

Hybrid work solutions for Enterprises

As the world's leading workspace provider, IWG helps over 8 million people work hybrid and simplifies for businesses the transition to a flexible working model. We develop these workspace solutions for the world's largest companies – including 83% of the Fortune 500.

How working hybrid impacts...

People

- ✓ Increased productivity
- ✓ Talent acquisition and retention tool
- ✓ Boosts employee happiness and wellbeing
- ✓ Work / life balance

82% of surveyed employees said hybrid had made them happier and more motivated

SOURCE: Cisco Hybrid Working Study 2022

Profit

- ✓ Reduced OpEx
- ✓ Reduced CAPEX investment
- ✓ Transparent workspace costs
- ✓ Universal account
- ✓ Consolidated bill
- ✓ Maximum value
- ✓ Scalability per business needs

Cisco saved **\$500M** in the last 5 years due to a shift to hybrid working

Source: IWG Hybrid Bonus Whitepaper, Dec 2022

Planet

- ✓ IWG's workspaces are carbon neutral
- ✓ Lower commute time (locations closer to home)

Hybrid working can reduce local carbon emissions by up to **87%**
