About half of this population is between 35 and 74, and most households consist of married cohabitating couples. They like to shop at warehouse clubs and often spend money on their pets and gardening tools.

Most of these households earn middle-tier incomes, and many families are supported by multiple earners. They buy budget-friendly items from discount local or chain stores, and share an enthusiasm for sports.

Residents are mostly in the 25 to 44 age range, and nearly half of individuals aged 25 and older hold a bachelor's degree. They spend money on clothing, travel and dining out, including fast food.
