## THE OFFERING

Moses Tucker Partners has been exclusively retained to solicit offers to acquire the fee-simple interest in the Holiday Inn Presidential Downtown Little Rock, located at 600 I-30, Little Rock, Arkansas (the "Holiday Inn," "Hotels," "Asset," or "Property").

Situated on the west side of I-30, the eight-story Holiday Inn is prominently positioned at the newly improved East 6th Street Exit, providing direct access and visibility to downtown Little Rock. This strategic location is ideal for visitors and motorists traveling along I-30 and I-40, offering convenient access to nearby corporate and government offices, universities, medical facilities, convention centers, and arts and entertainment attractions.

The Holiday Inn is subject to a long-term license agreement with IHG (Holiday Hospitality Franchising, LLC).

**As the staff is not aware of the sale, please do not visit the property without an appointment and maintain full discretion.**

### Holiday Inn

The Holiday Inn offers 150 guestrooms housed in an eight-story, concrete building, situated on two parcels totaling 2.06 acres. Acquired by ownership in March 2019, the Hotel underwent a \$1.6 million renovation, or \$8,700 per room, from fall 2019 through August 2023. The Holiday Inn's guestrooms feature the brand's prototypical FF&E package. The Property offers a Camp David restaurant/bar, an outdoor pool, fitness center, and two meeting rooms with 3,100 square feet of event space. The Hotel offers surface parking and one level of underground parking. The Holiday Inn license expires on March 26, 2034, and the change of ownership PIP will be minimal.

# INVESTMENT & MARKET HIGHLIGHTS

## Premier Interstate Visibility

Located along Arkansas' busiest stretch of I-30 (136,000 vehicles per day), the Holiday Inn benefits from exceptional visibility and accessibility in the heart of downtown Little Rock.

## Robust Guest Offerings

The Holiday Inn offers expansive meeting and event space, underground and surface parking, and a full suite of brand-standard amenities, catering to business, group, and leisure travelers alike.

## Walkable Downtown Location

Ideally situated next to the Little Rock Visitor Information Center and within walking distance to the River Market District, the East Village District, the newly reimagined Arkansas Museum of Fine Arts (\$150M renovation), and the Clinton Presidential Library.

## Proximity to Major Demand Drivers

The hotel is near the Little Rock Convention Center, currently on pace for a record-breaking year, and just a short shuttle ride from the Clinton National Airport, Simmons Bank Arena (Arkansas' premier entertainment venue), and UAMS Medical Center (the state's leading medical research and care institution). It is also approximately one mile from the Robinson Center, a world-class concert and performing arts venue, as well as a state-of-the-art meeting facility located in the heart of downtown Little Rock.

## Surrounding Growth & Development

Significant nearby projects include the Clinton Presidential Library expansion (Hillary Rodham Clinton Library and Institute), the Windgate Artspace Campus, Southern Tail Brewery, and the Interstate 30 Deck Park – a transformative green space project reconnecting downtown across I-30.

## Compelling Investment Metrics

Offered well below replacement cost with an attractive in-place yield, the Holiday Inn represents a rare opportunity in a high-barrier, revitalized urban core.

## NEIGHBORHOOD DEVELOPMENTS

Private and public investments on both sides of Interstate 30 continue to uplift the neighborhoods surrounding the Holiday Inn. Since the opening of the Clinton Presidential Library in November 2004, the area has seen significant growth—from the rise of the East Village dining, bar, and brewery scene to the transformation of the Arkansas Museum of Fine Arts. These cultural anchors have positioned the neighborhood as a growing arts and entertainment hub.

The 30 Crossing project, a \$600 million overhaul of I-30 and I-40 through downtown Little Rock and North Little Rock, was substantially completed in late 2024 with a new 10-lane bridge over the Arkansas River and major interstate realignments. The project also unlocked approximately 19 acres of developable green space adjacent to the Clinton Presidential Center. Future phases of the plan envision improved pedestrian and bicycle connections, expanded access into East Village, and better integration with the surrounding riverfront.

