Over 140,000 vehicles travel I-88 every day and you'll have immediate access with the full interchange at Naperville Road and Freedom Commons. Heading downtown? CAMPUS SETTING

Tranquil pond, relaxing outdoor walking path, and plenty of green space to take your mind off your daily stresses; NCC has it all. It's not just an office building, it's a business community focused on our tenants. We've tied our four buildings together by weaving collaborative and creative elements together and integrating them through open spaces across the campus, giving you a sense of relaxation in a world that can be anything but calm.
