PORT OF VIRGINIA
NEW CLASS A LIGHT INDUSTRIAL

**A CLASS A GLOBAL
GATEWAY**

PORT OF VIRGINIA & REGIONAL INFRASTRUCTURE UPGRADES

DEEP WATER. MODERN TERMINALS. GLOBAL REACH.

- **55 foot deep channels** — the deepest on the East Coast, enabling next generation vessel access
- **Fully widened channels** supporting two way Ultra Large Container Vessel (ULCV) traffic
- Channel deepening **delivering February 2026**

ULCV READY TERMINAL CAPACITY

- Four active ULCV berths (two each at NIT and VIG)
- Fifth ULCV berth under construction at NIT North (2027 delivery)
- Modern, ULCV-capable ship-to-shore crane infrastructure supporting simultaneous processing of multiple large vessels
- Highly automated terminal operations designed for speed, reliability, and scale

A STRATEGIC ADVANTAGE FOR PHENIX COMMERCE CENTER USERS

Designed to support high volume, global distribution operations:

- Direct interstate connectivity to all ULCV berths
- Minutes to NIT, VIG, and Newport News Marine Terminal
- Scalable infrastructure for large occupiers and 3PL users
- Recognized as America's Most Modern Gateway

INCREASE SPEED TO MARKET

Phenix Commerce Center is positioned within one of the East Coast's most significant transportation investment corridors:

- \$3.9 billion Hampton Roads Bridge Tunnel expansion, enhancing regional capacity and connectivity, scheduled for completion February 2027
- I-64 Southside widening completed in 2024, improving traffic flow and interstate access

Together, these investments reduce congestion, enhance freight mobility, and accelerate outbound distribution throughout Hampton Roads and beyond.
