MILES OF TRAILS

The Mill at Broadway is one of the most transformative development projects in urban Sacramento. Before Downtown had high-rises, before Broadway was Broadway, before hops farms were transformed into Land Park, a young man opened a sawmill. Nestled on the southern border of downtown where the river curves and heads south, this sawmill brought new life to the region. The warm rich smell of pine and the bright metallic whir of saw blades flourished. There, they turned the raw felled trees

of the Sierra Nevada into fruit crates that travelled the world. These crates were filled with tomatoes, almonds, pears, asparagus, peaches, and much more. Some crossed the country by train, others ventured to Europe by boat, and many filled the tables of Sacramento homes. As time progressed, Sacramento's grid filled out and Land Park spread north to meet it at Broadway. The sawmill began to evolve, making door and window frames, then lumber and ornate crown molding, and

the company continued to grow. Today, The Mill at Broadway completes the metamorphosis as beautiful new homes inherit the sawmill's site. Like the final piece in a jigsaw puzzle, it weaves the grid and Land Park communities back together bringing a sense of completeness and renewed life. In total, The Mill at Broadway has more than 470 for sale homes and numerous shared amenities creating a Sacramento landmark community.

THE LOCATION

BROADWAY IS SACRAMENTO'S NEXT MAJOR DOWNTOWN CORRIDOR

On the cusp of Land Park and Southside Park neighborhoods, but soon to be a destination all its own, Sacramento's East Marina district, as a portion of the Broadway Corridor, is coming alive. Several key investment/developments have been made nearby and the path of progress is beginning

to accelerate. The street improvement program, the Broadway/WestSac Bridge, development of numerous high-end mixed-use projects and new retail/restaurant amenities are all helping to breathe new life into this iconic blvd. City Councilman Steve Hansen says he sees

Broadway as the next major downtown corridor to modernize now that K Street and R Street are maturing corridors. "The opportunities really abound here" Hansen said.

NEARBY REDEVELOPMENT PROJECTS

Below are some of the exciting developments and amenities advancing the greater Broadway region and the entire urban core.

GREAT FOOD

Broadway is home to an eclectic and multicultural culinary scene with some of the most-loved restaurants in Downtown Sacramento, some with a long and unique local history. These include Tower Café, Willie's Burgers, Iron Steakhouse, Jamie's Broadway Grille, and other Ethiopian, Thai, Indian, Japanese, Vegetarian, and Mexican restaurants. Just off Broadway down Riverside Avenue, you will find old favorites like the Riverside Clubhouse and Vic's Ice Cream, as well as new up-and-coming places like Massulo Pizza.

BROADWAY BRIDGE

The Broadway Bridge is a government-led improvement that will connect Broadway to West Sacramento over the Sacramento River. This will allow convenient walkable access to the various amenities available in West Sacramento.

SELLAND'S MARKET CAFE

Selland's Market Cafe – a Sacramento favorite – opened their Broadway location in late 2017. This provides an additional place to eat and enjoy along Broadway, just a short walk or ride from the subject property. Whether dining in or bringing food back home, Selland's is sure to impress.

WEEKLY FARMERS MARKET

Sacramento's largest weekly farmers market is held right off of X Street in the Broadway Corridor. A unique selection of items are available, including: the finest fruits, vegetables, baked goods, flowers, herbs, juices and cheeses.

PEDESTRIAN IMPROVEMENTS

The city has plans to narrow the busy thoroughfare from two lanes in each direction to one with center turn lanes in order to slow traffic and encourage a main-street feel where people can ride bikes and restaurants can use the sidewalks to create patio seating. The early reaction among business, property owners and nearby residents has been largely positive.

BROADWAY REDUX PHASE I & II

Local infill builder Indie Capital is nearing completion of Phase II of their Broadway Redux project, a 9-home urban infill project. They are completing the remaining 5 units and have sold out prior to completion. Designed by Johnsen Schmalig Architects., the award-winning designs are helping to bolster the Broadway corridor as an exciting place to be.

ONYX BOUTIQUE APARTMENTS

Directly north of (and essentially adjacent to) the subject property is ONYX, a new 41-unit boutique apartment development that features modern design, a community courtyard for gathering, and is tailored to foodies and urban enthusiasts.

THE TOWER THEATRE

The Tower Theatre is one of Sacramento's most iconic landmarks that opened its doors in 1938. More than 75 years later, it is still the premier place to catch some of the best independent and foreign films within 100 miles.

1817 BROADWAY

Local developers will develop a 74 unit over 8,500 square feet of retail mixed-use development at the northwest corner of 19th and Broadway.

16TH AND BROADWAY

Local developer Jon Gianulias plans to construct a five-story, 60,00 square foot mixed-use development on the iconic corner where Tower Records used to be. This project includes 14,205 square feet of retail space and 53 multi-family units.

1901 BROADWAY

Bay Area-based affordable housing developer EAH Housing has submitted plans for two five-story buildings at 1901 Broadway, with 150 apartments and about 1,700 square feet of retail space.
