

Industrial/Flex Space For Lease

13320 E BRIARWOOD AVENUE, CENTENNIAL, COLORADO 80112

Overview

This newly constructed 8,000 SF CMU block building combines modern functionality with a clean, professional exterior presence. The property can be configured as a single 8,000 SF facility or demised into a 3,000 SF and 5,000 SF unit, providing flexibility for users and growing businesses seeking scalable space.

Built with long-term performance in mind, the structure features durable concrete masonry unit (CMU) construction, 3 phase power and (3) 14 ft overhead doors to support efficient loading, storage, and operational flow. The flexible layout allows for a variety of industrial, warehouse, light manufacturing, showroom, and office/warehouse uses.

Located within BP-50 zoning, the property supports a broad range of business applications, making it ideal for contractors, service companies, distribution users, and light industrial operations. Its strategic Centennial location provides convenient access to major thoroughfares and surrounding population centers throughout the Southeast Denver metro area.

Opportunities to secure new-build flex/industrial product in Centennial are limited. 13354 E. Briarwood Avenue delivers modern construction, flexible configuration, and a premier business location in one clean, efficient package.
