

## THE PRIVATE SPACES

### THE OWNER'S QUARTERS

The private space here at Captain Nickels is comprised of the inn's kitchen and a large office off the kitchen with a private entrance off the parking lot. On the third floor is the owner's suite, with heat pump AC, large bedroom/living room, walk-in closet, newly renovated bathroom with vanity, beautiful decorative tile and glass shower and a fantastic decorative floor. The suite features a row of windows overlooking the gardens as well as looking toward the water. There's also a small office/multipurpose space just outside the quarters.

## BEHIND THE SCENES

Captain Nickels has two kitchens: one INN kitchen and one CATERING kitchen, which comes in handy for hosting events. It also comes in handy simply for extra storage or prep space.

There is both interior and exterior private access to both kitchens.

This is the inn's kitchen. It's a wonderful space with private access and plenty of space. There are granite counters, electric Whirlpool range, Bosch dishwasher, Whirlpool refrigerator. The kitchen has a lovely residential feel which is quite nice should you welcome guests into your kitchen!

This is the catering kitchen, fully equipped with a Sunfire gas range, Hobart dish washing system, Samsung Refrigerator, Arctic Air Refrigerator and Blue Air Ice Machine.

Captain Nickels has a fantastic and well lit laundry 'station' in the very tidy basement (with plenty of head room), with 6 SETS of washers and dryers, a very large folding table, plenty of storage shelving and situated over a newly laid vinyl floor.
