Founded in 1992 by brothers Dane and Travis Boersma in Grants Pass, Oregon, Dutch Bros began as a single pushcart and has since scaled into a public company with over 950 locations across 17+ states – and a target to reach 4,000+ stores nationally in the coming years.

Dutch Bros specializes in handcrafted coffee, energy drinks, teas, and cold brews, all served through highly efficient, customer-first drive-thru-only locations. Their real estate model focuses on freestanding sites with excellent access, visibility, and traffic flow – making them a prime anchor tenant in fast-growing suburban and commuter markets.

Dutch Bros Accelerates East Coast Expansion with Clutch Coffee Acquisition

Source: *Dutch Bros to Acquire Drive-Thru Chain Clutch Coffee* (QSRMagazine.com)

As competition intensifies in the QSR beverage sector, Dutch Bros is leaning into disciplined, high-return expansion. The company recently agreed to acquire Clutch Coffee Bar, a 20-unit, drive-thru-focused coffee chain operating across North and South Carolina. While financial terms were not disclosed, the strategic implications are clear: Dutch Bros is fast-tracking density in a region where it previously had minimal footprint.

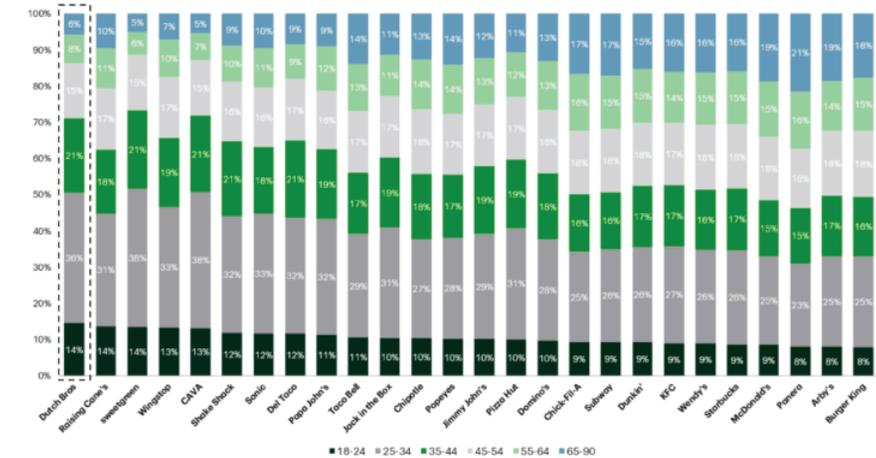

All Clutch Coffee locations will temporarily close, undergo renovation, and reopen as Dutch Bros shops—instantly giving the brand scale in the Carolinas, where it currently operates just two locations. The acquisition provides immediate market penetration, trained teams, and real estate positioned for speed-of-service execution, eliminating years of organic rollout risk.

Founded in 2018, Clutch Coffee built its brand around culture, customer engagement, and operational speed—values deeply aligned with Dutch Bros’ people-first ethos. Clutch CEO and cofounder Darren Spicer, a former Dutch Bros barista and franchise trainee, described the transaction as a “full-circle moment,” emphasizing shared leadership values, community focus, and service intensity.

From a growth perspective, the timing is deliberate. Dutch Bros continues to post industry-leading performance metrics, including 5.7% same-store sales growth, sustained positive traffic trends, and systemwide AUVs exceeding \$2.08 million. The company exited Q3 with 1,081 locations, more than doubling its footprint since reaching the 500-store milestone in 2021.

Looking ahead, Dutch Bros is targeting 2,029 shops by 2029, with a long-term vision exceeding 7,000 units nationwide. Acquisitions like Clutch Coffee highlight a pragmatic expansion strategy—pairing ground-up development with selective, culturally aligned conversions to accelerate growth without sacrificing brand consistency.

- Youth-Weighted Customer Base - Dutch Bros over-indexes with 18-34-year-old consumers, significantly outperforming traditional QSR beverage peers and positioning the brand for long-term demand durability.
- High-Frequency, Loyalty-Driven Traffic - Strong engagement among younger, routine-oriented customers supports repeat visitation, mobile ordering adoption, and consistent daily throughput.
- Demographics Aligned with Drive-Thru Growth - The brand's age profile aligns with vehicle-dependent, commuter-driven markets—supporting elevated AUVs and sustained traffic in suburban and secondary trade areas.

