ABOUT BINGHAMTON UNIVERSITY

Binghamton University, part of the State University of New York system, has established itself as one of the nation's most selective and respected public institutions. The university recently received a record 74,725 applications, admitting only about 38 percent of students, a rate comparable to many Ivy League schools (*1). This surge in demand reflects its rising prestige and strong draw for both in-state and out-of-state students.

National rankings reinforce Binghamton's standing. U.S. News & World Report ranks it the #34 best public university and the #1 best value public university in New York (*2). Forbes named Binghamton one of the Top 25 Public Colleges in America, the only New York institution on the list (*3). Academic programs in engineering, nursing, and computer science continue to climb in national recognition, while graduate programs across disciplines consistently rank among the nation's top 100.

Beyond rankings, Binghamton has become a "dream school" for many students, recognized for combining academic rigor, career outcomes, and affordability (*4). Its ability to deliver elite-level education at a public price point makes it a magnet for ambitious students nationwide.

For investors, Binghamton's growth translates directly into sustained housing demand. The university's selective admissions, expanding programs, and national recognition ensure a steady pipeline of students seeking high-quality, off-campus living options — reinforcing the strength of the local student housing market.