At the Clinton Presidential Center, plans for a significant expansion are underway, highlighted by the addition of the Hillary Rodham Clinton Institute, which will house her archives and provide a hub for nonprofit and advocacy activities. Officials have also emphasized the need to refresh existing exhibits and technology, as well as expand community-oriented spaces, though a construction timeline has not yet been released.

The City of Little Rock is also advancing its Downtown Master Plan, a comprehensive strategy to guide growth and redevelopment over the next 10–20 years. The plan emphasizes improved walkability, housing, entertainment, and cultural attractions, alongside the reuse of land freed by the 30 Crossing project. Together, these initiatives are expected to accelerate downtown's transformation into a vibrant, mixed-use district.

Other notable developments in the neighborhood include:

- The Windgate Artspace Campus, the renovated Arkansas Museum of Fine Arts, and the growing East Village entertainment district.
- Southern Tail Brewery and other local businesses are anchoring the area's evolving identity.
- The proposed Interstate 30 Deck Park, envisioned to cap I-30 and connect neighborhoods and hotels, remains in planning with no confirmed timeline.

# INVESTMENT NARRATIVE

The Holiday Inn Presidential has long been considered Little Rock's flagship IHG property. It is fully renovated, with no brand-mandated PIP, and holds the **number one ranking on TripAdvisor**. TripAdvisor guest reviews currently rank the property at 4.9 out of 5 stars. Guests consistently recognize it as the city's best stay, and corporate QA scores confirm that reputation with a 96 rating. In a market where many hotels wrestle with deferred maintenance or middling reputations, this one stands alone as the clear leader.

The hotel sits in the heart of downtown Little Rock, at the center of a wave of redevelopment. The Clinton Library is expanding, the waterfront is being re-energized, and the Argenta district continues to grow as a cultural hub. The city is actively investing in infrastructure—new boulevard systems, trail connections, and port entry improvements—all of which direct demand directly past this property. Civil and political leadership are aligned behind these projects, which means the tailwinds for future growth are strong and sustainable. This hotel offers a combination rarely found in the market: it is the only fully renovated, no-PIP, number-one-ranked hotel in Little Rock. It is a resilient flagship with a clear path back to full revenue strength and a premium position in a market on the rise.

# FINANCIAL OVERVIEW & PERFORMANCE

## Franchise, Royalty & Loyalty Fee

### BACKGROUND

Acquired in March 2019, the Holiday Inn is owned and operated by CSK Hotels ("CSK") of Fort Smith, Arkansas. The Hotel's proximity to the Comfort Inn & Suites allows the Properties to complex the GM, DOS, Food & Beverage Manager, and Engineer.

Complexing between the two Properties results in strong revenue and profitability. For the TTM period ending November 2023, the Holiday Inn posted occupancy, ADR, and RevPAR at 80.9%, \$83.72, and \$67.69, resulting in total revenue and NOI of \$4,718,867 and \$973,902, respectively, or a 20.6% margin.

Note that Leisure Hospitality LLC, the ownership entity for the Comfort Inn, owns the parking lot at the Holiday Inn. The previous owner subdivided the parking lot parcel to sell it separately from the Hotel – they never did. When CSK assumed the CMBS loan, they were not allowed to add the parcel to the existing Holiday Inn loan, so technically, the Comfort Inn owns it. The parking lot is included in the sales price.

## Investment Highlight – AT&T Cell Antenna Lease

The AT&T rooftop cell antenna lease at the Holiday Inn represents a valuable income stream, generating over \$64,000 annually (\$4,171.49 monthly plus ~\$1,200/month in electric reimbursement). These types of leases are highly sought after, with specialized companies actively acquiring them for lump-sum payouts. The most recent offer for this lease reached \$780,000, underscoring its significant market value and the strong demand for investment-grade, passive income opportunities. The Buyer can utilize the payouts to pay down the mortgage balance or simply set it aside for other uses.