GATEWAY PLAZA DEVELOPMENT

Gateway Plaza Redevelopment & New Credit Commitments

Gateway Plaza: Major Retail Repositioning & New Institutional Investment

Gateway Plaza is undergoing a comprehensive redevelopment that is transforming a formerly underutilized retail center into a modern, national-tenant-anchored shopping destination serving Fort Pierce and the greater Treasure Coast. Strategically located at the high-traffic intersection of U.S. 1 and Virginia Avenue, the ±14.2-acre center—owned by Time Equities Inc.—is being extensively renovated and re-tenanted with a strong roster of nationally recognized brands, including Starbucks, Ross Dress for Less, Burlington, Planet Fitness, Five Below, Bravo Supermarkets, dd's Discounts, and America's Best Contacts & Eyeglasses. The redevelopment represents a significant reinvestment in a corridor that has long lacked modern retail options and is designed to meet strong pent-up demand for value-oriented, necessity-based shopping. Planned capital improvements include a contemporary new façade, full repair of retail bays, roof replacements, resurfaced parking areas, upgraded drainage infrastructure, enhanced landscaping, and expanded parking capacity—substantially improving the center's functionality, visibility, and overall shopper experience.

In addition to the revitalized strip center, Gateway Plaza features multiple pad sites anchored by an operating Wawa, a new Starbucks pad, and a newly planned Chase Bank branch, further strengthening the project's credit profile and daily traffic drivers. The addition of a national financial institution underscores growing institutional confidence in the redevelopment and reinforces Gateway Plaza's role as a service-oriented retail hub catering to both residents and commuters. Together, these public and private investments are expected to materially increase traffic volumes, stabilize long-term occupancy, and position Gateway Plaza as one of the most significant retail revitalizations in Fort Pierce—supporting sustained economic growth and long-term demand within the surrounding trade area.

NEW DEVELOPMENTS

Marina Square: Waterfront Development Revitalizing Downtown Fort Pierce

Source: MarinaWorld – “Fort Pierce Marina Square Design Unveiled” (MarinaWorld.com)

Marina Square is a 5.9-acre public waterfront redevelopment designed to reconnect the Fort Pierce City Marina, Indian River Lagoon, and downtown core through enhanced pedestrian circulation, flexible public gathering spaces, and year-round programming. The project incorporates expanded docks, a continuous riverfront promenade, open lawns, shaded groves, and community amenities intended to support consistent visitation and activate the waterfront beyond seasonal or event-driven use. Closely integrated with the historic Fort Pierce City Marina, Marina Square serves as a central component of the City’s Downtown Master Plan, reinforcing Fort Pierce’s position as a regional destination for recreation, tourism, and community engagement while driving sustained foot traffic and increased demand for nearby retail, dining, and entertainment uses.

Major Mixed-Use Redevelopment Advancing Downtown Fort Pierce

Source: Fort Pierce’s \$155M King’s Landing Redevelopment Moves Ahead” (ConstructConnect.com)

King’s Landing is a \$155 million, 7.5-acre mixed-use waterfront redevelopment representing one of the largest private investments in downtown Fort Pierce. The project will deliver a 140-room luxury hotel under the Marriott Tribute Portfolio, along with residential units, restaurants, retail space, and structured parking through a phased construction schedule anticipated to be completed by 2029. Following the City’s approval of a revised site plan, the redevelopment has regained momentum and is positioned as a critical anchor within Fort Pierce’s broader downtown revitalization strategy. Upon completion, King’s Landing is expected to meaningfully increase population density, tourism activity, and walkability in the urban core—supporting long-term demand for surrounding retail, food-and-beverage, and service-oriented uses.

FORT PIERCE, FL – MARKET CHARACTERISTICS & DEMOGRAPHIC PROFILE

These fundamentals generate consistent daily consumer activity and support long-term demand for convenience-oriented retail concepts.

STRATEGIC LOCATION & CONNECTIVITY

Fort Pierce benefits from direct access to I-95, nearby Florida’s Turnpike connections, and U.S. Highway 1, providing seamless north-south connectivity throughout the state. These major corridors support strong visibility, convenient access, and consistent daily traffic from both residents and regional travelers. Proximity to residential neighborhoods, employment centers, and coastal destinations further enhances drive-thru visit frequency throughout the day.

RETAIL RESILIENCE & ACTIVE SERVICE DEMAND

The Treasure Coast maintains a resilient retail environment driven by vehicle-dependent consumers, steady tourism activity, and ongoing residential growth. Drive-thru concepts benefit from strong morning and afternoon traffic patterns, limited saturation, and consistent year-round demand. These dynamics support high transaction volumes and repeat visitation for specialty beverage operators.

WORKFORCE & MARKET MOMENTUM

Fort Pierce continues to experience population growth fueled by in-migration from higher-cost South Florida markets. A growing workforce, expanding healthcare and education presence, and continued residential development reinforce both weekday and weekend demand.
