# The Funk Zone

## Santa Barbara's Unique Arts, Dining & Industrial District

Over the past decade Santa Barbara's Funk Zone has exploded into a contemporary sub-culture of artisan shops, galleries, hip eateries, award-winning microbreweries, craft distilleries, and the Urban Wine Trail with 29 wine tasting rooms all within walking distance. Perfectly situated in Santa Barbara's up-and-coming waterfront just footsteps from the beach, Stearns Wharf and the city's famed downtown, this mixed use neighborhood encompasses approximately 16 square blocks adjacent to State Street, the main commercial thoroughfare through the city, and is easily accessible off the 101 freeway and the Amtrak station.

Don't be deterred by the name; the area doesn't have a funk so much as it has a vibe. The Funk Zone delights visitors and locals with its rich tapestry of historical marine structures, industrial lots and old houses which support a colorful mixture of creative uses and give the zone its face, while its occupants that reside and work there embody its eclectic soul. With a spirit for innovation and community, the neighborhood offers the best that Santa Barbara has to offer wrapped in an eclectic, dynamic package. Artists, winemakers and chefs have taken up shop in aged warehouses and forgotten scuba shops, transforming the zone into an understated array of hidden hot spots.

Indeed the Funk Zone offers the perfect contrast to the pristine red tile roofs and charming Spanish-style architecture of Santa Barbara's historic downtown. Minus the polish and plus some grit, the Funk Zone has its own distinctive brand of charm. Filled with sightseers and locals, the Funk Zone offers the ultimate sense of discovery as it continues to evolve and get better as ever more businesses crop up in the 'hood.
