the state offering a 4-year aviation degree.

Approximately 658 acres are available for development in Ellington Airport. Best uses: office, aviation, institutional and industrial.

Intuitive Machines - 125,000 SF on 12.5 acres at the Houston Spaceport. Includes office, laboratory, production, assembly and test space among other amenities. Company leads in space exploration, infrastructure and services.

Some of the IM work in progress

Intuitive Machines subleased a 116,000 SF building. It will be used for testing and building satellites and other spacecraft.

IM also plans a \$12M expansion for new production, testing and support facilities.

Rendering of IM's expansion. New buildings are highlighted in blue.

Axiom Space 23-acre campus – 430,000 SF

Headquarters for production of Axiom Station – a commercial module that will attach to the ISS.

- Axiom will train private astronauts
- Lead private and professional astronaut missions to the ISS.

First phase completion – 106,000 SF. This is the Assembly Integration and Testing (AIT bldg.)

Axiom Space was selected to provide the next generation of NASA spacesuits – a contract valued up to **\$3.5B** over a 15-year period.

Venus Aerospace – Company is designing a next generation spaceplane that will travel **9 times faster than the speed of sound**, climbing to an altitude of 150,000 feet using rocket engines before gliding safely back to Earth. Employee count is nearing 100!

The EDGE Center at the Spaceport

The EDGE Center is 1 of 3 CertTec certification testing centers in the U.S. and the ONLY one in Texas!

The San Jacinto College EDGE Center is partnering with the local manufacturing community to teach technologically advanced manufacturing training programs to meet the needs of the region's manufacturers.

Composite manufacturing technician . Aerospace **quality** technician
Aerospace **electrical assembly** technician . Aerospace **mechanical** structures technician
Mechatronics and industrial **automation** technician . **Manufacturing** technician
(**hydraulics, pneumatics, CNC lathe, sheet metal work, fasteners, etc.**)
Employment Skills

BVI Machining is currently
a tenant in HASC.

Houston

MEGA PROJECT!!!

and other kinds of ships ... icebreakers!

Davie Image

American Icebreaker Factory in Texas!

- Davie Defense, a Canadian company, acquired Gulf Copper's shipbuilding facilities in Galveston and Port Arthur. Davie will invest **\$1B** to transform the **Gulf Copper shipyard on Pelican Island**. Groundbreaking was 6/1/26.
- The American Icebreaker Factory will build polar icebreakers and U.S. Coast Guard ships like Arctic Security Cutters. Davie Defense finalized a **\$3.5B** contract with the U.S. Coast Guard for the delivery and construction of the ships.
- Will create 2,400 direct jobs + thousands more throughout the supply chain. Salaries: ~\$80K to \$120K/year.
- One source shows this could generate a state-wide impact of over \$9B.

Port of Galveston is proposing to build a 1,000-ft-long multi-use berth on Pelican Island to support the shipbuilding project and other opportunities such as roll-on/roll-off cargo and LNG marine fuel bunkering. We'll keep you posted!
