Floor Plan

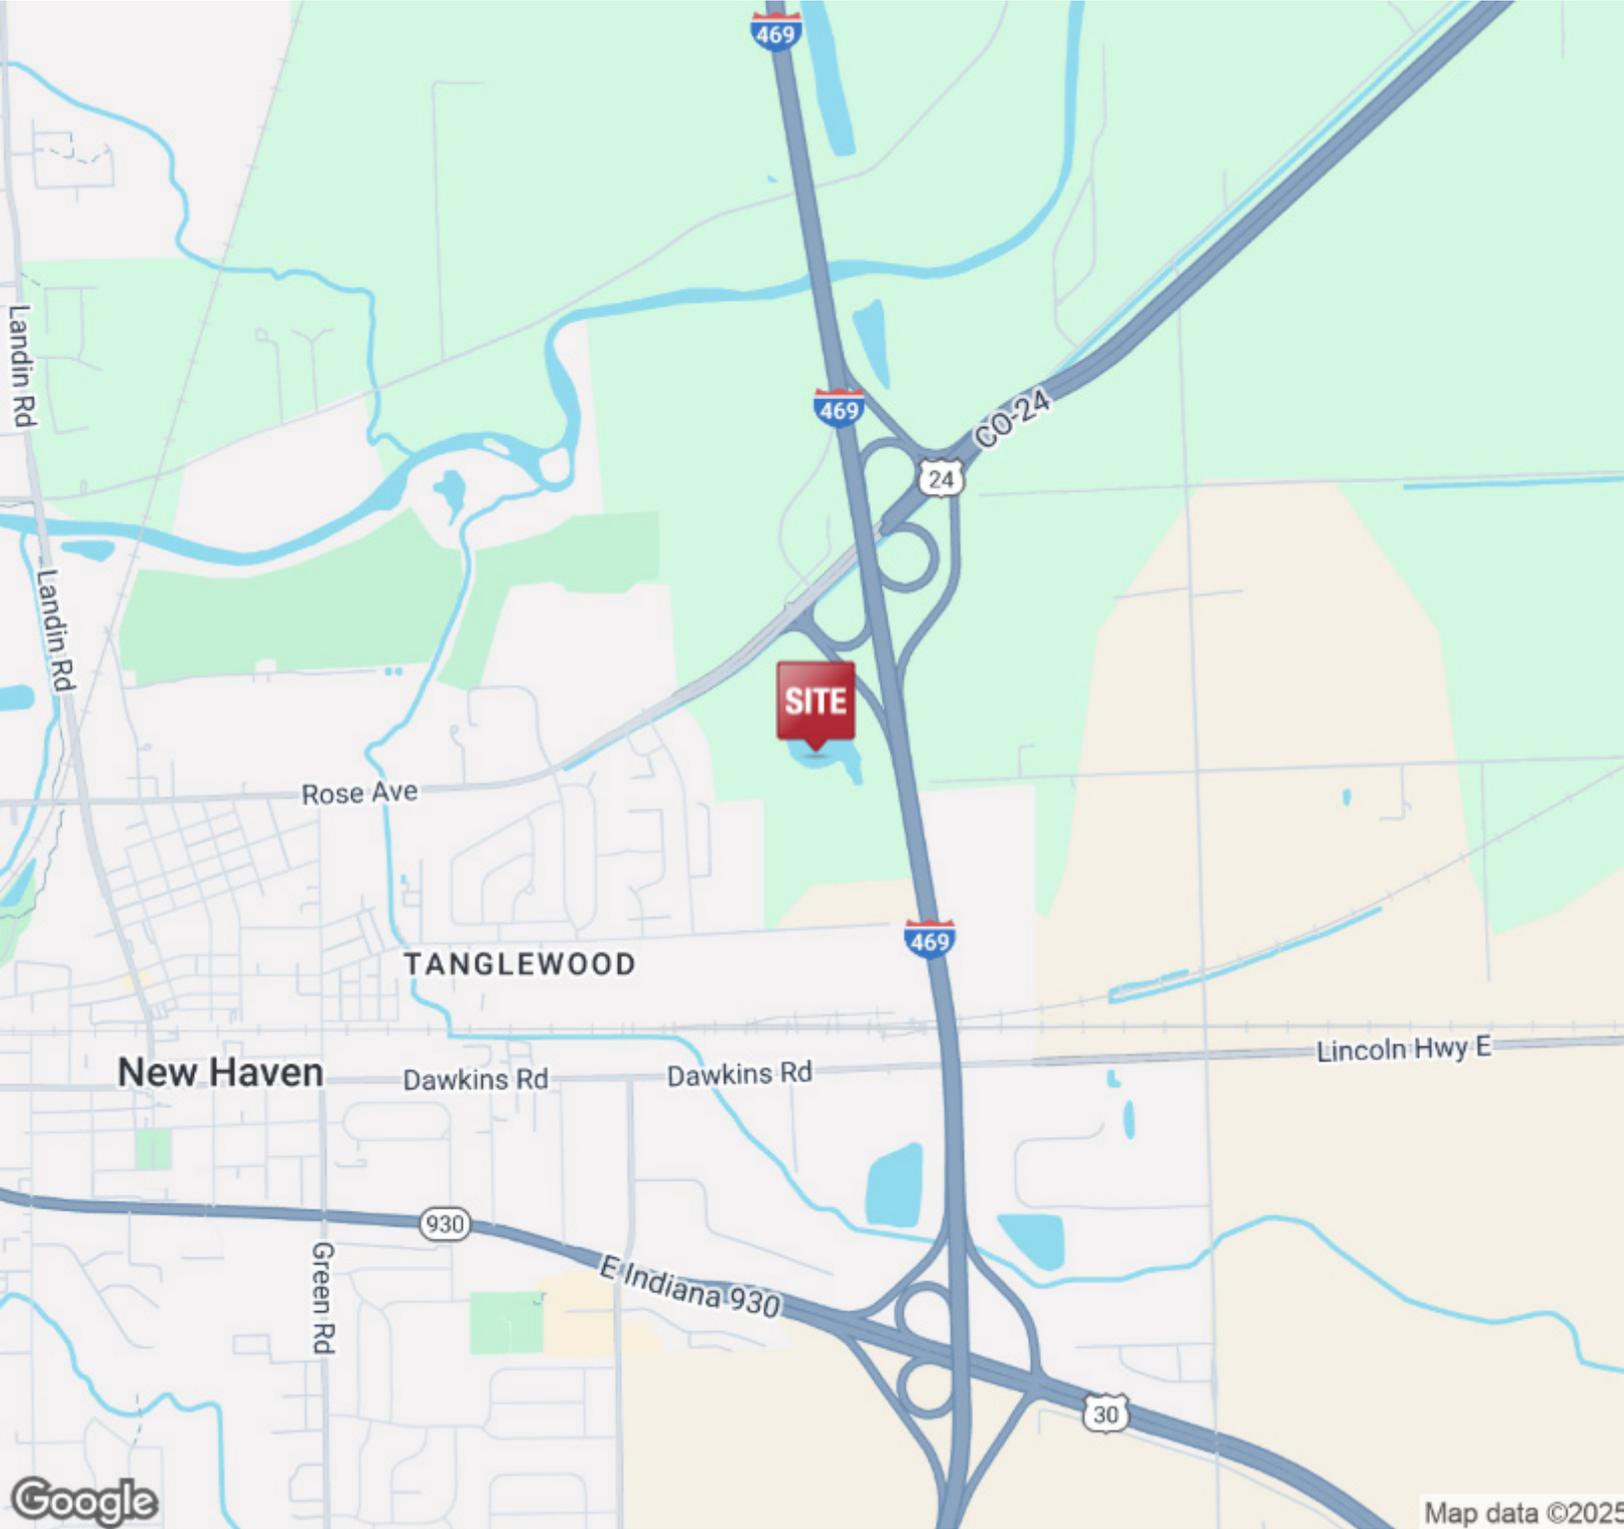

The proposed Nucor Building offers a flexible build-to-suit industrial opportunity ranging from 120,000 to 160,000 square feet, designed to accommodate a variety of manufacturing, warehousing, or distribution uses. The facility will include 5,886 square feet of office space and feature a 30-foot clear ceiling height, providing efficient storage and operational flexibility.

The building is designed for modern industrial operations with six loading docks, two 12' x 14' overhead doors, ample heavy power, and durable 6-inch concrete floors. An ESFR fire sprinkler system will support high-piled storage and safety requirements.

Delivery is anticipated on October 15, 2026, providing tenants the opportunity to secure a high-quality industrial facility tailored to their operational needs.
