## Industrial Investment Offering | East Tampa | 1020-1030 S 86th Street | Tampa, FL 33619

Lamm Properties Inc. is pleased to present a 100% leased, two-building industrial investment totaling 28,230 SF in Tampa's highly sought-after East Tampa industrial corridor. The property offers stable in-place income, contractual rent growth, and supplemental billboard revenue within a supply-constrained infill market.

The asset consists of two freestanding industrial buildings with prominent frontage along the Lee Roy Selmon Expressway. Both buildings are leased on a NNN basis with annual escalations, providing predictable cash flow and built-in NOI growth. Ancillary billboard income further enhances overall yield.

Ownership has invested approximately \$500,000 in recent capital improvements, resulting in a well-maintained, institutional-quality asset with limited near-term capital needs. The property features functional clear heights, grade-level loading, heavy power, and flexible industrial layouts suitable for a wide range of tenants.

Strategically located with immediate access to I-75, I-4, US-301, SR-60, and Port Tampa Bay, and situated within an Opportunity Zone, this offering represents a compelling stabilized industrial investment with durable income and long-term upside.

## Floor Plans

### Floor Plan Overview | Investment Context

The property consists of two freestanding industrial buildings that provide diversified, in-place income with functional layouts designed to support long-term tenant retention and re-tenanting flexibility.

#### Suite 1 – 1030 S 86th Street (Fully Leased):

- Approximately 10,786 SF of fully leased, income-producing space
- 5-year lease in place with expiration in 2030
- Clear heights ranging from approximately 16'6" to 21'4", accommodating a wide range of industrial, manufacturing, and service-oriented users
- Efficient floor plan supports clean operational flow, flexible racking or equipment layouts, and minimal loss factor

#### Suite 2 – 1020 S 86th Street (Fully Leased):

- Approximately 17,444 SF of fully leased, income-producing space
- 5-year lease in place with expiration in 2031
- Functional warehouse configuration with wide clear spans and efficient column spacing
- Two-story office component positioned at the front of the building, allowing clear separation between office and warehouse operations
- Grade-level loading strategically located to support drive-in access, staging, and efficient circulation
