# PROPERTY SUMMARY

Located in the heart of the Richmond CBD at the south-east corner of 8th and Main Streets, the Wytestone Plaza office building is situated just one block from the Virginia State Capitol and within a short walk of the Greater Richmond Convention Center, the Richmond Coliseum, Virginia Commonwealth University, and VCU Health Systems. The building has been continuously held and operated by current ownership for approximately two decades.

Joined by an internal curved staircase, the top three floors of Wytestone Plaza are currently available, representing one of the single largest contiguous blocks of available office space in downtown Richmond; each of these Floors 16, 17 and 18 contain approximately 15,900 square feet, for a total of 47,717 square feet, and offer excellent views of a whitewater stretch of the James River and downtown Richmond. Suites of approximately 2,000-5,000 sf are available on the 3rd floor. Larger suites up to 12,585 sf can be provided or demised on the 5th or 10th floors. Second-generation "plug & play" office suites are available to accommodate accelerated occupancy needs. Street-level retail suites of 2,000-4,266 sf can be provided or demised on the first floor, including a former bank-branch location at the corner of East Main and 8th Streets.

Building amenities within Wytestone Plaza include a spacious lobby on Main Street with 24-hour on-site security, adjacent and under-building parking, an exercise facility complete with locker rooms and showers, and a building conference facility.

## SURROUNDINGS

Downtown Richmond is served by a full complement of residential condominiums and apartments, restaurants, bars and hotels to suit any taste and budget. Located within convenient walking distance, the historic Shockhoe Slip and Shockhoe Bottom areas are renowned for entertainment and nightlife. The CBD is home to Richmond's Canal Walk, a scenic and historic walkway that winds along the banks of the Haxall Canal and James River and Kanawha Canal.

## SUPERIOR ASSET QUALITY

During the past decade ownership of Wytestone Plaza has pursued an aggressive building improvement program which has included capital improvements exceeding \$20 million. These improvements include an upgraded lobby, new exterior windows, a new "smart" HVAC system, new interior and bathroom finishes, modernized elevators, and efficiency enhancements involving both plumbing and electrical systems. The end result of this renovation program is an attractive and highly-efficient building with consistently low operating expenses relative to other buildings in its class located within the CBD.
