RENOVATIONS & UPGRADES: 2022

PROPERTY OVERVIEW

Welcome to this multi-faceted business and real estate opportunity with three independent but complementary businesses on one very large parcel. The owners invested \$200,000 to completely remodeled every aspect of the three operations, raising everything to top-tier quality with a clean and inviting esthetic. The lot has open space to allow expansion of existing operations or to build additional facilities. In addition to the great location near several communities and close to a major route, it has become a local attraction for ice cream. It is currently a hands-off operation for the owners, using a full-time employee manager and mainly part-time staff. The operation currently opens after school, 4 days a week in the early and late season, and then full-time, 7 days a week during the summer months. It could be operated a full 7 days a week for the entire season, with the ice cream shop open year-round (ask for the pro-forma to see the impact).

BUSINESS / Batting Cages

The entire batting cages facility was upgraded with high-quality netting and the latest in pitching machines by industry experts and professional installers. Local teams and top players appreciate the 4 cages with lights, which allows for extended evening hours and simulated game conditions. In conjunction with the mini-golf course, they operate from the on-set of warm weather (typically April) through the warmer days of November.
