**NOTES:** The results below apply to the sample(s) as received. Total Surface Area Sampled is provided by client; this information can affect the validity of results. Laboratory results meet quality control standards. The sample results have not been corrected for blanks. This report cannot be reproduced, except in full.

| Sample ID    | Client Sample ID | Location Sampled | Component Sampled | Dimensions of Surface Sampled | Total Surface Area Sampled (ft <sup>2</sup> ) | Result | Units              |
|--------------|------------------|------------------|-------------------|-------------------------------|---|--------|--------------------|
| 230317004.01 | 23-011-B4        |                  | Field Blank       |                               |   | < 10   | ug/wipe            |
| 230317004.02 | 23-011-B5        | Back Door        | Floor             |                               | 1.0   | 160    | ug/ft <sup>2</sup> |
| 230317004.03 | 23-011-B6        | Front Door       | Floor             |                               | 1.0   | 120    | ug/ft <sup>2</sup> |
